

Dear Parents and Students,

August 2016

What a pleasure it is to welcome students and parents to Northlake Elementary: A School of Excellence. The teachers and staff join me in saying we are happy to have you as part of our learning community. Northlake has an exceptional teaching staff with a wealth of knowledge and ability. We also have an outstanding support staff that work in different capacities to support your child's learning. We know this will be a successful and productive year for you and your student.

We are using this handbook as a means of communicating between the home and school. There are many policies, regulations, and services discussed in these pages. Please read and keep this book readily available throughout the year. The information in this handbook is also available on the Northlake Elementary School website which can be accessed at [www.tooeleschools.org](http://www.tooeleschools.org).

We have tried to anticipate many of your questions and have answered them in some detail in this handbook; however, we are always available to clarify any school matter. Our school phone number is 435-833-1940.

Close cooperation between the home and school is essential to promote the best interests of the child. Parents are encouraged to visit the school and to attend scheduled meetings between parents and teachers. It is mutually beneficial when there is meaningful exchange of information between home and school. Parents are our partners in the important job of educating the children of this community. We welcome your support and hope you will volunteer or join the PTA and/or Community Council.

Once again, we are all looking forward to a fantastic 2016-2017 school year, and are excited for the opportunity to work together in the education of some amazing students.

Sincerely,

Mrs. Renee Milne, Principal  
Northlake Elementary
