

Preschool Center at Harvest Park

Dear Parents,

In the event of an extreme emergency, we are preparing emergency kits designed to help us keep your child safe and comfortable until you are able to pick him/her up. We would like each child to have their own kit. The materials needed are listed below. We would appreciate your help in gathering these items and turning them in to your child's teacher 2 weeks after they start school. As always, your help with this is voluntary. Should you be unable to provide the suggested items, please be assured that your child will be well looked after while in our care.

The items in each kit need to be non-perishable and the food items should be nutritious. All items should be returned in a large Ziploc bag. Please put your child's name on the bag and they will be stored as classroom sets.

The kit should include the following items:

Feel free to substitute items to accommodate your child's dietary needs

- Sealed bottle of water (8oz-10oz)
- Small can of fruit or applesauce (pull-tab only)
- 2 granola bars
- Plastic spoon for the fruit
- Fruit snacks
- Family picture, if possible
- Glow stick
- Survival insulated blanket (REI or order online)

These items will be stored for the entire school year. In June, they will be returned to you for consumption. Next September, we will ask for a fresh, new kit for the school year.

Thank you!

Preschool at Harvest Park Team
