Principal's Message

As principal, I have the privilege of introducing you to Alisal Elementary School. Alisal is located in the heart of Pleasanton, just down the road from historic Main Street. Alisal was the first elementary school to open its doors in Pleasanton in October of 1956. Since then, we have established and maintained a strong tradition of excellence. The Alisal staff is highly trained and skilled in their profession, servicing approximately 650 students in transitional kindergarten through fifth grade. At Alisal, we pride ourselves in holding high expectations and standards for all students.

At Alisal school we provide a challenging educational program for all students in a positive and supportive environment. Our strong standards-based curriculum, coupled with innovative and research-based instructional strategies, allow us to provide students with the knowledge and skills they need to be successful in the future. Staff members collaborate within and across grade levels to provide a differentiated educational program that meets the needs of all students. All grade levels have developed essential standards in both reading and math and work collaboratively to ensure that every student masters these standards.

Character education is also an integral part of our program. Using the components and philosophy of Positive Behavioral Interventions and Supports (PBIS), we work to connect character education to our curriculum and to school-wide activities. In addition, we have an amazing partnership with a local high school to which allows us to provide some of our students with one-on-one mentors. We encourage students to get involved with the community through service-learning opportunities provided through our leadership club. Finally, parent and community involvement play an integral role in the success of Alisal. Our Parent Teacher Association (PTA) and School Site Council (SSC) work together to support and enrich our school programs. At Alisal, we are proud that our families, children, staff, and community members work together to create a learning environment that gives all children an opportunity to succeed and develop a love of learning.

Mission Statement

Alisal School maintains the belief that all students can learn and succeed. We are committed to ensuring the individual development of the whole child by providing a quality, innovative, well articulated, student-centered program that will allow each child to reach their full potential. Children at Alisal will be life long learners and contributors to our diverse society as caring responsible citizens.

CORE PURPOSE:

To prepare all students to be literate, ethical, innovative, productive members of society.

CORE VALUES:

Intellectual development and the ability to function independently by building literacy, critical thinking, problem-solving, and decision-making skills Building tolerance for differences through communication and cooperation. Continuous life-long learning and personal growth for staff and students.

School Profile

Alisal Elementary School is located in the eastern region of Pleasanton and serves students in transitional kindergarten through fifth grade following a traditional calendar.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

All textbooks used in the core curriculum at Alisal Elementary School are currently being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Tuesday, September 26, 2017, the Pleasanton Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution 2017-18.06 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2017-18 school year, Pleasanton Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Alisal Elementary School's original facilities were built in 1956; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. Projects completed in the last 12 months:

- Major landscape work including removal of major Ivy growth.

Every morning before school begins, the administrator and custodian inspect facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and one evening custodian are assigned to Alisal Elementary School. The day custodian is responsible for:

- Cafeteria setup/cleanup
- Groundskeeping
- Office area cleaning
- Restroom cleaning

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Cleaning desktops and whiteboards
- Office area cleaning
- Restroom cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Deferred Maintenance

Alisal Elementary School participates in the State School Deferred Maintenance Program, which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2016-17 school year, Alisal Elementary School did not qualify to receive deferred maintenance funds for campus repairs and/or improvements.

Facilities Inspection.

The district's maintenance department inspects Alisal Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Alisal Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on May 5, 2017. No emergency repairs were needed and no unsafe conditions were found. During fiscal year 2016-17, all restrooms were fully functional and available for student use.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Students with Disabilities	40	32	80	40.63

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events. Parents stay informed on upcoming events and school activities through flyers, the school website, teacher newsletters, eConnection, Principal's Coffee, and the "Around Alisal" newsletter. Contact the office at 426-4200 for more information on how to become involved in your child's learning environment.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The Comprehensive School Site Safety Plan was developed for Alisal Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed by school staff and updated in Fall of 2016. Staff responsibilities and safety plan updates were discussed with staff in Fall 2016 as well.

Professional Development provided for Teachers

All training and curriculum development activities at Alisal Elementary School revolve around the best practices in instruction. During the 2016/2017 school year, Alisal Elementary School held staff development devoted to:

- Data Analysis as it connects to student achievement
- Instructional Strategies in Balanced Literacy
- Common Core State Standards
- Technology

* Project Lead the Way

* RtI

* PBIS

* Guided Reading Instructional Techniques

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input, district benchmark results, and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Alisal Elementary School supports ongoing professional growth throughout the year. Teachers meet in grade level teams to conduct data analysis to identify areas of need. In addition, teaching staff is provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2015-16 school year, Alisal Elementary School's teachers attended the following staff development activities over the course of five days:

- Common Core State Standards
- * Balanced Literacy Instruction
- * Vocabulary Tool Kits
- * Reader's and Writer's Workshop
- * RtI and Universal Screeners
- * PE Conferences
- * Special Education Job Embedded Days
- * Eureka Math Implementation
- * Project Lead the Way
- * Guided Language Acquisition Development Strategies

During the 2016-17 school year, Alisal Elementary School's teachers attended the following staff development activities over the course of 3 days:

- *RtI
- *PBIS
- *BAS Assessment Training
- *Project Lead The Way
- *Math Differentiation and Engagement Strategies
- *Conferences
- *Best Practices in Literacy Instruction
- * Reader's and Writer's Workshop

Alisal Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies, behavior strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
