

VISION

“The Vision of the Allen Park Community School is to provide an environment of belonging so that all students who come here feel welcome.

Included in this is continual support of those principles associated with creating a sense of family, reinforcing the importance of teamwork and fostering an atmosphere that supports respect for individuality and diversity.

Equally, APCS will make every effort to provide an emotionally stable atmosphere that ensures all students the opportunity to reach their full academic potential.”

MISSION

The mission of the Allen Park Community School is to introduce, increase and enhance the social skills, academic ability, civic responsibility, and creative expression of the individual in an atmosphere that promotes and supports a sense of community, belonging and development of a positive self-image.

BELIEF STATEMENTS

We are a school community that is committed to helping our students develop strong values and sense of self-worth by providing opportunities for our students to be successful in academic and social pursuits.

As a school community, we continually strive to encourage respect by providing our students a deeper understanding of gender differences, and of social, ethnic, and cultural diversity.

As a staff, parents, and community, we recognize individual abilities and resilience, and strive to provide a place where our students can develop positive character qualities.

As a school community, we are committed to developing the "whole person" by providing an environment that fosters belonging, community, and independence.

As a school community, we are committed to ensuring educational and social experiences that enhance consistent progression toward graduation and prepare our students for successful work and or post secondary education after high school.

As a school community, we are committed to providing an environment that nurtures or students' social, emotional, intellectual, and physical needs.

As a school community, we are committed to fostering a sense of community and responsibility by providing students the opportunities to participate in Community Service Learning Projects as part of our curriculum.

As a school community, we are committed to broadening our students experiential base, increasing their knowledge and understanding of the world around them and preparing them to be successful in a technological an global society.

As a school community, we believe that students should be allowed and encouraged to reach their full potential by utilizing their talents, abilities, and individual learning styles as they interact with the world around them.

As a school community, we are committed to assisting our students to develop interpersonal skills that enable them to interact productively with children and adults of varied economic and or cultural backgrounds through instructional programs that promote multi-cultural appreciation and cooperative learning experiences.

As a school community, we encourage and assist our students to develop and utilize critical thinking skills and problem solving skills in the decision making processes that enable them to set and reach obtainable goals.

As a school community, we allow students to embark upon a new beginning without regard to past choices.
