Weehawken High School

53 Liberty Street

Student Dining Hall

GUEST SPEAKERS:

Linda Wieseneck

Director of BCSS Cape Resource Center

Leah Emma Halka

*Clinical Coordinator of Children's Mobile Response & Stabilization
Services*

Topic: Accessing the Right Services for Your Child

One of the greatest challenges facing families and individuals is learning to navigate the system of services for people with disabilities throughout their lifespan. As a result, the BCSS CAPE Resource Center, a one stop information, assistance and referral center is open to everyone who is involved in the special needs community. It serves as a "clearinghouse" of knowledge of disability resources located throughout Bergen County area, and promotes awareness of and linkage to services, information, and resources. The BCSS CAPE resource center offers informational, educational, professional development, as well as networking opportunities.
