Dress Code

The dress code at ACE Charter High School is in place for the safety of your student and will be enforced. Please read and discuss with your student the items that are appropriate and inappropriate for school. Thank you.

Dress Code Goals:

1. Promote a productive school environment where students feel safe and learning can take place.
2. Set a tone that ACE Charter High School is an educational institution where students should present themselves in a dignified manner that promotes success.
3. Affirm our commitment to a “Zero Tolerance” for drugs, alcohol, tobacco and gang attire.
4. To allow self expression without being vulgar, crude or offensive to others.

Clothing/Apparel that is disruptive and should not be worn at ACE Charter High School:

1. Clothing which compromises modesty including, but not limited to:
 - Bare midriff/crop tops/strapless tops/halter tops/see-through tops
 - Clothing that resembles undergarments
 - Clothing that resembles sleepwear
2. Clothing that allows underwear to be exposed.
3. Clothing/apparel considered to be dangerous or a health hazard including but not limited to: chains, wallet chains, stud/spike bracelets or collars.
4. Clothing that advertises controlled substances, denotes membership in a group that advocates drug use, gang or disruptive behavior, is considered to be offensive or that is distracting to the learning process.
5. Clothing associated with negative group behavior.
6. Hats, beanies, or other head coverings, also any that contain logos, or insignias other than the ACE Charter School logos or colors. Hats and/or hoodie caps should not be worn in class.
7. Dark sunglasses may not be worn in class.
8. Slippers are not allowed and open toed shoes may not be allowed in some classes for safety reasons. Open toes shoes are not allowed in the construction class and students will be sent to the office and parents will be called to bring appropriate shoes.

I have read, understand and will follow the dress code for ACE Charter High School. I understand that dress code violations will result in the item being confiscated, a parent conference, and/or the parent/guardian taking the student home to remedy the dress code violation.

ACE Charter High School Student Bus Behavior Contract

Student Name: _____ Date: _____

ACE Charter High School Home to School transportation is a privilege provided to students. Home to School transportation is not a right. In order to make the riding experience safe for all, there are rules that all students must follow while under the supervision of the school bus driver. If students are unable to follow the rules of safe school bus riding, students may be denied the privilege of riding the school bus.

Rules and Regulations for Riding School Bus

Pupils transported in a school bus shall be under the authority of, and responsible directly to, the driver of the bus, and the driver shall be held responsible for the orderly conduct of the pupils while they are on the bus or being escorted across a street, highway or road **drivers shall enforce the following rules at all times:**

1. Skateboards are to be placed on the floor, not on the seat or in the aisle.
2. Students shall not leave their seats while the bus is in motion.
3. No unnecessary noise or commotion shall be permitted on the bus.
4. There shall be no tampering with the bus or bus equipment.
5. All students shall sit facing the front of the bus.
6. Students shall not use vulgar or profane language.
7. Students shall not eat on the bus.
8. Students shall not leave debris of any kind on the bus.
9. Students shall not shout or throw anything while on the bus.
10. Students shall not put head or arms out of the window.
11. Students shall not smoke or light matches on the bus, this includes VAPING. Vaping is absolutely not allowed on the bus at any time.
12. Students shall not cross street or highway to the rear of the bus.
13. Students shall ask for permission before opening windows.
14. Students shall be respectful of other passengers and driver at all times.

When a student's behavior is unacceptable, the driver will file a written report with the school administrator. The school principal or designee will investigate the circumstances surrounding the incident and take appropriate action. When a student's misconduct is of a nature that does not jeopardize the safety or welfare of other students or interfere with the safe operation of the bus, counseling may be appropriate. Suspension is considered when counseling fails, there is a safety concern or when a student damages the bus.

Bus service may be terminated if a student's behavior threatens the safety of other passengers or operation of the bus. The parent will be notified of disciplinary action taken by the school administrator. Parents are required to reimburse the bus company for any vandalism to a school bus committed by the student.

I have read the expectation and rules for the bus. I understand that if I chose not to follow the expectations and the rules and regulations, I may be denied my privilege of riding the school bus. I further understand that I will be subject to school discipline as well. **Initial** _____

I understand that my school day begins at my designated school bus stop and my school day ends after school at my designated school bus stop. I agree to follow the direction of the school bus driver in a courteous and respectful manner. I agree to treat other students on the school bus or at my school bus stop in a courteous and respectful manner. I agree to treat the property of the school bus and the school bus stop in a respectful manner. **Initial** _____

ACE CHARTER HIGH SCHOOL

CHROMEBOOK RESPONSIBLE USE AGREEMENT FOR STUDENTS

ACE recognizes that access to technology in school gives students greater opportunities to learn, engage, communicate, and develop skills that will prepare them for work, life, and citizenship in the 21st century. To that end, we provide access to technologies for student and staff use. This Responsible Use Agreement outlines the guidelines and behaviors that users are expected to follow when using school technologies or when using personally owned devices on the school campus. Before using online services, the student and parent/guardian shall sign the Responsible Use Agreement indicating that the student understands and agrees to abide by specified user obligations and responsibilities.

Usage Policies

All technologies provided by the school are intended for education purposes. All users are expected to use good judgment and to follow the specifics of this document as well as the spirit of it: be safe, appropriate, careful and kind.

Technologies Covered

ACE may provide Internet access, desktop computers, mobile computers or devices, videoconferencing capabilities, online collaboration capabilities, message boards, email, and more. ACE will attempt to provide access to new technologies as they emerge. The policies outlined in this document are intended to cover all available technologies, not just those specifically listed. This includes Personal Electronic Devices (PEDs) when allowed by school policy.

Network and Computer Use Conduct/Acceptable Use:

ACE's computer system is expected to be shared and available to all approved users. The computer system may not be used in such a way as to disrupt or interfere with its use by others. The student, in whose name an online services account is used, is responsible for its proper use at all times. Students shall use the system responsibly and solely for education purposes. Inappropriate conduct in the use of the system includes, but is not limited to:

1. Installation/Downloading/Utilization of unauthorized/unapproved software.
2. Use of the system to communicate unlawful information or to transmit computer viruses.
3. Accessing information which is pornographic, obscene, sexist, racist, gang-related, or abusive.
4. Violation of copyright (piracy).
5. Use of the system for commercial purposes or for political campaigning.
6. Attempting to gain and/or Subvert/Bypass ACE computer security/file management system.
7. Attempting to gain unauthorized access to the ACE Network and/or computer workstations (e.g. using a login/password that is not the users).
8. Deliberate attempts to disrupt the computer system or network, destroy computer data or student assessment/grade/progress data, or physically modify, harm, or destroy any computer or network hardware (Vandalism).
9. Harassment/Cyberbullying is defined as the persistent annoyance of other users, or the interference with another user's work. Harassment includes, but is not limited to, the sending of unwanted e-mail. Bullying is defined as unwelcomed verbal, written or physical conduct meant to harass, threaten, intimidate or threaten. Cyberbullying includes but is not limited to, the following misuses of technology: harassing, teasing, intimidating, threatening, or terrorizing another student or staff member by any technological tool, such as sending or posting inappropriate or derogatory email messages, instant messages, text messages, digital pictures or images, or website postings (including blogs) directed at a student by another student that has the effect of:

1. Placing a student in reasonable fear of physical, emotional or mental harm.
2. Placing a student in reasonable fear of extortion, damage to or loss of personal property.
3. Creating an intimidating or hostile environment that substantially interferes with a student's educational opportunities.

10. Any violations of the classroom rules, school conduct code, educational code or Penal Code.

Netiquette

Users should remember not to post anything online that they wouldn't want parents, teachers, or future colleges or employers to see.

Security

Users are expected to take reasonable safeguards against the transmission of security threats over the school network. This includes not opening or distributing infected files or programs and not opening files or programs of unknown or untrusted origin. Students are expected not to attempt to remove viruses themselves or download any programs to help remove the virus. ACE's computer system is intended for the exclusive use of its registered users who are responsible for their password and their account. Any problems that arise from the use of the account are the responsibility of the account holder. Any misuse of the account or system will result in disciplinary action and/or the suspension or termination of privileges.

Personal Safety

Users should never share personal information, including phone number, address, social security number, birthday, or financial information, over the Internet without adult permission. Users are expected to recognize that communicating over the Internet brings anonymity and associated risk, and should carefully safeguard the personal information of themselves and others. Users should never agree to meet in real life someone they meet online without parental permission. If students see a message, comment, image, or anything else online that affects personal safety they must bring it to the attention of an adult immediately.

Plagiarism

Users are expected not to plagiarize (or use as their own, without citing the original creator) content, including words or images, from the Internet. Users are expected not to take credit for things they didn't create themselves, or misrepresent themselves as an author or creator of something found online. Research conducted via the Internet should be appropriately cited, giving credit to the original author.

Email

ACE may provide users with email accounts for the purpose of school-related communication. If users are provided with email accounts, they are expected to be used with care. Users are expected to communicate in the same appropriate, safe, mindful, and courteous conduct online as offline. Email usage may be monitored and archived.

Internet Access / Monitoring

It is possible that students may find material on the Internet that would be considered objectionable. Although students' use of the Internet will be supervised by staff, and Internet firewalls and filters are employed, ACE cannot guarantee that students will not gain access to inappropriate material. Staff members of ACE will determine the appropriate use of technology resources. The school reserves the rights to any materials stored in files which are generally accessible to others and will remove any material that is believed to be unlawful, obscene, pornographic, abusive, or otherwise objectionable. The system may not be used to obtain, view, download, or otherwise gain or provide access to such materials. The school staff will refer for disciplinary action any student who does not comply with the provisions of this agreement. Suspension of user privileges will be at the discretion of the principal or designee.

Music/Games/Videos

While during instructional periods, students will not stream, game, access social media, or play videos, without the direct permission of the supervising instructor. If given permission, students may only play music, games, access social media, or play videos that are school or course related.

Printing

With the 1:1 ratio of student to Chromebook, the majority of course work will be completed and submitted electronically. Therefore, students will not have access to nor are given permission to print, unless otherwise directed by the instructor.

Mobile Access / Monitoring

ACE may provide users with mobile computers or other devices to provide learning outside of the classroom. Users are expected to abide by the same acceptable use policies when using school devices off the school network as on the school network. Users are expected to treat these devices with extreme care; these are expensive devices that the school is entrusting to student care. Users are expected to report any loss, damage, or malfunction to school IT staff immediately. Users may be financially accountable for any damage resulting from negligence or misuse. Use of school-issued mobile devices off the school network may be monitored.

Personal Electronic Devices (PED) Introduction and Definition

This policy relates to any personal electronic device (PED) that could be used for communications or data storage and retrieval. This includes, but is not limited to, mobile phones, USB drives, MP3 players, PDAs, laptop computers, tablet computers, and calculators. RECORDING with any mobile device, in the classroom is illegal and strictly prohibited without the permission of the teacher and the principal. ACE provides wireless network access for PEDs. Network access for PED equipment will only be allowed via wireless technology not via direct Ethernet cabling. ACE will not be held responsible for the loss, theft or destruction of any personal electronic devices. ACE reserves the right to review files on any mobile device brought into a school. The Responsible Use Agreement for Students applies to all personally-owned electronic devices. Any violation of these rules will result in the loss of the student's privilege to bring mobile electronic devices to school. PED's are not allowed to be used in class unless given permission by the teacher.

PED Policy

Students are expected to keep PEDs turned off and put away during classroom instructional hours unless instructed by a teacher or staff for educational purposes, or unless approved by school sites policies. The following applies to PEDs when connecting to the school wireless network:

1. Students are expected to use PEDs for positive purposes: for learning and for legitimate communication – when given permission to do so.
2. PEDs must not be used to harass or victimize other students or staff, or to abuse a person's right to privacy (for example, taking, storing and then using a digital photo/video without a person's permission).
3. The device is not to be running any Internet or web hosting services and may not have Internet Connection Sharing services turned on.
4. Administrative staff or designees who suspect a PED is being used inappropriately may inspect any PED brought onto the school campus by a student.
5. During school operation hours, the internet may only be accessed through the school site wireless network, not through any other Internet access.
6. When using their PEDs students are expected to comply with the Responsible Use Agreement for Students.

Controversial Material

ACE does not have control over the kind or quality of information that is accessible to Internet users. Although ACE utilizes Internet content filtering technologies to provide an academic computing environment, it is the responsibility of the user to utilize networking technologies solely for obtaining academic content.

No Expectation of Privacy

The computer system provided by ACE is the property of the school. No person using the system has a right to expect privacy with respect to any material stored on that system, including email and material downloaded from the Internet, and internet activity. ACE reserves the right to monitor and access all such material and activity.

Penalties for Improper Use

One of the critical factors that contribute to a business-like learning environment is student conduct. Any user violating this agreement, ACE policy, and classroom and/or school rules, is subject to loss of network privileges and other disciplinary actions. In addition, pertaining to State and Federal laws, any unauthorized access, attempted access, or use of any state computing and/or network system is a violation of Section 502 California Penal Code or applicable federal laws and is subject to severe disciplinary action.

Note that breaking of any of these rules may result in checking in your Chromebook everyday afterschool into the office and not taking it home. This will also apply to mis-use, such as late night or early morning 2 am game playing or Netflix. ACE reserves the right to randomly check all computer usage for all students at any time.

Important that you and your student please read & keep pages 12 to 15 of this contract for reference.

ACE CHARTER HIGH SCHOOL
RESPONSIBLE CHROMEBOOK USE AGREEMENT FOR STUDENTS

I understand and will abide by the ACE Responsible Use Agreement for Students. I further understand that any violation of the agreement is unethical and may constitute a criminal offense. Should I commit any violation, my access privileges may be revoked and I may face other disciplinary measures.
