

Board of Education Goals 2017-2018

Board Vision: Alhambra Unified School District is a culturally diverse community that values the contribution of each of our students. We strive to nurture them in an environment that can help them develop into effective, multilingual communicators, committed future leaders, multi-purpose professionals, entrepreneurs and outstanding citizens while promoting social justice. Our 2017-2018 Board of Education Goals were developed with this vision in mind.

1. The Board will monitor and ensure implementation of the *2017-20018 Local Control Accountability Plan (LCAP)*.
2. The Board will ensure that District resources are aligned to the educational and wellness needs of students while maintaining fiscal solvency.
3. The Board will operate an effective, efficient and transparent District in order to ensure the public's trust.
4. The Board will employ and support effective staff at every level of the District to ensure positive outcomes for all students.
5. The Board will ensure that all students have access to a comprehensive, equitable, robust and rigorous education in all curricular areas.
6. Recognizing the value of technology and the arts, the Board will encourage and support expanded opportunities for student engagement in these areas.
7. The Board will ensure a safe, positive learning environment and support the District commitment to manage readiness for emergencies.
8. The Board will continue to support and showcase the accomplishments of our students and schools throughout the community.
9. The Board will engage parents, District staff, and community groups in partnerships to ensure the academic success and wellness of AUSD students.
10. The Board will oversee the successful development of a *Facilities Master Plan* in anticipation of implementing school bond projects under measures AE & HS.
11. The Board will ensure that parents and community are received with professional courtesy, respect and polite assistance when contacting schools or District offices.
