## Get to Know a Teacher

You may know Ms. Courtney Johnston as a Kindergarten teacher at A.C.E. Academy, but I bet you didn't know she grew up in the military. So, she got to live many places and even lived and taught in South Korea for 3 years. She loves to go to the beach and she's a HUGE fan of movies. "One of the things I love about A.C.E. Academy is the support teachers give one another and the freedom to be creative with the students".
