Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

Throughout this document the letters DPL mean data provided by the LEA, and the letters DPC mean data provided by the CDE.

Professional Development – Most Recent Three Years

Narrative provided by the LEA

Use this space to share information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

Professional Development is held every Tuesday from 2:15pm to 4pm. Collaboration time for department and grade level meetings occur every Thursday from 2:15pm to 4pm. There are approximately 42 professional development days and 42 collaboration days per year. There are also five all day professional developments prior to school occurring and 3 All PLN days where professional development is done district wide. The areas chosen for professional development are based on three things: mandates from the state (Common Core), needs of the school/student/family, and needs based on overall data. Data used to determine needs are: school-wide benchmarks, reading and writing assessments, High/Medium/Low student data analysis, CELDT scores, and school-wide D/F reports.

- *How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance data reporting, etc.)?*
