

# Parent Pick-up Procedure For After-School Activities

For the safety of our students, our building is locked until 6:00pm. Parents picking up their children from activities other than Kids' Club should not enter the building. At the conclusion of your after-school activity, please take all of your participants to the school entrance to be released. Leaders should communicate with parents this pick-up procedure. If your activity requires parents to enter, please reschedule your activity to begin after 6:00pm.
