Dear Parents and Students:

We are happy to have you in our schools!

The Bibb County School District has developed the Code of Student Conduct to help students, parents, and school personnel understand the guidelines for maintaining a safe and orderly learning environment. Each school develops its own rules and expectations for student conduct based on the district wide Code of Student Conduct. The Code of Student Conduct applies to all Bibb County School District students in pre-kindergarten through grade 12.

Each student must obey district rules:

- While on school grounds
- While being transported to or from school at public expense
- During school-sponsored events, such as field trips, athletic functions, and similar activities

Schools also have authority to discipline students for acts near or related to the school, or when a student's conduct has a detrimental effect on the health, safety or welfare of the student, of other students, of the school or of school personnel.

While students may be disciplined for infractions according to the responses outlined in the Code of Student Conduct, please be aware that there could be additional consequences through law enforcement for acts that violate the law.

We value your support and cooperation. It is vitally essential in providing the best and most appropriate education for our children.

This is your copy of the Bibb County School District Code of Student Conduct. Please sign the cover page, as indicated, to acknowledge your receipt of this document, and return it to the school office. Please read and become familiar with these policies and procedures, and don't hesitate to call your school principal should you have any questions or concerns regarding any part of this Code of Student Conduct.

Sincerely,
Duane McGee
Superintendent

EQUAL EDUCATIONAL OPPORTUNITIES (FILE: JAA)

The Bibb County School System has been created by the Alabama State Legislature to execute educational law as defined by the State Constitution, the State Board of Education and the Bibb County Board of Education. It shall be the policy of the Bibb County School System to offer a quality educational program that will provide all children with the necessary skills and attitudes, commensurate with their ability, to become effective citizens who are able to take their places in society. It shall be the policy of the Bibb County Board of Education to strive to provide equal educational opportunities in the School System.

It is the official policy of the Bibb County Board of Education, including all schools and agencies under its control, that no person shall on the grounds of race, color, disability, sex, religion, creed, national origin, or age be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program, activity or employment.

STUDENT RIGHTS AND RESPONSIBILITIES

Freedom of Expression

Freedom of speech is a constitutional right guaranteed to all citizens. SUSPENSION (FILE: JDD)

The Board recognizes its authority to maintain good order and discipline within the schools of the School System. Therefore, the Board gives the school principal the authority to suspend a student. The principal shall advise the Superintendent of all student suspensions.

The principal shall make an immediate effort (same day) to contact the student's parents/guardians about the suspension. No suspended student shall be allowed to leave the school premises during the school day until the student's parent, guardian, or other designated individuals assume responsibility for him/her. When a student's parent, guardian, or other designated individual(s) cannot be notified, the student must remain on the school premises until the end of the school day. At the end of the school day, the student will return home via normal transportation methods.

Procedures and Regulations

Authority

The school principal or designee has the authority to suspend students from school based upon the Student Code of Conduct violation. The length will be determined by the Code violation

Notification

Prior to suspension, the student will be made aware of the charges and supporting evidence, and given an opportunity to respond to them. The local school principal/designee shall complete and provide the student with a copy of the Notice of Suspension Form prior to departure from campus. An attempt shall be made to personally hand or mail a copy of the notice, within 48 hours, to the parents/guardians stating the reason(s) such action was taken.

Immediate removal of the student from school premises is justified only when his/her presence threatens himself/ herself, endangers school property, or seriously disrupts the orderly educational process. If immediate removal is necessary, the parents/guardians must be notified by phone or personally by the principal or other school official. In extreme emergencies, the principal/designee is given the authority to call upon law enforcement agencies to remove such students. The principal/designee shall advise the Superintendent by phone regarding forced removals and shall follow the oral contact with a written confirmation to the Superintendent.

Out-of-School Suspension - SPE Students (excluding Gifted)

The School System will comply with P.L. 105-17; also know as IDEA 1997 and the final regulations pertaining to this mandate, when they become available. Prior to suspending a special education student, a student's IEP shall be reviewed by the IEP team to determine if out-of-school suspension is appropriate based on the IEP disciplinary plan and if the student's behavior warranting out-of-school suspension is related to the disability.

Following an incident where suspension for more than 10 cumulative days or more or expulsion is considered for a special education student, the IEP team will complete the following actions.

1. The IEP team will conduct a functional behavior assessment, or review one already in place.
2. A behavior plan, based on the results of the functional behavior assessment, will be developed to address the behavior so that it does not recur, or the behavior plan in place will be reviewed and revised as necessary.
3. A manifestation determination will be conducted to determine whether or not the behavior is related to the disability. Services will not cease regardless of the determination. That is, on the 11th day of suspension in a school year, the services determined by the IEP team will be provided.
4. The IEP team will consider least restrictive environment and whether a change is appropriate. The IEP team may also consider whether an interim alternative educational setting is appropriate. In either case, the IEP team will develop the education plan to conform to the special education student's needs and the current law.

If it is determined by the IEP team that the student's behavior is not related to the disability and the IEP disciplinary plan specifies out-of-school suspension is appropriate, the student shall be treated as any other student and out-of-school suspension may be used as a discipline measure.

If the IEP team determines that the disability is related to the student's behavior, or if it is determined that the IEP does not specify out-of-school suspension as appropriate, then out-of-school suspension shall not be used as a disciplinary measure for the student without convening the IEP team to reconsider and approve or disapprove the use of out-of-school suspension as a discipline measure.

In addition, special education students placed on out-of-school suspension for more than 10 school days during the academic year must be provided appropriate educational services.

Terms

1. While suspended, a student may not attend school functions or enter school property for any reason during or after the school day except to attend a school except with the permission of the principal.
2. When a student is suspended, his/her teachers must be notified immediately concerning the date and duration of the suspension. **It shall be the responsibility of the student to make up any assignments missed during their suspension.**
3. A suspended student must comply with the full length of the suspension unless the principal approves an alternative.

Readmission

The student is readmitted on approval of the principal or designee and is given an admission slip to return to class.

DISCIPLINE SCHOOL (FILE: JDC)

The Discipline School serves as an alternative school setting for students in grades 7-12 or age 13 and older who become severe behavior problems in their assigned school. A referral is made by the school principal or designee after other discipline techniques have been tried but failed to correct the misbehavior. (See policy JDC-F1).

Placement in the Discipline School may be for a minimum of 10 school days up to a maximum of 45 school days. Any discipline referrals for more than 10 days must first be approved by the Superintendent. Students assigned are expected to be in attendance, to abide by all of the rules and to put forth an effort in their class assignments. Days spent in the Discipline School will not count against the yearly accumulation of absences. Class assignments will be graded and grades assigned based upon student performance. Students are not allowed to participate in or attend any Bibb County sponsored event while assigned to the discipline school.

A referral regarding a Special Education student will require contact with the Special Education Coordinator to insure that correct procedures are followed.

EXPULSION/DISCIPLINARY HEARING (FILE: JDE)

The Board may expel a student from school when in its judgment, a student has engaged in a serious rule violation(s). The authority to expel shall be retained solely by the Board. The principal shall make a recommendation to the Superintendent for the expulsion of a student(s) who has violated rules that would warrant such action. Upon conferring with the principal, the Superintendent or designee shall consider the recommendation and render a decision to accept the principal's recommendation or to require alternative measures. The local school principal may suspend a student pending the outcome of the Superintendent of School's decision regarding expulsion. If the Superintendent concurs with the principal's recommendation to expel, the recommendation will be forwarded to the Board by the Superintendent.

All due process criteria specified in Board Policy filed JCAA shall be strictly observed in any expulsion proceeding as well as any preliminary steps prior to the hearing.

Procedures and Regulations

- A. Responsibilities of the Principal
 1. Immediately following an incident or violation of school regulations which may result in a recommendation for expulsion the principal is authorized to suspend the student pending a recommendation of expulsion by the Superintendent at the next Board Meeting.
 2. The principal / designee shall conduct a thorough investigation of the school violation and schedule a disciplinary hearing with the student and parents / guardians involved. If the discipline matter is unresolved at the school level the principal shall make a recommendation of expulsion to the Superintendent and shall inform the parents/guardians.
- B. Responsibilities of the Superintendent
 1. The Superintendent / designee shall schedule a disciplinary hearing with the student, parents/guardians and the principal / designee involved. If the discipline matter is unresolved at this conference the Superintendent shall recommend expulsion to the Board and shall inform the parents/guardians. A Notice of Expulsion Hearing Letter will be mailed to the parents/guardians.
 2. The Superintendent shall notify each Board member, prior to their next meeting, of the recommendation to have a disciplinary hearing to consider the expulsion of a student.
- C. Responsibilities of the Board
 1. The Board will go into Executive Session and allow the Superintendent, principal and any witness requested by the Superintendent to present testimony relevant to the findings that resulted in the hearing. After the Superintendent, school officials or other witnesses have presented testimony, the student, parents/ guardians or person representing the student will be permitted to question them concerning their statements and testimony.

2. Upon completion of the presentation by the Superintendent and witnesses, the student will be allowed to present matters relevant to the student's proposed expulsion. This would include the right to testify and call witnesses on the student's behalf.
3. The Board and Superintendent will then excuse all parties concerned to discuss the evidence presented against and for the student. Upon reconvening, the Superintendent shall recommend the formal action deemed appropriate and just. The Board will vote and authorize notification of interested parties of the action taken. Such notification will specify the terms of any expulsion.

Expulsion SPE Students (excluding Gifted)

The School System will comply with P.L. 105 17; also know as IDEA 1997 and the final regulations pertaining to this mandate, when they become available. Prior to expelling a special education student, a student's IEP shall be reviewed by the IEP team to determine if expulsion is appropriate based on the IEP disciplinary plan and if the student's behavior warranting expulsion is related to the disability.

Following an incident where expulsion for more than 10 days is considered for a special education student, the IEP team will complete the following actions.

1. The IEP team will conduct a functional behavior assessment, or review one already in place.
2. A behavior plan, based on the results of the functional behavior assessment, will be developed to address the behavior so that it does not recur, or the behavior plan in place will be reviewed and revised as necessary.
3. A manifestation determination will be conducted to determine whether or not the behavior is related to the disability. Services will not cease regardless of the determination. That is, on the 11th day of expulsion or suspension pending expulsion in a school year, the services determined by the IEP team will be provided.
4. The IEP team will consider least restrictive environment and whether a change is appropriate. The IEP team may also consider whether an interim alternative educational setting is appropriate. In either case, the IEP team will develop the education plan to conform to the special education student's needs and the current law.

If it is determined by the IEP team that the student's behavior is not related to the disability and the IEP disciplinary plan specifies expulsion is appropriate, the student shall be treated as any other student and expulsion may be used as a discipline measure.

If the IEP team determines that the disability is related to the student's behavior, or if it is determined that the IEP does not specify expulsion as appropriate, then expulsion shall not be used as a disciplinary measure for the student without convening the IEP team to reconsider and approve or disapprove the use of expulsion as a discipline measure.

In addition, special education students placed on expulsion for more than 10 school days during the academic year must be provided appropriate educational services.

Written Excuses Required

In accordance with State Law, a parent or guardian must explain the cause of every absence, including tardies and checkouts, of students under his/her control or charge. Only an excused tardy permits the make up of assignments. Principals, with the advice and counsel of staff members at respective schools, shall be responsible for establishing specific rules and regulations governing tardies.

Check Outs

Checkouts shall be considered unexcused absences from those class periods missed unless evidence is presented to the principal or designee by the parent or guardian the checkout was for an excused reason. Students must checkout through the school office in compliance with policy JBE under this cover.

Students can receive a zero on their daily workplace grade if they have an unexcused absence, or if they fail to preapprove or notify their instructor of other absences.

TRUANCY (FILE: JBDC)

Truancy is the habitual and unlawful absence from school. In accordance with The Code of Alabama, the parent or guardian is responsible for requiring any student under his/her control or charge and under 17 years of age to attend school regularly except for legal absences as defined by The Code of Alabama and State Board of Education rules and regulations. Provided a student under 17 years of age becomes a truant, the parent or guardian of said student may be guilty of a misdemeanor and subject to punishment by law. Provided the parent or guardian files a written statement in court stating that he/she is unable to control such student, the student may then be subject to action of the juvenile court. (Also see policy JBD)

According to The Code of Alabama, 12-15-13. Causing, etc., of delinquency, dependency or need of supervision of children.

- (a) It shall be unlawful for any parent, guardian or other person to willfully aid, encourage or cause any child to become or remain delinquent, dependent or in need of supervision or by words, acts, threats, commands or persuasions, to induce or endeavor to induce, aid or encourage any child to do or perform any act or to follow any course of conduct which would cause or manifestly tend to cause such child to become or remain delinquent, dependent or in need of supervision or by the neglect of any lawful duty or in any other manner contribute to the delinquency, dependency or need of supervision of a child. The employment of any child in violation of any of the provisions of the child labor law, or permitting, conniving at, aiding or abetting such employment shall be held to be encouraging, causing and contributing to the delinquency, dependency or need of supervision of such child. Failure on the part of any parent, guardian or other person having custody of the child to cause such child to attend school as required by the compulsory attendance law shall be held to be encouraging, causing and contributing to the delinquency, dependency or need of supervision of such child.
- (b) Whoever violates any provision of this section shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$500.00 or sentenced to hard labor for the county for a period not to exceed 12 months or both.

TRUANCY (FILE: JBDE)

PARENT/PERSONNEL RESPONSIBILITIES

A parent, guardian, or other person having charge of any child officially enrolled in Alabama public schools (K-12) shall explain in writing the cause of any and every absence of the child. The written excuse should be presented to the principal or designee on the day the student returns to school, but no later than two (2) school days after his/her return or the absence(s) will be recorded as unexcused. A failure to furnish such explanation presumes the child was truant each day he/she was absent. The child shall also be deemed truant for any absence determined by the principle to be unexcused based upon the State Department of Education's current School Attendance Manual. Upon the fifth unexcused absence, the child and parent/guardian shall attend a mandatory early warning court program. Seven unexcused absences within a school year constitute a student being truant for the purpose of filing a petition with the Court. The Interagency Committee of Youth Truancy Task Force recommendations known as the Early Warning Truancy Prevention Program timeline for reporting truancy shall define the truancy status of any student as follows:

1. First truancy/unexcused absence (warning)
 - (i) Parent/guardian shall be notified by the school principal or his/her designee that the student was truant and the date of the truancy.
 - (ii) Parent/guardian shall also be provided with a copy of Alabama's compulsory school attendance laws and advised of the penalties that can be applied and the procedures that shall be followed in the event that other unexcused absences occur.

2. Third Truancy/unexcused Absence (second warning)
 - (i) Parent/guardian shall be notified by the school principal or his/her designee that the student was truant and the date of the truancy.
 - (ii) Parent/guardian shall also be provided with a copy of Alabama's compulsory school attendance laws and advised of the penalties that can be applied and the procedures that shall be followed in the event that other unexcused absences occur.

3. Upon the fifth unexcused absence (Early Warning)
 - (i) The child and the parent, guardian, or person having control of the child shall attend a mandatory early warning program (court) with the Juvenile Court Judge.
 - (ii) Attendance at this conference shall be mandatory except where prior arrangements have been made or an emergency exists.
 - (iii) Failure to appear at the early warning court program shall result in the filing of a Complaint/petition against the parent under Code of Alabama (1975), 16-28-12(c) (failure to cooperate), or a truancy against the child, whichever is appropriate.

4. No earlier than the seventh unexcused absence, but within ten (10) school days (court)
 - (i) File complaint/petition against the child and/or parent guardian, if appropriate.

5. Child under probation
 - (i) The At-Risk Officer should be notified by the juvenile probation officer of all children in the school system under probation supervision by the juvenile court as consistent with the state statute, Code of Alabama (1975), 12-15-100 and 105.
 - (ii) Where a child under probation is truant (any unexcused absences), the At-Risk Officer should immediately notify the juvenile probation officer.

STUDENTS LEAVING SCHOOL CAMPUS (FILE: JBE)

A student is not permitted to leave the school campus during regular school hours except in accordance with the provisions that follow:

This Board of Education also recognizes that the Class of 2001 must earn in grades 9-12 a minimum of 28 credits to graduate with four (4) credits each in science, mathematics, social studies, and English.

Extracurricular Activity Participation – Academics First. Effective for all students entering Grades 8-12 beginning with the 1999-2000 school year, eligibility for participation in extracurricular activities shall be determined by grades earned during the 1998-99 school year and 1999 summer school, and shall remain in effect for each succeeding year in the same format as described herein and as is specifically provided in subsection (b) below. Local boards of education shall implement this policy as a minimum for all students in Grades 7-12 under their control. Each local board of education shall notify the State Superintendent of Education within 30 days of receipt of notice of adoption of this rule by the State Board of Education that it is in effect in all applicable schools within its jurisdiction.

- (a) Definitions.
 1. Extracurricular activities associated with athletics are defined as those recognized and sanctioned by the Alabama High School Athletic Association, and other extracurricular activities are defined as those that are sanctioned by a public school which are not related to a student's academic requirements or success in a course(s).
 2. Regular curricular activities are defined as those that are required for satisfactory course completion.

(b) Eligibility Requirements

1. Students entering Grades 10-12 must for the last two semesters of attendance and summer school, if applicable, have a passing grade and earn the appropriate number of credits in each of six (6) subjects that total six (6) Carnegie units of credit, including four (4) credits from the four (4) core subjects composed of English, science, social studies, and mathematics with a numerical composite average of 70. Students entering Grades 8 and 9 must, for the last two semesters of attendance and summer school, if applicable, have a passing grade in five (5) subjects with a composite numerical average of 70 with all other rules applying the same as to students in Grades 9-12. Students promoted to the seventh grade for the first time are eligible. (A semester is defined as one-half of a school year as defined by the local board of education adopted school year calendar.)
2. Physical education may count as only one (1) unit per year.
3. No more than two (2) Carnegie units may be earned during summer school. If a unit or subject is repeated in summer school, the higher numerical grade for the unit or subject may be used to compute the composite grade average.
4. Students deemed ineligible at the beginning of the school year by virtue of having failed to meet the requirements outlined in 2. (b) 1. above may regain their eligibility at the end of the first semester by meeting the requirements of eligibility in the two most recently completed semesters, including summer school. 8. Any student who earns more than four (4) credits in the core curriculum in any given year or who accumulates a total in excess of the required four (4) per year may be exempt from earning the four core courses in the succeeding year as long as that student remains on schedule for graduation with his/her class by earning eight (8) core credits over any two-year span, including summer school.

Bibb County Schools Technology Usage Policy for Students (FILE: JCDBB)

Technology- Acceptable Use Policy (AUP)

Bibb County Schools (Board) provides students with access to technology in order to enhance student learning. The term "technology" refers to all forms of hardware, digital devices, software, and accounts. Although cell phones and smart phones can be used for many of the same activities as other forms of technology, additional rules apply to the possession and use of these communication devices.

This AUP applies to all technology, regardless of ownership, used on school property during school hours or during other school-related activities. It also applies to the use of Board-owned technology regardless of location or time of day.

Parental Restrictions on Independent Internet Access

Parents of students under the age of 17 may request that their child not be allowed to independently access the Internet by notifying the school principal in writing each school year. This restriction applies to the student independently operating any Board-owned technology to access the Internet. It does not prohibit the student from viewing Internet sites presented by school staff or by other students as part of a lesson, or from using Internet-hosted software used by the school. In these cases, school personnel will take appropriate steps to restrict the student from using technology to access the Internet beyond the scope of the lesson or assessment.

Personally-Owned Technology

The use of any personally-owned technology at school is a privilege, not a right. The Board reserves the right to place conditions on, restrict, or prohibit the use of personally-owned technology on its property, including the use of personal online accounts. Students may only use personal technology during school hours when given specific permission to do so by their teacher or a school administrator.

Prior to bringing any personal technology to school, students must first determine which devices their school allows on campus. Permissions may vary from school to school. A Message from the Bibb County Gifted Education Program

Gifted students are those who perform at, or who have demonstrated the potential to perform at, high levels in academic or creative fields when compared to others of their age, experience, or environment. These students require services not ordinarily provided by the regular school program. Students possessing these abilities can be found in all populations, across economic strata, and in all areas of human endeavor.

Teachers, counselors, administrators, parents or guardians, peers, self, or any other individuals with knowledge of the student's abilities may refer a student. Additionally, all second grade students will be observed as potential gifted referrals using a gifted behavior checklist.

For each student referred, information is gathered in the areas of aptitude, characteristics and performance. The information is entered into a matrix where points are assigned according to established criteria. The total number of points earned determines if the student qualifies for gifted services. To make a referral, contact the principal, counselor, Gifted education teacher or regular education teacher at your child's school.

STUDENT COMPLAINTS AND GRIEVANCES (FILE: JCE)

Students have both the right and the responsibility to express school related concerns and grievances to the teachers and school administrators.

GRIEVANCE PROCEDURE

The following steps provide a fair resolution of student grievances, including those complaints alleging any action which would be prohibited by Title IX of the Educational Amendments of 1972 (sex discrimination) and other applicable laws relating to discrimination of any kind. For the purposes of this policy, a grievance is defined as a claim submitted by a student of a violation, misinterpretation, or inequitable application of local board policy, local school rule and regulation or local administrative procedure. The term "grievance" shall apply to matters which fall within the discretionary powers of the principal, Superintendent and/or Board but shall not apply to areas where the principal, Superintendent or Board have no authority to act.

The grievance procedure and time line should proceed according to the rules and regulations listed below.

Level of Progression

- Level I – School
 - a. Teachers – Support Personnel
 - b. Counselors
 - c. Administrative Assistants
 - d. Principal

Level II – Superintendent

Level III – School Board

The first step taken by the student MUST be with the member of the staff involved in the alleged unfair action. If the grievance is not resolved after initial contact, the student may involve the parent(s), a guidance counselor or any other person of the student's choice in a conference with the member of the staff involved.

If the grievance has not been resolved through the levels up to and including a conference at the principal's level and the student wishes to proceed with the grievance, the student and/or parent(s) must submit a written statement signed by the parent(s) to the principal within five (5) school days of the principal's verbal denial.

The statement at this level and all subsequent levels must include:

1. name(s) of any person(s) involved
2. date(s) on which the student feels there was unfair treatment
3. a brief statement as to why the student feels there was unfair treatment
4. what corrective action the student would like to see taken
5. copies of appropriate supporting documentation, which may include, but not necessarily be limited to, the following:
 - a. letters requesting previous hearings and actions taken
 - b. letter(s) of reference and witness statement(s)
 - c. student papers showing grades (i.e., daily work, if available), tests and exam grades, and report cards
 - d. attendance records and medical statement(s)

The student shall receive a written response to the statement from the principal within five (5) school days.

Following receipt of the written denial of the grievance by the principal if the student and/or parent(s) wish to proceed further with the grievance, the student, parent(s) and/or other representative(s) shall, within five (5) school days, request in writing an appointment with the Superintendent and shall include a statement of the grievance as outlined above.

The Superintendent and/or designated representative shall have the authority and responsibility for establishing a meeting time not later than five (5) school days following receipt of the initial written contact by the student, parent(s) and/or other representative(s). This meeting shall be attended by the student, parent(s) and/or other representative(s) and any legal representative(s) desired. The Superintendent shall be notified three (3) calendar days prior to the scheduled meeting if the student is to be represented by legal counsel. If a decision is not reached at the meeting, all parties involved shall be notified of the Superintendent's final decision by mail within five (5) school days following the meeting.

Should the Superintendent deny the grievance, the student, parent(s) and/or other representative(s) may appeal to the local school board following the same time schedule and procedures established above. The local school board shall hear the grievance at the first local school board meeting which occurs following receipt of the written request for a hearing. The decision of the local school board is final.

*Copies of all appropriate documents shall be placed in the student's cumulative folder.

IMPORTANT INFORMATION ON MENINGOCOCCAL DISEASE AND VACCINE

What is meningococcal disease?

Meningococcal disease is a serious illness, caused by bacteria. It is the leading cause of bacterial meningitis in children 2-18 years old in the United States.

How do you catch the disease?

The bacteria that cause meningococcal disease are very common. The disease is most common in children and people with certain medical conditions that affect their immune system. College freshman living in dormitories also have increased risk of getting the disease. The disease is spread through exchange of respiratory droplets or saliva with an infected person including kissing, coughing, sneezing, and sharing drinking glasses and eating utensils. In a few people, the bacteria overcome the body's immune system and pass through the lining of the nose and throat into the blood stream where they cause meningitis. Meningitis is a term that describes inflammation of the tissues surrounding the brain and spinal cord.

What are the symptoms of the disease?

- Fever
- Headache
- Stiff neck
- Red rash
- Drowsiness
- Nausea and vomiting

Meningococcal vaccine: Who should get the vaccine and when?

MCV4, or the meningococcal vaccine, is recommended for all children 11-12 years of age and for unvaccinated adolescents at high school entry (15 years of age). High school seniors should also consider obtaining the vaccine prior to entering college, especially if they are planning on living in a dormitory. Please consult your physician or local health department for more information.

Child Find Notification

Upon request, the Bibb County School System is required to ensure that all children residing within its jurisdiction, birth to 21, regardless of the severity of their disability and who need special education and related services, are identified, located, and evaluated. A request for an evaluation is known as a referral. When the district receives a referral, the district will appoint an Individualized Education Program (IEP) team to determine if the child has a disability, and if the child needs special education services. Child Find applies to children who attend private schools, including children attending religious schools within the Bibb County School jurisdiction, highly mobile children with disabilities (i.e., migrant and homeless children), and children who are suspected of having a disability and are in need of special education even though they are advancing from grade to grade.

When referrals are made, please include the reason why the person believes the child is a child with a disability. A referral may be made by contacting the child's home school or Evon Blake, Special Education Coordinator for Bibb County Schools, at 205-926-9881, or by writing her at 721 Walnut Street Centreville, AL 35042.

Sincerely,

Evon Blake.

OFFER versus SERVE Policy (OVS)

OVS continues to be a requirement in the National School Lunch Program (NSLP) for senior high schools. It will also be implemented in the elementary and middle schools within the Bibb County School System. Under OVS, schools must offer all the required food components and quantities, and students are required to select at least 3 full components in the NSLP and School Breakfast Program (SBP), with exceptions as noted below:

NSLP: In the NSLP, schools must offer 5 food components (milk, fruits, vegetables, grains, meat/meat alternates). Students are allowed to decline 2 of the 5 required food components, but must select at least _ cup of either a fruit or vegetable. Students must select the other food components in the quantities planned.

SBP: In order to carry out the OVS option in the SBP, schools must offer 3 food components (milk, fruits and grains) that consist of a minimum of 4 food items. Students are allowed to decline 1 food item but must select at least _ cup of fruit. Students must select the other food components in the quantities planned.

SCHOOL FOOD SERVICE CHARGED MEAL POLICY

It is the intent of the Bibb County School System to provide an opportunity for every student to eat a nutritious breakfast and lunch during the school day. It is also the intent of the Bibb County School System to comply with all federal program regulations pertaining to the National School Breakfast and National School Lunch Programs. Students must remit payment for meals at the time of service.

Students who have documented dietary needs will be given a meal that meets the nutritional guidelines and the specifications of their diet restrictions if an alternate meal is needed.

Uncollected charged meals are, in actuality, bad debts. Uncollected charged meals are not an allowable expenditure for the Child Nutrition Program. The Bibb County Board of Education is going to allow a maximum of three (3) charged meals per student. However, a nonpublic fund source must be established to cover any uncollected charges. It will be the responsibility of each individual school to see that these debts are paid. This charged meal policy is implemented for the benefit of students, not board employees. Adults are not allowed to charge.

Curriculum

Bibb County Virtual School will use components from purchased options such as Plato Learning and from state provided sources such as ACCESS Distance Learning. All courses offered through the virtual school are aligned to the Alabama Course of Study.

Hours of Operation

Virtual students enrolled in grades 9-12 will be awarded grades and credit on a block system in accordance with the Bibb County School System's approved academic calendar. Students in grades 6-8 will receive final grades at the end of the school term. Students may be allowed to finish courses early, but final grades will be administered at the same time as traditional students. The start and end date of ACCESS Virtual Learning classes (regardless of the format) is determined by the Alabama State Department of Education and is closely aligned with the Bibb County School System's academic calendar.

Enrollment Requirements

The following are requirements for initial enrollment and maintaining enrollment in the full virtual option. Requirements for individual virtual courses are to be determined by the building administration or designee.

Students:

- Must reside in Bibb County.
- Must maintain consistent, reliable daily access to the internet, either at their home or other location available to them.
- Must currently have and maintain a GPA of 2.5 out of 4.0 for grades 9-12.
- Must not have a failing grade in a core course for consecutive nine week grading periods for grades 6-8.

- Must maintain appropriate course progression as measured by the completion of weekly assignments, quizzes, and tests.
- May work at a pace that exceeds the scheduled progression and may finish courses early.
- Must take all Unit Tests, Semester Exams, and any others determined by Bibb County administrators, at a Bibb County site. Students will be required to schedule tests and provide their own transportation to the site.
- Who commit discipline infractions resulting in suspension or expulsion may be removed from the Bibb County Schools Virtual Option.
- Must maintain adequate participation in the program. Class attendance is determined by the student staying current or ahead in all course assignments.
- Are required to take all Alabama mandated tests. They must do this at their zoned home school. They will be required to provide their own transportation. The school will provide a testing calendar at the beginning of the course. Currently all 6th- 8th and 10th grade students take ACT Aspire in the Spring with interim tests throughout the year. All 11th grade students take the ACT Plus Writing in the Spring. All 12th grade students take the ACT WorkKeys in the Spring.
- Who were not enrolled in Bibb County Schools the prior year will adhere to the placement standards established by the system and the State Department of Education.
- Whose education program and pathway is determined by an Individualized Education Plan (IEP) may apply for the virtual option if the IEP team determines it is the Least Restrictive Environment (LRE) for that student. BCS will follow guidelines provided by the State Department of Education.

Course Testing Schedule

All unit tests and semester examinations should be taken in the physical presence of a Virtual Learning facilitator or teacher. Students should report to their zoned school to take assessments. However, Principals do have the discretion to allow students to take assessments away from their zoned school due to warranted cases of unforeseen circumstances. Scores earned on exams that are not taken at an approved testing site are not valid. Students must provide their own transportation to and from the testing site.

Grades

Grades will be administered by the Virtual Learning facilitator based off assignments in Plato Learning or given by the ACCESS teacher.

Weighting of Honors and AP Classes

Approved AP courses taken through the virtual option will earn AP weight.

Course Progression

Students are required to progress through virtual option courses at a rate comparable to that of a traditional class. Student athletes are required to maintain a traditional pace to follow NCAA/Alabama High School Athletic Association rules. Students are permitted to work ahead of the standard course progression and finish courses early if they are not an athlete.

Failed Classes

If a student fails a Virtual Option course, the student can retake the course or be given credit recovery the following academic session. If a student fails a class and retakes the class, then, upon the successful completion of summer school, the student's GPA for the academic session just completed will be recalculated. If the student's GPA is at least a 2.5 on a 4.0 scale, the student is still on track for graduation, and he/she meets all other requirements and expectations of Bibb County Schools, then the student will be permitted

to continue his/her enrollment in the Virtual Option.

Required Courses

Students in grades 9-12 are required to attempt a minimum of eight credits per school year. For student athletes, four of the eight credits must be core classes (math, science, English, and social studies) unless the student athlete has accumulated more core credits than is required for the student to remain on track for graduation. Students in grades 6-8 must enroll in all required courses for promotion. With parent and administrator permission, students in all grades may be allowed to earn additional credits per year. This will be approved on a case-by-case basis as determined by administration. Students should register for Virtual School Option courses during the spring registration.

Transportation

Any necessary transportation must be provided by parents/guardians or by the licensed virtual option student who has submitted proper documentation in accordance with Bibb County Schools transportation procedures.

Extracurricular Activities

Students enrolled in the Bibb County Schools Virtual Option are eligible to participate in school- sponsored extracurricular activities, including athletics.

Students with Disabilities

Students whose education program and pathway is determined by an Individual Education Plan (IEP) may apply for enrollment if the IEP team determines virtual school to be the Least Restrictive Environment (LRE) for that student. Bibb County will follow the guidelines published by the State Department of Education “Virtual Schools (and Programs) Guidance for Students with Disabilities” December 11, 2015.
