Moses Lake, WA (August 1, 2018) - Due to the successful 1:1 pilot program implemented throughout classrooms across multiple grade levels in the 2017-18 school year, Moses Lake School District is excited to announce that we will be providing all secondary students with a chromebook for the 2018-19 school year.

1:1 refers to one computer for every student. This program has been driven by Director of Technology Marlin Howell, Instructional Technology Coach Monica McAtee, and Superintendent Dr. Joshua Meek. “Moses Lake School District is excited to provide every 6-12 student with the tools necessary to be successful consumers, producers, and creators of new information in the 21st century classroom,” stated Superintendent Dr. Joshua Meek.

The goal of the 1:1 initiative program, is to provide all students in the Moses Lake School District daily access to a computer to enhance and extend learning opportunities inside, as well as outside the classroom.

For additional information about the 1:1 Program, please contact Communications Coordinator McKenna Reis at 509-793-7734 or via email at [mreis@mlsd161.org](mailto:mreis@mlsd161.org) or visit our website at <https://www.mlsd161.org/apps/pages/1to1>
