

**Center Joint Unified School District
Middle School Course Outline
English Language Arts**

Course Title: GATE English

Grade Level: 7

Prerequisites: Seventh Grade Standing, Identification as a GATE student

Course Description: The English course develops the reading, writing, listening and speaking skills of middle high school students. Reading lessons equip students with strategies to help them better understand not only stories, poetry, and essays, but also informational materials, such as newspapers, magazines, and textbooks. For writing, this course provides instruction in effective sentence and paragraph structures as well as in composing longer essays and research presentations. Students will be taught to use correct grammar and conventions for formal writing and speaking. Spelling and vocabulary units will focus on common bases, prefixes, and suffixes to enlarge the student's knowledge of the English language. In addition, there will be several opportunities for students to present and speak in front of the class to develop their public speaking skills. Students will be expected to listen and provide constructive feedback to presentations made by their peers.

Instructional Materials

Pearson *Literature*

Pearson *Writing and Grammar*

Pearson *Everyday Spelling*

Supplemental Novels

Units of Instruction

1st Quarter

(Literature) Unit 1: Fiction / Non-Fiction
