School Description

Bear Valley is a traditional school in a growing neighborhood, with a richly diverse student population. Our students range from kindergarten to fifth grade. We currently have 29 classrooms in grades 1-5, five kindergarten classes, and two Special Day Classes. The Bear Valley "three R's" are Respect, Responsibility, and Ready to Learn. The staff is dedicated to the Professional Learning Communities, as they continue to fully implement the core curriculum, and provide the Essential Learning for all students. The following programs serve our students: Regular Education, Resource Specialist Program, English Language Development (ELD), Speech Therapy, Adapted Physical Education, READ 180, and Targeted Interventions, such as Voyager and Systems 44. We have a school counselor for three days a week.

Mission Statement: Bear Valley is a place where all students are valued individuals who can learn, develop, and apply an understanding of essential knowledge and skills.

Vision Statement: At Bear Valley each individual is respectful of the unique physical, social, emotional, and intellectual needs of others. We work as responsible members of a community striving to behave in a manner that promotes growth and achievement for all. Staff and students are ready to learn and committed to high standards, expectations, and quality performance. We believe a shared vision, combined with goal setting, will directly result in an exemplary educational program.

State and MVUSD content standards and frameworks—in addition to State, District, and school site tests—are used to provide a strong base for our instructional program. Our school receives Title I, and English Language Learners (ELL) funds. These resources supplement the base program in areas such as tutors, staff development, educational materials, interventions, parent workshops, and other services to increase student learning. These programs enhance the teachers in their goal to challenge and support student learning. Bear Valley's staff is focused on providing a high quality curriculum to all students based on specific targets. Teachers work collaboratively throughout the year analyzing test scores and establishing SMART goals to raise student academic achievement. Targeted interventions are in place to support at-risk students, as well as proficient / advanced students.

To inspire maximum growth in all areas, the Bear Valley staff will continue the rigorous educational program enhanced by a safe, orderly, and positive learning environment; share leadership; and recognize exemplary staff, students, and school volunteers. At Bear Valley we are proud of our MVUSD and we are "Bearing" the Excellence. The school community is committed to the motivation and development of individual students' talents and abilities, while recognizing their diverse needs.

To implement a comprehensive instructional program, Bear Valley pledges to execute, monitor, and achieve schoolwide goals. These goals are believed to be most important to our school community:

- Fidelity to the core
- High expectations for all
- Challenge and empower students
- Promote responsibility and problem-solving abilities
- Shared leadership
- Connect with the students and community
- Rigorous educational program, including targeted interventions
- Meet the diverse needs of students
- Multi-cultural awareness and appreciation
- Safe, orderly and positive learning environment

About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school at (951) 571-4520.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

The District provides all students with high-quality textbooks and instructional resources. Instructional materials are reviewed and approved by State committees for local adoption in grades K-8; high school materials are reviewed and approved locally. All core instructional materials are reviewed by District level committees of teachers and administrators and approved by the Board of Education prior to use within MVUSD schools. This process is aligned with the State Department of Education’s seven-year review cycle. The State Board’s adoption cycle is: • 2004-05: Health • 2005-06: History-Social Science • 2006-07: Science and Visual & Performing Arts • 2007-08: Mathematics • 2008-09: Reading-Language Arts The District normally adopts new material within twenty-four months of adoption by the State Board of Education. As a result of state budget shortfalls, Assembly Bill X42 (Chapter 2, Statutes of 2009-10 Fourth Extraordinary Session) signed on July 28, 2009, suspended the process and procedures for adopting instructional materials, until the 2013-14 school year and allowed districts to postpone. Each school has a library to supplement and enrich the school’s instructional program. In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 9/28/2010 that each pupil in the district, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below (0% lack textbooks and/or instructional materials in any of the listed areas). The chart below outlines the textbooks adopted and used by Moreno Valley Unified School District.

School Facility Conditions and Planned Improvements (Most Recent Year)

General:

The District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the District office, or on the Internet at www.mvUSD.k12.ca.us.

Listed below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School Building:

This school has 40 classrooms, 22 permanent classes, 18 portables, a multipurpose room, a library, and an administration building. The main campus was built in 1989. The school opened in 1989.

Maintenance and Repair:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and all emergency repairs are given the highest priority.

Cleaning Process and Schedule:

The District governing board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the District's M & O office. The District Custodial Supervisor works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Improvement Projects:

Improvement projects recently completed at the school include new privacy panels were installed in B, G, and D wing restrooms.

Deferred Maintenance Budget:

The District participates in the State School Deferred Maintenance Program, which provides State-matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2008-09 school year, the District has budgeted \$1,280,000 for the Deferred Maintenance Program. This represents 0.44% of the District's general fund budget.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

We believe that student achievement and success are based upon strong school and community partnerships. Therefore, Bear Valley Elementary School encourages and provides a wide variety of opportunities for direct parent and community participation.

Our active Parent/Teacher Association (PTA) enriches the quality of the school climate by coordinating school spirit activities, as well as numerous fundraisers throughout the year. Volunteers are actively encouraged to assist in the classrooms, help during field trips, and support teachers with special projects.

The School Site Council (SSC) works immensely hard in recommending and developing the school plan. They review school programs annually. Our active English Learner Advisory Council (ELAC) provides input on matters that affect students who receive ELD services.

Throughout the school year, the parents attend Literacy Events and Family Nights— enjoying instruction in curricular areas to develop skills they can use at home. A committee coordinates activities such as the Literacy Fiesta and student performances throughout the school year. Grade Level Team provide Parent Workshops to assist parents in providing support to their children. Community involvement is further evidenced by support from organizations that help highlight our academic programs with recognition incentives.

For more information on how to become involved, contact Mrs. Torres, our School Community Liaison, at (951) 571-4520.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The comprehensive School Safety Plan includes, but is not necessarily limited to, assessing the current status of school crime committed on school campuses and at school-related functions, identifying appropriate strategies and programs that will provide or maintain a high level of school safety, and addressing procedures for complying with existing laws related to school safety.

Fire drills are held at least twice a year at the secondary schools and once a month at the elementary schools. Disaster and earthquake drills are conducted as needed. The School Safety Plan also includes the MVUSD discipline policy, which describes the consequences for student misconduct (such as detention, Saturday School, suspension, and expulsion).

The School Safety Plan was last reviewed, updated, and discussed with the school faculty in January 2011.

Types of Services Funded at Bear Valley Elementary School

The average daily attendance (ADA) dollars provide services budgeted from the general fund including regular classroom instruction and support, special education, counseling, psychology, child welfare, and attendance and program assessment. Additional services funded as categorical programs include: Title I, and Title VI assistance to targeted populations, services for English Learners, Gifted and Talented Education (GATE), School Safety and Violence Prevention, and before- and after- school tutorial programs.

Professional Development provided for Teachers at Bear Valley Elementary School

Professional development is designed to support the implementation of the school's plan by promoting curriculum improvement training programs focusing primarily on grade level academic content standards instructional strategies, assessment (data analysis and content training), review processes, individual school needs, and needs of special students. Such programs focus on analysis of teaching and student learning, accountability strategies, and integration of technology into the District's curricula. The Professional Development Specialists have also been trained in the Professional Learning Community model and are available for assistance with implementation on our campuses. Our schools also benefits from the various professional programs available to staff through District support. Some of these opportunities are:

- Teachers with preliminary credentials new to Moreno Valley are provided the opportunity to clear their credentials through the Induction Program coordinated by Professional Development and RCOE.
- Multilingual and Special Education trainings are all coordinated through Professional Development. CPR and Instructional Assistant trainings are also coordinated through Professional Development
- Participants may register electronically for professional development offerings.
- Local colleges and universities offer a wide variety of professional development coursework.

Teachers are compensated for attending professional development during their non-contract time. Substitutes are provided through various funding sources for trainings taking place during the school day. Professional Development works collaboratively with teacher-teams to develop Scope and Sequence manuals for teaching the Common Core State Standards. The department also facilitates teams for the creation of the new Interim Assessments. The Professional Development department is moving away from the traditional 'workshop' method of providing teacher training and is moving towards a coaching model where our twelve specialists spend a day at each school site collaborating with the staff and administration to analyze data and develop plans for increasing student achievement. Each specialist has had in-depth training on implementing the Common Core State Standards and with school staffs to implement the changes using a transformational model. Professional Development also plans and hosts the Leadership Academy for developing teacher leaders.
