School Description

Sequoia Charter School devotes itself to creating a brighter future and a rich learning experience for each and every student. We promote and instill high standards, personalized goals, and dynamic partnerships with family and community. We embrace the view that all students can succeed in a safe, positive, and academically stimulating environment. The Sequoia Charter School campus provides a student-centered educational program for students in grades 7-12, through support teams comprised of highly qualified teachers, support staff, and Educationally Related Intensive Counseling Services (ERICs). Sequoia's unique integration of academic, behavioral, and therapeutic support creates an environment in which students experience achievement towards their educational goals and objectives. Our students participate in active learning environments equipped with educational technology and curriculum aligned to the Common Core State Standards. Our school-wide positive behavioral support program encourages students to modify their behaviors to become successful learners in the classroom. Within this extraordinary learning environment, students receive exemplary instruction and experience the comfort and safety of positive social interactions. Everyday at Sequoia, in addition to academics, students learn invaluable life lessons that strengthen them to cope with social and emotional struggles. In addition, they receive Community Based Instruction and transition services to strengthen their post-secondary success toward a brighter future.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (661) 259-0033 or the district office.

2014-15 Student Enrollment by Grade Level	
Grade Level	Number of Students
Grade 7	5
Grade 8	3
Grade 9	10
Grade 10	8
Grade 11	18
Grade 12	9
Total Enrollment	53

2014-15 Student Enrollment by Group	
Group	Percent of Total Enrollment
Black or African American	3.8
Asian	1.9
Filipino	1.9
Hispanic or Latino	35.8
White	49.1
Two or More Races	7.5
Socioeconomically Disadvantaged	52.8
English Learners	11.3
Students with Disabilities	100
Foster Youth	5.7

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials			
Sequoia Charter School	13-14	14-15	15-16
With Full Credential	5	5	4
Without Full Credential	0	0	1
Teaching Outside Subject Area of Competence	0	0	0

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Grade Level	2014-15 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

In an effort to meet the unique needs our students, Sequoia Charter School welcomes parent involvement through programs such as our Parent Advisory Council, Parent University, Educationally Related Intensive Counseling Services and regularly scheduled IEP meetings. Sequoia's parents participate actively in Parent Advisory Council to provide their input into school matters. Parents are also supported through a monthly parent education night - Parent University. Each meeting features dynamic topics designed to focus on the intersection of education and mental health. Sequoia seeks to further empower families with effective tools to support students in their pursuit of achievement and excellence.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

School Safety Plan

The school safety plan is reviewed annually to ensure Sequoia maintains a safe and healthy learning environment for all students and staff. The plan includes child abuse reporting procedures, dangerous student notification, bullying and cyber bullying, school site discipline, evacuation procedures, lock-down procedures, risk management assessment, and crisis management and intervention. The plan is shared with staff before and after scheduled drills to ensure its efficiency. The plan was reviewed and revised in 2015, and modified to enhance procedures for evacuations and lock-downs.

Bullying prevention continues to be a priority at Sequoia. Administrator, ERIC's therapists, teachers, and staff are proactive in identifying and responding to peer conflict that could escalate. Our peer mediation program has been successful in assisting students to resolve issues before conflict escalates, requiring adult intervention and school consequences. Additionally, our Safe School Ambassadors program has empowered students to be positive influences within their peer group. We continue to address school wide issues by educating students through assemblies.

Sequoia is a closed campus. Campus supervisor and school personnel monitor campus before, during, and after school. Visitors must register in the Attendance Office areas before entering the campus. The administrative team works closely with law enforcement and our School Resource Officer (SRO). Our positive relationship with law enforcement provides students and parents an opportunity to interact and build relationships with our site's SRO. Our partnership with local law enforcement allows administration to stay current with issues and needs present in our local community along with immediate support at the school site when necessary.

Suspensions and Expulsions			
School	2012-13	2013-14	2014-15
Suspensions Rate	39.73	18.84	17.39

Resource Specialist	
Other	
Average Number of Students per Staff Member	
Academic Counselor	

* One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Professional Development provided for Teachers

Professional Development at Sequoia has a long term focus on reading, writing, thinking, and applying knowledge as we shift instructional practices to support the Common Core State Standards and the new CAASPP assessments. During the 14-15 school year, to support teachers in the transition to the core, the concentration was on building foundational understanding of the standards, developing resources, and expanding collaborations between all stakeholders. ELA and math content teams developed pacing guides and designed rigorous curricular units for the 2014-2015 school year and beyond. Professional Development Coaches were engaged in a deep examination of the Common Core Anchor Standards for Literacy in preparation for supporting all teachers as they taught literacy across the curriculum. These Common Core Anchor standards delineate reading, writing, listening and speaking skills students utilize across curriculum at all grade levels. All teachers participated in site and district level professional development around these key literacy standards as well as strengthen and support core instruction of literacy practices. We focused on the shift in assessment from simple recall to application of knowledge through performance tasks. Throughout the year, the faculty learned strategies for facilitating learning and requiring students to become active participants in the classroom.

During the 15-16 school year, we continue to utilize and create performance tasks, but with an additional focus on the shifts in instruction required by such assessments. Professional development has given teachers strategies to move from a teacher-directed classroom to a student-centered classroom and facilitating learning experiences instead of simply delivering content knowledge. The Rigor/Relevance Framework helps guide our philosophy in shifting instruction from acquisition of knowledge to the ability to apply knowledge to real-world situations. For the 15-16 school year, we organized our staff development into multiple lesson study days for the purpose of professional learning one day and time for implementation the next. Teachers work within their department during collaboration time to create and modify both lessons and

assessments to address literacy within their discipline appropriately. We also continue to conduct Professional Development 30 minutes after school bimonthly. Disciplinary literacy will continue to be a focus for Sequoia over the next few years. Teachers are also provided with the mobile technology and support they need to enhance instruction and increase the use of technology in the classroom.

Career Technical Education Programs

The Wm. S. Hart Union High School District, in collaboration with the Santa Clarita Community College District, is introducing a comprehensive college and career readiness initiative titled "Pathway to My Future." The initiative will allow students to be more aware of what they need to do in preparation for life after high school. Dedicating more attention earlier on than ever before, students will be identifying their interests and careers that match. Students will also be able to explore a wide array of post-secondary educational options that align with work done while involved in a Career Pathway. The need for this initiative came about from an outcry of students who finished their post-secondary options and then say, "Now what?" The Pathway to My Future Initiative will enable students to have a clear, focused direction on what they want to do for a career by either attaining a job directly after high school in the field by completing a pathway leading to a certificate, or furthering their education with a subject major or institution of higher learning that will continue to the work they began in the Hart District.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
