Ardmore City Schools "Spotlight"

An Update from Superintendent Kim Holland

ONE TEAM. ONE MISSION.

Edition 3
September 1, 2017

Way to Go Charles Evans!

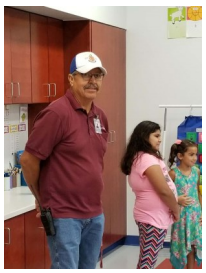
Students in Mrs. LaPointe's 1st grade classroom took a little time this week to write letters to some of the families affected by Hurricane Harvey.

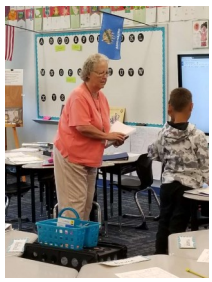
Thank You SOMF

A big thank you to the Southern Oklahoma Memorial Foundation for their continued support of our school nurses program. The Foundation recently awarded the district $400,000 to continue providing 5 school nurses for our students. The grant is for a three year period and this is the third time we have been a recipient of their generosity.

Rtime — Relationships to improve education

Everyone at Lincoln participates in Rtime.





Are you traveling to Ada tonight to watch the Tigers take on the Cougars? We have been notified by Ada High School that the entrance to the games is located on the NW corner of the stadium.

If you can't make it to them game, never fear. You have a couple of options. You can listen to the game on 97.7 FM KICM or watch them live with video streaming coverage on your computer, laptop, tablet, iPhone, Android, iPad … Just follow this link and get ready for some Ardmore Tiger Football!!!!

Go Tigers.

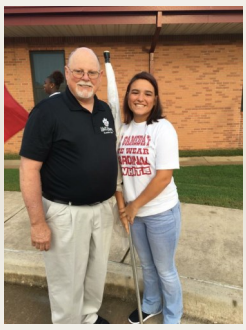
Is there anything a principal won't do? Yes that's a pigeon who wants to go inside of Lincoln. Ms. Mitchell is gently encouraging it to move on and it did. Check out those "blue gloves".

Look who we caught "teaching" some of our new teachers today during the first PLC day of the year. That's our superintendent Kim Holland doing a little "Love & Logic" training.

There's nothing like a pep rally to get everyone ready for a game. The band, pom squad, cheerleaders, a pep talk from Coach Newby and a little Tug of War action. Teachers vs Coaches. Can you guess who won?

The Coaches.



A full circle moment: A former Ardmore Tiger and a current Ardmore Tiger.
