

Budget VOTE Tuesday, May 15th

High School Auditorium Lobby 8:00a.m.-8:00 p.m.

Did you know?

- 1) Red Jacket has the second lowest school budget out of all the 26 schools in the WLF BOCES region, including districts similar or smaller in size, but yet we are a leader in our region by providing our students and teachers with state of the art technology (note: the district with the smallest budget is also the smallest public school in our region)?
- 2) That 82% of Red Jacket seniors are expected to graduate with college credits this year?
- 3) Red Jacket is offering students more career education opportunities, such as internships, job shadowing, presentations, and career field trips by partnering with local businesses and community leaders?
- 4) The total value of assessed property within a District is a factor in determining your tax bill?
- 5) The total school tax levy increase was **0.0%** in 2016-2017 and **0.0%** in 2017-2018?
- 6) We are asking voters to vote on a **1.5%** tax levy increase for the 2018-2019 school year even though the tax cap is 4.09%?
- 7) Red Jacket has never exceeded the tax cap?
- 8) **We are very grateful to our Red Jacket Community!**
