Our Summer School program is a teacher-led web-based program through Edgenuity and is conducted in one of our state-of-the-art computer labs. Students are allowed to work at their own pace thereby providing the opportunity to recover credits quickly and effectively. A highly qualified teacher continually oversees and motivates students to help foster their success.

Classes will begin July 9, 2018 and will run through August 9, 2018. **Classes will meet Monday through Thursday.** If a student completes the class(es) approved by their counselor before the August 9<sup>th</sup> end date, that student will not be required to return to class. Each class completed will be granted one half (½) unit of high school credit. Classes will meet at the Community Education building. The summer school fee is \$100.00 for residents and \$150 for non-resident students. Grades will not be released until a class or classes are paid in full and the course is completed.
