Thursday, March 8, 2018 afterschool from 3:00 p.m. - 4:00 p.m. Two rooms - Grades 1-2 and Grades 3-5

CSO Flags

Students will understand the effects of CSO's on the environment. Students will demonstrate what they have learned by working in groups to design CSO flags which feature student created public service messages to warn river recreationists of CSOs. Students will then present their CSO flag designs and present their messages.
