

LCAP Year 2017–18 2018–19 2019–20

Local Control Accountability Plan and Annual Update (LCAP) Template

[Addendum](#): General instructions & regulatory requirements.

[Appendix A](#): Priorities 5 and 6 Rate Calculations

[Appendix B](#): Guiding Questions: Use as prompts (not limits)

[LCFF Evaluation Rubrics](#): Essential data to support completion of this LCAP. Please analyze the LEA's full data set; specific links to the rubrics are also provided within the template.

LEA Name	Kings Canyon Unified School District, Reedley Middle College Charter High School		
Contact Name and Title	Alejandro Juarez Administrator	Email and Phone	juarez-a@kcusd.com (559)305-7050

2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

Reedley Middle College High School (RMCHS) is a dependent charter school under the umbrella of Kings Canyon Unified School District (KCUSD). In this dual enrollment program, students will attend high school on the Reedley College campus and earn a high school diploma while earning college credit simultaneously. All students will have the opportunity to work toward a community college certificate, associate degree, or become transfer ready depending on their class selection and completion of college courses. RMCHS pathway of study is for high school students interested in Agricultural Business or Business Administration. There is no additional cost to students for attending RMCHS. All textbooks and college fees are waived while students are still in high school.

RMCHS was established in 2012, with one classroom consisting of twenty 9th grade students and graduated its first class of nineteen students in the Spring of 2016. The 2016-17 school year marks RMCHS fifth year of existence and is serving 146 students in grades nine through twelve. Our student demographics consist of 83% Hispanic/Latino, 13% White, 2% other Asian, 1% Asian, and 1% Filipino. The majority of the students who attend RMCHS come from the city of Reedley but student enrollment representation stretches across the neighboring cities of Orange Cove, Dunlap, Squaw Valley, Dinuba, Selma, Parlier, and Sanger. The teaching staff consists of 4 full time teachers and 6 part time teachers. RMCHS teachers and staff are dedicated to ensuring the academic success of every student and providing a safe and productive learning experience.

Students attending RMCHS will be offered an individually designed, standards-based educational program providing the necessary foundation for success in college and/or career. The RMCHS educational plan consists of a broad range of goals and objectives to meet the unique educational needs of all students, specifically in the areas of Agricultural Business or Business Administration with an Entrepreneurship option. These goals and objectives are specified in the School's adopted academic standards, which reflect the standards approved by the California State Board of Education. Use of the latest technology and Internet access will be made available to all students and staff to enhance the student's educational experience. In addition to individually tailored courses of study at RMCHS, students can extend learning experiences and interests through access to appropriate community college courses, internships, and service learning projects.

The goal of RMCHS is to provide students with the foundation to apply for admission to, persist in, and graduate from the college of their choice. Students will explore their capabilities and interests to fully develop their potential for their desired success.

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

The RMCHS Local Control and Accountability Plan contains six goals designed to primarily increase and/or improve services for our unduplicated student population which is 82.2% of our near 150 students.

The goals are:

- 1) Basic Services - ensuring that students are attending school on campuses that are in good condition while being taught by teachers who are appropriately assigned, and provided with adequate textbooks, materials and supplies
- 2) Implementation of State Standards - ensuring that students have access to grade-level state standards, along with rigorous curriculum, to support academic achievement for all students
- 3) English Language Learners - ensuring that English Language Learners have increased support towards attaining English language proficiency
- 4) Co-Curricular Activities - ensuring that students are provided a broad spectrum of both educational and co-curricular activities to support college and career readiness
- 5) Safe Environment - ensuring that students are provided with safe and nurturing learning environments to support their social, emotional, and academic success
- 6) Parent Education - ensuring that students have the opportunity to increase academic achievement through the engagement and education of parents and families

The focus areas for the 2017/18 school year, and providing increased opportunities for technology for unduplicated students, based on input received from our stakeholders through Stakeholder Meetings held in November and March, Parent Survey (Spring 2016) and Student Survey (December 2016), Student Forums held in December 2016, and an analysis of the required metrics and School Dashboards. As a result of the thorough analysis of the previously mentioned data, an increased emphasis has been placed on students with disabilities.

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

GREATEST PROGRESS

During the 15-16 year, the biggest progress that we made as an LEA was in providing a broad array of educational and co-curricular activities to assist student in reaching their highest potential. For the most part, through FFA, we have established ourselves as an Agriculture school and have multiple opportunities for Ag students to acquire the skills to make them college or career ready in this industry. In the past, we have fallen short in providing the same amount of opportunities for our cohort of students who are in the Business Administration pathway. For our Business students, this 16-17 school year, we were able to establish a Skills USA organization. Skills USA has helped our students to develop the skills required to enter the workforce through a structured program of citizenship, leadership, employability, technical and professional skills training. Students had the opportunity to compete in local area events in San Luis Obispo and qualified to participate in the State competition in San Diego. Additionally, Business Administration cohort of students also participated in the Network for Teaching Entrepreneurship (NFTE) program which is sponsored by CSU Fresno. NFTE provided entrepreneurship education programs for RMCHS student to further enhance their economic productivity by improving their business, academic and life skills. RMCHS students had the opportunity to create a virtual business and learn how to create a

business plan to establish a business. Students also had the opportunity to compete against other students and showcase their business plan in hopes of qualifying for the National competition in New York.

Participation in Career and Technical Education for our students is at a 100% and we will continue to provide multiple opportunities for students to develop into college and career ready individuals

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

GREATEST NEEDS

SBA Math area.

According to results on the 2015 SBA math data, 88% of the students were in the "nearly meeting standard or standard not met" band. During that testing year, the 11th grade cohort of students who took the SBA were in a class that was combined with the 10th grade cohort of students who were taking a different math class due to low enrollment. Students were put in a tough position since the teacher had to split his time between two different curriculum and were not in the best learning environment. To address this area, we created 2 stand alone Math classes that focused on only teaching the standards and curriculum that would be assessed for the 11th grade cohort of students. The two math teachers are part of a math professional learning community (PLC) that meets every Wednesday for 2 hours in which they review student performance data and identify best teaching practices that help them to adjust their instruction and how to best reach students.

RMCHS will also continue to provide extended learning opportunities in math by providing embedded intervention during the school day by providing access to an individualized math software and providing a math intervention section with a credentialed teacher. We will also continue to provide an after school tutoring program in all subject areas so that students can benefit from a targeted small group intervention environment.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

RMCHS had no performance gaps as reported by the CA School Dashboard.

PERFORMANCE GAPS

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Please refer to sections 2 and 3

BUDGET SUMMARY

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION	AMOUNT
Total General Fund Budget Expenditures for LCAP Year	\$1,308,804.10
Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for LCAP Year	\$1,512,245.00

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

- Professional Consulting Services and Operating Expenditures: \$1,029
- Textbooks for College Coursework and reference material: \$60,604
- Educational Overnight Trips/College Visits: \$20,602
- Computer Supplies/Technology: \$13,066
- Materials and Supplies: \$11,476
- Travel and Conference: \$1,393
- Dues and Membership: \$1,339

\$2,024,406

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability

Using the Rating Scale, Goal 1 was implemented at Level 5 - Full Implementation and Sustainability

RMCHS was able to have 100% of its teachers appropriately credentialed. A high quality and safe educational environment was provided for students by providing basic operating services. Services such as access to an office secretary, general office materials, supplies, and equipment.

RMCHS staff is provided with intentional professional development in three phases: 1) Beginning of the year, 2) On a weekly basis (Wednesdays), 3) Mid year (Winter Break). It is the intention of the district to ensure that teachers have continued support throughout the year so that they can refine and modify their teaching practices to engage all students.

Data from the implementation of each action is monitored regularly by site administration, teachers, and staff.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Rating Scale (lowest to highest): 1 - Annual Measurable Outcomes Not Met; 2 - Annual Measurable Outcomes Met; 3 - Annual Measurable Outcomes Exceeded

Using the Rating Scale, Goal 1 was effective at Level 2 - Annual Measurable Outcomes Met.

RMCHS is a dependent charter school under the umbrella of Kings Canyon Unified and with their support, RMCHS was able to have 100% of its teachers appropriately credentialed in all high school subjects.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Increase reflected in the estimated actual expenses for salaries and benefits is a result of a 4.25% pay raise agreed upon in Fall 2016, and the annual salary schedule increase.

Increased collaboration between the Business Office and the Educational Programs Department provided a clearer understanding of costs for this action. Estimated expenditures were calculated more appropriately, and the actual expenditures were less than estimated. Projections for next year's estimated expenditures reflect this change.

Professional Development from an outside agency was not brought in for our teaching staff this year since we were in a transition year with administration. Teachers did not attend any conferences but will be strongly encouraged to attend one Professional Development this year to further engage students.

KCUSD is still in the planning stages of building a new facility for RMCHS and have not started construction as of yet. Construction is set to start in the Fall of 2017. Current expenditures are to cover the planning and other expenses.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

There are no changes made to the 17/18 LCAP for this goal or the rubrics used to measure it's effectiveness.

Annual Update LCAP Year Reviewed: 2016-17

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 2

Goal #2 All student will demonstrate and increase in academic achievement in all core subject areas- English Language Arts (ELA), Math, Science, and Social Science - through the implementation of state standards.

State and/or Local Priorities Addressed by this goal:

STATE	<input type="checkbox"/>	1	<input checked="" type="checkbox"/>	2	<input type="checkbox"/>	3	<input checked="" type="checkbox"/>	4	<input type="checkbox"/>	5	<input type="checkbox"/>	6	<input checked="" type="checkbox"/>	7	<input checked="" type="checkbox"/>	8
COE	<input type="checkbox"/>	9	<input type="checkbox"/>	10												
LOCAL																

ANNUAL MEASURABLE OUTCOMES

EXPECTED

- Student achievement will be demonstrated by a 2% overall increase in Met Standards/Exceed Standards as measured by the Smarter Balanced Assessment (ELA and Math) and in Proficient/Advanced as measured by California Standards Test (Science). Student achievement will be demonstrated by a 3% increase for all subgroups in Met Standards/Exceed Standards as measured by the Smarter Balanced Assessment (ELA and Math) and in Proficient/Advanced as measured by California Standards Test (Science).
- EAP: The percentage of 11th grade students considered ready/conditionally ready for College English will increase by 2%.
- EAP: The percentage of 11th grade students considered ready/conditionally ready for College Math will increase by 2%.
- District Writing on Demand Benchmarks: The percentage of proficient/advanced students will increase by 2%.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability

Using the Rating Scale, Goal 2 was implemented at Level 4 - Full Implementation

RMCHS was able to consistently address the state standards by purchasing materials and supplies that would allow students to access and practice the core areas; English, Math, and Science. A significant amount was spent on purchasing college textbooks since students take college coursework in addition to their high school course of study. Students have the unique experience to participate in an enrichment course of study and are exposed to a very rigorous educational program. Technology was purchased so that every single student has a one to one device to help support access to all content and help support the use of technology to further enhance their learning. Actions also addressed further support of the subject matter in Science by purchasing an online instructional resource that helps with further student engagement. Students take part in the NWEA assessment two times per year to help monitor their progress in ELA and Math.

Students continued to have access to a broad course of study by providing them with opportunities to take on CTE courses. Teaching staff with CTE credentials help support the core areas by providing students with educational experiences that promote literacy, research, and public speaking.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Rating Scale (lowest to highest): 1- Annual Measurable Outcomes Not Met; 2 - Annual Measurable Outcomes Met; 3 - Annual Measurable Outcomes Exceeded

Using the Rating Scale, Goal 2 was effective at Level 3 - Annual Measurable Outcomes Exceeded

The implementation of state standards and focus on providing enrichment educational opportunities that support the state standards on a daily basis, has increased our student achievement in all areas. In preliminary score results of the SBA, we are showing score results that are significantly higher than the previous year. Our attendance rates continue to be at a high rate in comparison to the district and state, our a-g completion rates continue to be at a high rate in comparison to the district and state, and graduation rates continue to be at a high rate in comparison to the district and state.

Data from the implementation of each action is monitored on a regular basis by site administration, teachers, and staff.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

1c) In this action, we over budgeted and were not able to spend the entire amount despite having order a set of 40 chromebooks. Additionally, we had funds available in base money that was used to purchase a second set of 40 chromebooks. For the future, we will adjust the budget accordingly to pay out of one funding source. 2b) In this action, we allocated more funds than needed since this action has been serviced primarily by other Sup/Con moneys (Title1). Students still received these services. 3b) In this action, we did not allocate enough money to pay for the NWEA licenses needed so this money went unused. We still purchased the NWEA licenses that we needed using Base money and students still received these services. 4a) The amount of \$65,000 was not used because KCUSD also included this expense in their LCAP. All expenses are being incurred by KCUSD LCAP. 4b) The amount in this action was not fully used since not as much credit recovery was needed for students during this LCAP year. 4c) The amount in this action is still being actively implemented and the amount allocated should be spent by the end of the year since it is for teacher extra-pay. 4d) The amount in this action was not fully used since this action was financially serviced by base money. Students still received services intended.

Increase reflected in the estimated actual expenses for salaries and benefits is a result of a 4.25% pay raise agreed upon in Fall 2016, and the annual salary schedule increase.

Increased collaboration between the Business Office and the Educational Programs Department provided a clearer understanding of costs for this action. Estimated expenditures were calculated more appropriately, and the actual expenditures were less than estimated. Projections for next year's estimated expenditures reflect this change.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

As a result of the analysis of the implemented actions/services, RMCHS will continue to place emphasis on intervention opportunities for our students. We will focus on providing individualized learning opportunities during the school day, easy access to technology, and tutoring after school. Additionally, we will continue to provide credit recovery opportunities for those students that require it. In regards to the \$65,000 for CTE opportunities, we are including it once again in the 2017/18 LCAP and ensuring that we will provide the service and not KCUSD LCAP.

It is our expectation that the continued implementation of these actions/services will increase our student performance with the ELA and Math state standards as measured with the Smarter Balanced Assessment.

Annual Update

LCAP Year Reviewed: 2016-17

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 3

Goal #3:
All English learners will demonstrate progress towards attaining English language proficiency and increase the percentage of attaining proficiency in ELA and Math.

State and/or Local Priorities Addressed by this goal:

STATE	<input type="checkbox"/>	1	<input checked="" type="checkbox"/>	2	<input type="checkbox"/>	3	<input checked="" type="checkbox"/>	4	<input type="checkbox"/>	5	<input type="checkbox"/>	6	<input type="checkbox"/>	7	<input type="checkbox"/>	8

ANALYSIS

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability

Using the Rating Scale, Goal 3 was implemented at Level 5 - Full Implementation and Sustainability

RMCHS implemented the actions/services outlined in this goal. We were able to provide an instructor who provided the ELD designated instruction time required for students. All teachers were provided with professional development through an outside agency, that revolved around how to support ELD students in an effort to increase English language acquisition. Students language acquisition is measured annually by administering the CELDT assessment.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Rating Scale (lowest to highest): 1- Annual Measurable Outcomes Not Met; 2 - Annual Measurable Outcomes Met; 3 - Annual Measurable Outcomes Exceeded

Using the Rating Scale, Goal 1 was effective at Level 3 - Annual Measurable Outcomes Exceeded

The overall effectiveness of the actions/services were positive for students since all were able to receive designated ELD instructional time every day. This service has allowed students to access the high school core curriculum and college coursework.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The significant amounts of the budget allocated to this goal were utilized to support ELD students in accessing the core curriculum. The actions that dealt with additional extra pay for teachers and materials and supplies were not used since these actions were covered out of Base money or other Sup/Con money. Actual expenditures were more than estimated.

Increase reflected in the estimated actual expenses for salaries and benefits is a result of a 4.25% pay raise agreed upon in Fall 2016, and the annual salary schedule increase.

Increased collaboration between the Business Office and the Educational Programs Department provided a clearer understanding of costs for this action. Estimated expenditures were calculated more appropriately, and the actual expenditures were less than estimated. Projections for next year's estimated expenditures reflect this change.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Due to the low numbers of ELD students, we have eliminated Goal 3 from the 17/18 LCAP. Actions to support these students are written into Goal 2.

Annual Update

ANALYSIS

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability

Using the Rating Scale, Goal 4 was implemented at Level 5 - Full Implementation and Sustainability

For this LCAP year, RMCHS was able to successfully provide students with multiple opportunities to expose them to college and career experiences. Students were able to visit all three University systems: University of California, California State University and the Community College which provided them with a contrasting educational experience to draw from in the future as they prepare to select a college of their choice. Students were able to participate in multiple CTE, Agriculture, and Business competitions through membership with FFA and Skills USA. Students have had the opportunity to apply their learning in a competition setting demonstrating their command in soft skills, leadership skill, organizational skills, and research skills. Additionally, students were able to continue with their work in further developing the egg enterprise on campus and continue to develop their business skills. For the first time, students were able to take part in a Veterinary Science course that allowed them to earn both high school and college credit (dual enrolled).

Students also have the unique opportunity to participate in enrichment courses in the summer by enrolling in college courses at Reedley College. This experience allows them to have early access to college and the opportunity to stay on target to potentially complete their associates degree during their 4 year high school career.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Rating Scale (lowest to highest): 1 - Annual Measurable Outcomes Not Met; 2 - Annual Measurable Outcomes Met; 3 - Annual Measurable Outcomes Exceeded

Using the Rating Scale, Goal 4 was effective at Level 2 - Annual Measurable Outcomes Met.

All of the actions/services outlined were an effective means for students to gain a better understanding of the college and career choices that they have, improvement of student attendance and academic performance, and keeping a high rate of a-g completers and high school graduates.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

- 1a) The amount of \$27,000 was not used because KCUSD also included this expense in their LCAP. All expenses are being incurred by KCUSD LCAP
- 1b) The full amount was not used in this action because the original plan was to pay for PSAT but the students qualified for fee waivers and were able to take the test for free.
- 2b) The amount of \$1,349 was not used in this area. The full amount was not used because we over budgeted. Skills USA student participation was not as large as expected for the first year
- 2c) The amount of \$1,051 was not used in this action because another grant covered the cost (CCPT2). We had budgeted for two college trips and the CCPT2 grant covered one of the trips
- 2d) The amount of \$40,000 has not been used as of yet. This action is for summer school salaries and benefits and summer school will run from June 12-July 14.
- 2f) This amount was not used since enough funds were budgeted in other areas to cover this expense.

Increase reflected in the estimated actual expenses for salaries and benefits is a result of a 4.25% pay raise agreed upon in Fall 2016, and the annual salary schedule increase.

Increased collaboration between the Business Office and the Educational Programs Department provided a clearer understanding of costs for this action. Estimated expenditures were calculated more appropriately, and the actual expenditures were less than estimated. Projections for next year's estimated expenditures reflect this change.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

2a) FFA: For this action, we had to complete a budget revision to allocate more funds to cover expenses for student participation. FFA students were able to compete in multiple overnight competitions across the state as well as attend conferences to develop soft skills and leadership skills. For the 17-18 school year, we are expecting an increase in enrollment and participation in FFA. We have adjusted the budget for FFA and increased their allocation to meet the need of the students. We will continue to invest our efforts in increasing the business pathway and participation in Skills USA and have increased their budget as well.

We will be introducing a new virtual enterprise program/curriculum for the students to further enhance their skills.

Annual Update LCAP Year Reviewed: 2016-17

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 5	Goal #5: All students will be provided with safe and nurturing learning environments that support their social, emotional and academic success.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability

Using the Rating Scale, Goal 5 was implemented at Level 1 - Exploration and Research Phase

RMCHS continues to sustain a positive and safe climate for the student body. Even though we have not implemented a renowned behavioral model (PBIS) schoolwide, our students continue to meet the high expectations that we require of our students. We seek to develop Responsible, Motivated, Courageous, Honorable, and Successful students in an academic environment in which students are dually enrolled in

college and high school. We continue to instill in our students the belief that we are "Noble Knights" which creates a family environment in which we support and motivate one another. Every year, we provide an anti-bullying assembly and behavior expectations assembly to remind students about how we conduct ourselves in a college environment.

Since we have high school students who are considered minors attending high school courses and college course on a college campus, we have hired a campus assistant to ensure that students are as safe as possible around adults. The campus assistant is able to observe and monitor any adults that come near or through our facility and ensures that interactions are minimal and appropriate when not avoidable.

Data from the implementation of each action is monitored on a regular basis by school site administration.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Rating Scale (lowest to highest): 1- Annual Measurable Outcomes Not Met; 2 - Annual Measurable Outcomes Met; 3 - Annual Measurable Outcomes Exceeded

Using the Rating Scale, Goal 5 was effective at Level 3 - Annual Measurable Outcomes Exceeded

Even though we have not implemented PBIS, we have created an environment with high expectations for students that promotes respect, tolerance, and acceptance of others. Our office referrals are almost non-existent and our out of school suspensions were under 5 incidents for the year. Overall, the actions outlined in this goal directly impacted the safe and nurturing learning environment for all students.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

- 1b) The amount of \$4,062 has not been spent as of yet since we are still in the fiscal year. It is expected that the total amount will be spent. This action falls under salary and benefits for a campus assistant that will still be collected through the end of June.
- 1c) The amount of \$6,483 in positive climate was not spent because we over budgeted. Base money has been used to cover some of the costs in this area. For the future, more attention will be given to this action to ensure that we maintain a positive climate.
- 1d) The amount of \$1,000 has not been incurred and is expected to be incurred by the end of the fiscal year.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Upon review of this goal, we plan to implement strategies that will reward positive behavior of students so that they can continue to build a positive and safe learning community. We will advertise our message that we want to get to our student in classrooms, office, and outside buildings. It is our expectation that the implementation of this action will not only improve student social, emotional, and academic success but also improve attendance rates of our students.

ANALYSIS

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability

Using the Rating Scale, Goal 6 was implemented at Level 4 - Full Implementation

RMCHS provided multiple opportunities for parents to become involved in the 16/17 school year. Some of the events/activities extended to parents included: school site council, parent teacher club, advisory meetings, student celebrations, back to school night and open house. Additionally, parents were able to attend grade level meetings to get an overview of student expectations, grade level events, and 4-year academic planning. During these parent events, our partner, Reedley College Director, was also able to provide information to parents that helps them gain a better understanding of the college experience that their students are undertaking. We were able to successfully reach parents by utilizing our website, automated phone call school messenger, letters, and fliers. The implementation of these actions has allowed for students to have the opportunity to improve performance through the engagement of parents/families.

Although we did not have the opportunity to implement Parent Institute for Quality Education (PIQE), we were able to have consistent parent participation. Implementing PIQE will be a parent action that we will plan to fully implement in 17-18.

The only reason why we are not at a level 5 is due to not implementing PIQE this year. Data from the implementation of these actions are monitored regularly by the site administrator, teachers, and the site school site council/advisory council.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Rating Scale (lowest to highest): 1- Annual Measurable Outcomes Not Met; 2 - Annual Measurable Outcomes Met; 3 - Annual Measurable Outcomes Exceeded

Using the Rating Scale, Goal 1 was effective at Level 2 - Annual Measurable Outcomes Met.

Communication of parent involvement opportunities positively impacted parent participation in school events this year. We increased our parent involvement on school site council (SSC) as well as increased

the number of parents that participated in parent teacher club (PTC). Our other parent events like grade level expectations meetings were well attended as was the academic awards. Parent involvement in these activities has positively impacted their own child's academic performance at RMCHS since parents continue to motivate their children and visit the school seeking information on how to best support their child academically.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Action 2a) the amount of \$500 was not used since we over budgeted and did not need this amount. During planning and participation of this event, we realized that little to no cost was needed for this year. For next year, a concrete plan will be created with costs in mind.
2c) the amount budgeted here was not used because our partner Reedley College covered these costs for the Advisory board. For the upcoming year, we are allocating these moneys to other services for students and parents.
Action 3a) The amount of \$5,000 that was allocated to this service was not used this year to implement PIQE due to a misunderstanding of who would initiate the contact between both organizations. RMCHS assumed that PIQE would reach out to the school site and coordinate a meeting to set the dates and time frames to hold the program for parents.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

For the upcoming 17-18 school year, the expected outcome that RMCHS will focus on will be to implement Parent Institute for Quality Education (PIQE). We will strive to have continuity with all of the parent initiatives that we implemented but will have a heightened focus on implementing PIQE. This will be an action/service that we will include in the 17-18 year LCAP. RMCHS will be very intentional and take the initiative to contact PIQE and set-up a meeting date to develop a contract with dates and times for the parent program to start. Goal 6: Action 3a

Stakeholder Engagement

LCAP Year

2017–18 2018–19 2019–20

INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

RMCHS continued the established Charter Advisory Board meetings, which includes representation from all subgroups. RMCHS also joined the KCUSD LCAP Stakeholder meetings with student, parent, and staff representation from the school site, as well as the Kings Canyon Teachers Association, Classified School Employees Association, the Special Education Advisory Committee, and interested parents. At each Stakeholder meeting, an overview of the LCFF model and the LCAP were presented. Each meeting had three goals as the focus. Data from each metric was shared and participants were encouraged to ask questions and provide input on the goals and actions steps. Input from all groups was documented and prioritized. Additionally, the LCAP was reviewed with the District Advisory Council (DAC) and the District English Learner Advisory Committee (DELAC) in the fall of 2016.

KCUSD has collected an annual Parent Survey for a number of year, RMCHS has been a part of this process as well. The information is used to to help provide a focus for site direction. To gather information from students, we revised our Student Survey to gather information to help inform the direction of the LCAP. Student forums were established for grade level groups 3-5, 6-8, and 9-12. Input from the Student Forums and the Student and Parent Surveys were prioritized and considered for creating action in the LCAP.

The final draft of the LCAP was shared with the DAC and DELAC on May 8, 2017

Additionally, presentations about LCFF, the LCAP, and the LCAP process were shared with the following groups:

- Principals/Administrators - ongoing
- KCUSD District Fair - October 2016
- Parent Teacher Committee - February 9, 2016, March 8, 2016, and May 10, 2016
- District Website - (presentations)
- Parent/Community Input form (website), ongoing
- School Site Council - May 1, 2017
- LCAP brochure sent home
- Board Meeting - Ongoing

November 15, 2016 (Orange Cove) and November 17, 2016 (Reedley) - Stakeholder meeting goals 1-6

March 14, 2017 (Orange Cove) and March 15, 2017 (Reedley) - Stakeholder Meeting - School Dashboard Indicators

May 8, 2017 - LCAP revision presented to the District Advisory Committee and the District English Learner Advisory Committee

- Public Comment Period - May 25 - June 8, 2017
- Public Hearing - June 5, 2017
- Board Approval - June 19, 2017

IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

Based on Stakeholder input from surveys and advisory meetings, the following LCAP changes were suggested:

- Stakeholders appreciated the increased Parent Engagement opportunities. There was great attendance at the PIQE Institute. The input indicated this is something to maintain and increase.
- NWEA was implemented and progress monitoring began with the support of online intervention programs to support student needs. It was recommended that we continue this practice.
- Summer school was a success, all 9th grade students attended and completed their first college course as well as participating in intervention/enrichment and project based learning activities. This proved to be beneficial for students and teachers. Summer learning loss is of great concern, therefore we will continue this practice. 9th and 10th grade students will attend summer school prior to the 2016-17 school year.
- The Career Center Coordinator has been a great addition to the RMCHS team. Stakeholders appreciate the increased support and communication for students and parents. CSF was established and maintained by the Career Center Coordinator.
- Goal 3 was added to support English Learner (EL) students, RMCHS anticipated EL students entering the program, however, none did. The goal will remain the same, knowing that if the EL population remains zero the funds will be used to support all RFEP'd students through intervention, tutoring and credit recovery.

It was determined that all students at RMCHS participate in CTE courses, and the goal should be re-written to address percentage of completion and/or certificates earned, the graduating class of 2016 will determine the CTE completion rate.

The structure of RMCHS lends itself to Project Based Learning and cross curricular learning, data indicates a need for professional development in this area.

The following goals and/or actions have been revised or added based on Stakeholder input and review of the annual update:

Goal #1 - Action 4a was added to support Reedley Middle College High School's new facility.

- Expenditures increased in the areas of certificated staff and professional development to support the growing population at RMCHS.

Goal #2 - Action 1c was changed to technology to better support the expanding technology needs beyond computers

- Action 2a was split into two actions 2a and 2b for the use of different funds
- Action 4 was better divided into categories: Intervention and credit recovery, Supplemental pay, Materials and supplies, technology and resources to better track expenditures
- Professional development was removed from Goal 2 and addressed in Goal 1

Goal #3 - Action 3b Data Management system was moved to Goal 2

- Additional actions 2c and 3d were written to align to the KCUSD LCAP, Annual Testing for CELDT salaries and benefits as well as Designated and Integrated ELD salaries and benefits were added as actions to provide annual testing and instruction to all EL students and RFEP'd students.

Goal #4 - During PIQE, parents discussed the students taking the PSAT and the PLAN test to prepare for their college entrance exams, an action was added to support support students to be able to take this test as well as the ACT/SAT and AP tests.

- Action 2c was changed to allow for Guest Speaker to be invited to present to students in order to bring real world career experiences to the classroom.
- Action 2b will now support Skills USA in place of FBLA

Goal #5 - Action 1e was added to provide Anti-bullying services at RMCHS

Goal #6 - Action 3c was added to provide and maintain a school web-site

To accommodate the large amount of data needed to share, an appendix was created and attached at the end of the LCAP, for some goals

While the LCAP addressed the next three years, LCAP Advisory Committee members understand that many aspects of each goal will extend beyond the next three years

Goals, Actions, & Services

Goal 5

Goal #5: All students will be provided with safe and nurturing learning environments that support their social, emotional and academic success.

State and/or Local Priorities Addressed by this goal:

STATE 1 2 3 4 5 6 7 8
 COE 9 10
 LOCAL

Identified Need

Need:
 Continue to demonstrate decrease in suspension percentage
 Maintain low percentage of expulsions
 Continue to demonstrate increase in Attendance Rate and Chronic Absence Attendance Rate

EXPECTED ANNUAL MEASURABLE OUTCOMES

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
- %age of suspended students, including significant subgroups, will continue to be below the state average	- 2015/16 - 2.2%	- below state average	- below state average	- below state average
- %age of expelled students, including significant subgroups, will continue to be below the state average	- 2015/16 - 0%	- below state average	- below state average	- below state average
- Attendance rates will be maintained above 95%.	- 2015/16 - 97.8%	- above 95%	- above 95%	- above 95%
- Chronic absenteeism rates will be below 20% for all students, including significant subgroups.	- 2015/16 - 2.3%	- below 10%	- below 10%	- below 10%

- all facilities will meet Williams Act requirements with a "Good" standing on the overall summary of facility conditions evaluations, as reflected on the School Accountability Report Cards (SARC).	- 100%	- 100%	- 100%	- 100%
- %age of students feeling safe at school will maintain at 95%, as reported on the Student Survey.	- 97%	- 95% or higher	- 95% or higher	- 95% or higher

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year 2017–18 2018–19 2019–20

Estimated Supplemental and Concentration Grant Funds: \$346,930

Percentage to Increase or Improve Services: 20.68%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

The details of the expenditures listed below are itemized and explained in section 2 of this plan and are principally directed towards, and are effective in, increasing or improving services for unduplicated students. Since our unduplicated student population count is 85.25%, (the majority of our student population) all of these actions and services are being performed on a district-wide basis - the most efficient delivery of services. All actions and expenditures of Supplemental and Concentration funds were carefully and thoughtfully planned with the needs of our unduplicated population in mind, based on careful analysis of data and input from our stakeholders.

RMCHS will provide the following additional support and services to support our unduplicated students:

- Technology
- Educational opportunities during and outside the school day
- NWEA assessment to monitor individual student needs
- Provide Career Technical Courses
- Intervention programs for students and online credit recovery
- Supplemental pay for teachers additional hours
- Intervention materials supplies technology resources
- Teacher supplemental pay for extended day classes to support EL students
- ELD materials and supplies
- Designated and Integrated ELD salaries and benefits
- CELD curriculum and assessments
- Substitute salary and benefits to support annual testing
- Annual testing salaries and benefit
- Counseling department
- College readiness
- FFA
- Additional Co-curricular activities
- Educational fieldtrips and guest speakers
- Summer school salary and benefits and materials and supplies
- RMCHS Egg Enterprise

- Supplemental salary and benefits
- High school supervision salary and benefits
- Positive climate
- Chronic Absentee Recovery Effort Project
- Academic awards banquet
- PIQE

RMCHS will provide the following additional support and services to support our unduplicated students :supplemental materials and supplies The minimum proportionality percentage (MPP) for Reedley Middle College High School is 16.9%. The MPP has been met as demonstrated in Section 3B by expending all of the supplemental and concentration funds on the needs of the unduplicated student population.

Revised Local Control and Accountability Plan and Annual Update Template Instructions

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. For school districts and county offices of education, the LCAP is a three-year plan which is reviewed and updated in the second and third years of the plan. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

[Plan Summary](#)

[Annual Update](#)

[Stakeholder Engagement](#)

[Goals, Actions, and Services](#)

[Planned Actions/Services](#)

[Demonstration of Increased or Improved Services for Unduplicated Students](#)

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: lcff@cde.ca.gov.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for

the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)

- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Education Code identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. Education Code requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, Education Code Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is checked, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see [Demonstration of Increased or Improved Services for Unduplicated Students](#) section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, place a check mark next to “Limited to Student Groups”.

For charter schools and single-school school districts, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Check “New” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Check “Modified” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Check “Unchanged” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check “Unchanged” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the Goals, Actions, and

Services section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *Education Code* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the Demonstration of Increased or Improved Services for Unduplicated Students table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to 5 CCR 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR 15496(a)(7).

Consistent with the requirements of 5 CCR 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
 - a. English Language Arts – Common Core State Standards for English Language Arts
 - b. Mathematics – Common Core State Standards for Mathematics
 - c. English Language Development
 - d. Career Technical Education
 - e. Health Education Content Standards
 - f. History-Social Science
 - g. Model School Library Standards
 - h. Physical Education Model Content Standards
 - i. Next Generation Science Standards
 - j. Visual and Performing Arts
 - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy UC or CSU entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the CELDT;
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;

- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:

- A. A broad course of study including courses described under Sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under Sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *Education Code* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in *California Code of Regulations*, title 5, Section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

NOTE: Authority cited: Sections 42238.07 and 52064, *Education Code*. Reference: Sections 2574, 2575, 42238.01, 42238.02, 42238.03, 42238.07, 47605, 47605.6, 47606.5, 48926, 52052, 52060, 52061, 52062, 52063, 52064, 52066, 52067, 52068, 52069, 52070, 52070.5, and 64001,; 20 U.S.C. Sections 6312 and 6314.

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *Education Code* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *Education Code* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *Education Code* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *Education Code* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *Education Code* sections 42238.01 and bgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *Education Code* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *Education Code* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

LCAP Expenditure Summary

Total Expenditures by Funding Source						
Funding Source	2016-17 Annual Update Budgeted	2016-17 Annual Update Actual	2017-18	2018-19	2019-20	2017-18 through 2019-20 Total
All Funding Sources	1,421,529.00	1,146,581.26	1,512,245.00	1,474,771.00	1,474,771.00	4,461,787.00
Base	1,101,095.00	1,013,649.00	1,129,556.00	1,128,298.00	1,128,298.00	3,386,152.00
Other	0.00	0.00	32,436.00	0.00	0.00	32,436.00
Supplemental/Concentrated	320,434.00	132,932.26	350,253.00	346,473.00	346,473.00	1,043,199.00

* Totals based on expenditure amounts in goal and annual update sections.

Total Expenditures by Object Type						
Object Type	2016-17 Annual Update Budgeted	2016-17 Annual Update Actual	2017-18	2018-19	2019-20	2017-18 through 2019-20 Total
All Expenditure Types	1,421,529.00	1,146,581.26	1,512,245.00	1,474,771.00	1,474,771.00	4,461,787.00
	0.00	0.00	0.00	65,000.00	65,000.00	130,000.00
1000-1999: Certificated Personnel Salaries	442,711.00	297,710.00	395,288.00	337,618.00	337,618.00	1,070,524.00
2000-2999: Classified Personnel Salaries	53,175.00	49,795.00	70,233.00	60,733.00	60,733.00	191,699.00
3000-3999: Employee Benefits	106,650.00	118,686.26	141,052.00	111,646.00	111,646.00	364,344.00
4000-4999: Books And Supplies	223,224.00	219,638.00	281,672.00	236,172.00	236,172.00	754,016.00
5000-5999: Services And Other Operating Expenditures	587,269.00	459,602.00	118,000.00	657,602.00	657,602.00	1,433,204.00
5000-5999: Servicios y Otros Gastos de funcionamiento	0.00	0.00	500,000.00	0.00	0.00	500,000.00
5800: Professional/Consulting Services And Operating Expenditures	8,500.00	1,150.00	6,000.00	6,000.00	6,000.00	18,000.00

* Totals based on expenditure amounts in goal and annual update sections.

Total Expenditures by Object Type and Funding Source
