

Pyron Elementary

Alternate Methods of Instruction packet

If Pyron misses one day for inclement weather, your child/student will complete only Day 1 of the packet that is provided. If Pyron misses two days, he/she will complete Day 1 and 2 and so on according to the number of days missed.

With this AMI waiver, the learning packets completed, turned in, and graded will count as a full day of school. If a student fails to turn in an AMI lesson(s), he/she will be counted absent for that day.
