

Coldspring-Oakhurst Consolidated Independent School District Technology Resource Donations and Minimum Standards

The District appreciates all donation offers, but unfortunately, we cannot use older technology. The minimum standards below are a guide for those considering donating used equipment or purchasing new equipment for the District. Adhering to these standards helps us to ensure consistency and network manageability in order to provide the best education for our students.

Please Note: All donations must be approved by and delivered to the Technology Help Desk Office for configuration and standard software installation prior to deployment to the end-user.

Minimum Standards

(Current equipment and used computer donations/purchases)
