

A Free Outreach Program Run by the UW  
Math Department

More Info at: [math.wisc.edu/mathcircle/](http://math.wisc.edu/mathcircle/)

The Madison Math Circle gives high school and middle school students a taste of interesting ideas in math and science. Past presentations have discussed plasma and weather in outer space, the geometry of soap bubbles, and the mathematics of juggling.

- Weekly meetings begin in the Fall with new students welcome at any point. Just show up!
- Sign up for our mailing list to get weekly reminders and updates.
- Pizza provided each meeting!
- Be on the look out for our visits to your high school!
