

BULLYING CHECKLIST

FOR SCHOOLS

PLEASE READ BEFORE USING CHECKLIST

To determine whether an act is bullying or cyberbullying by law, proceed down the checklist and provide a checkmark for each true statement. If any identified section does not receive at least one checkmark, then the act is not consider bullying by state law.

David's law added authority to school districts for cyberbullying off campus and outside of school-related or school-sponsored activities based on specific criteria. In order to address this change while using this checklist please follow the conditional 'yes/no' logic for the questions regarding the use of electronic communication devices.

Did the act occur outside of a school-sponsored or school-related activity?

(This is an important distinction, as David's Law expands a school district's authority to include cyberbullying incidents that occur off campus and outside a school-sponsored or school-related activity, as long as it meets one of the below criteria.)

Yes

Did the act interfere with a student's educational opportunities; or substantially disrupt the orderly operation of a classroom, school, or school-sponsored/related activity?
