

Funded by the Children and Families Commission of Orange County

Infant Home Visitation Program

Serving children at birth through 17 months of age
Offered in English, Spanish & Vietnamese

Infant Home Visitation is a 6-month program utilizing PIPE (Partners in Parenting Education), KIPS (Keys to Interactive Parenting Scale), and the ASQ (Ages & Stages Questionnaire) for at-risk infants to promote:

- *Appropriate newborn care*
- *Improved bonding and attachment*
- *Positive parent-child interactions*
- *Breastfeeding and nutritious feeding practices*
- *Healthy infant development*
- *Parent empowerment through skill-building*

For more information please contact us at:

Children's Bureau
(714) 352-3190

Child Abuse Prevention Center*
(714) 543-4333

Please see Service Area Map (reverse) for catchment areas and referral information.

Program management support provided by:

*Services also offered in Vietnamese

Which parents will benefit from our services?

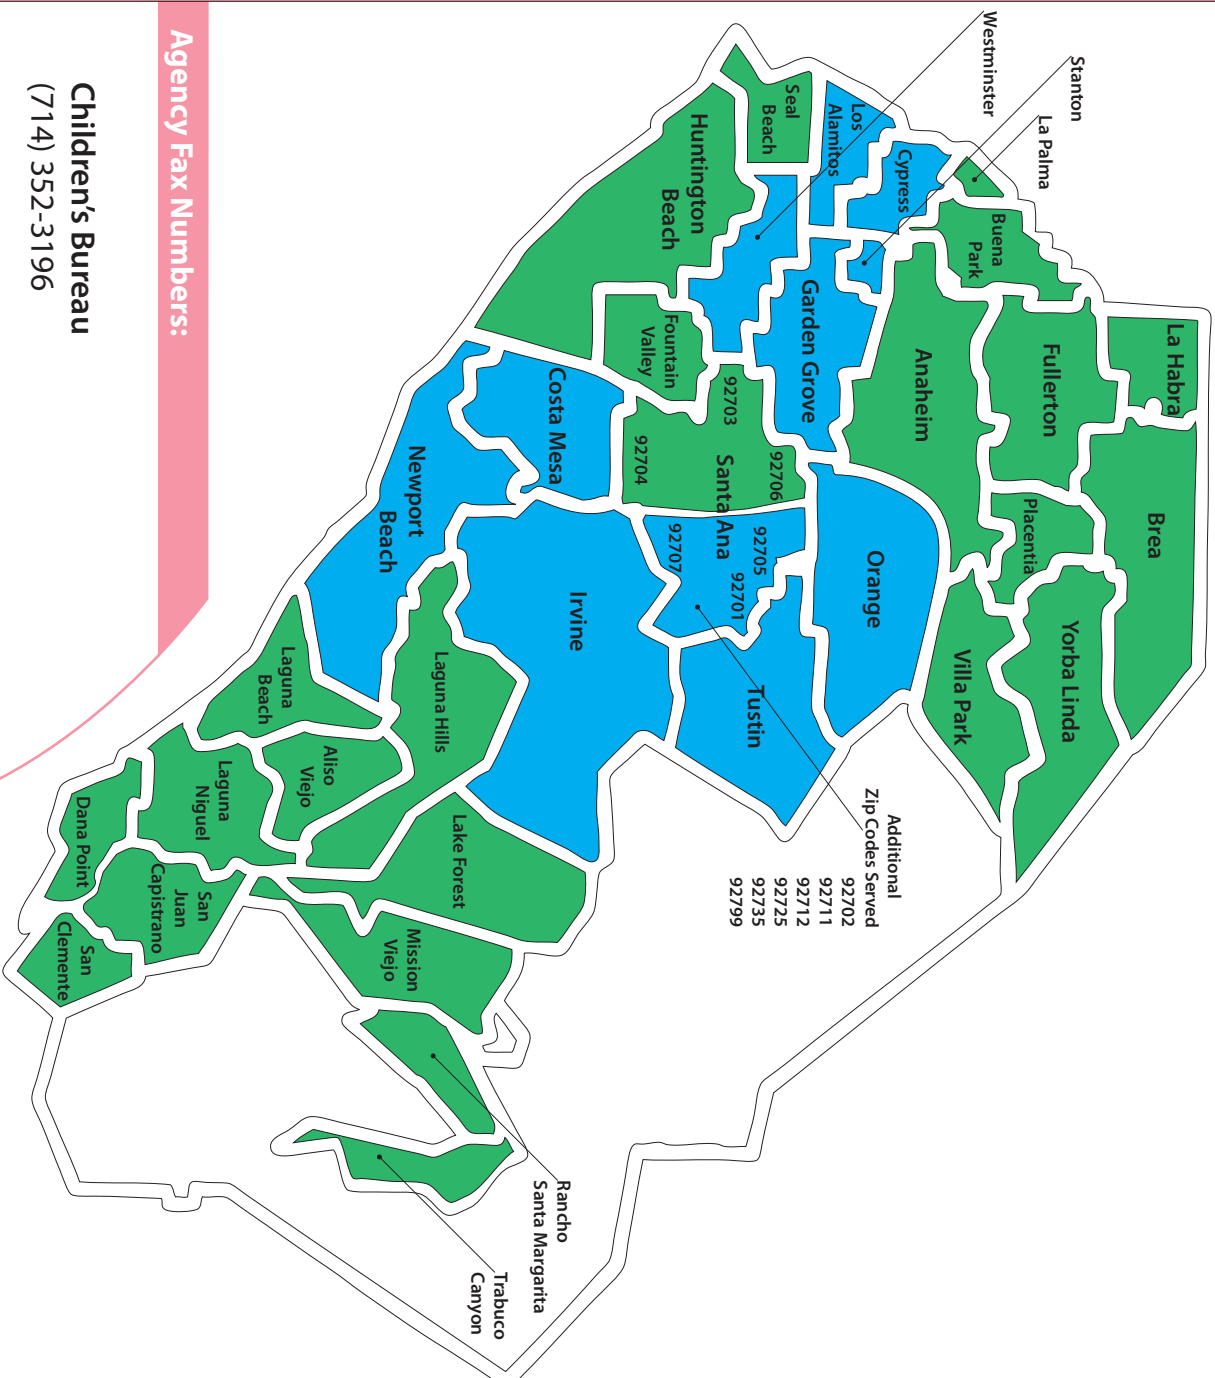

- *Young maternal age*
- *Low educational level for primary caregiver*
- *Unrealistic expectations about child development / discipline concerns*
- *Insufficient bond or poor parent-child interactions:*
 - *Baby makes mother feel abnormally anxious, annoyed or angered*
 - *Not responding to infant needs in a timely manner*
 - *Caregiver lacks interaction skills with infant (eye contact, smiling, play)*
- *New parent at-risk of forming poor attachments including:*
 - *Inadequate prenatal care*
 - *Unwanted pregnancy*
 - *Insufficient income/Unstable housing*
 - *Single marital/partner status*
 - *Social isolation*
 - *History of maltreatment/domestic violence*
 - *Mental health disorder or substance abuse*
 - *Maternal anxiety or depression*
 - *Low parent resilience with multiple life stressors (poor coping skills)*

We also continue to offer case management and linkage to:

- *Basic Needs*
- *Dental Home*
- *Developmental Screening*
- *Home Safety*
- *Healthy Feeding*
- *Immunizations*
- *Medical Insurance*
- *Medical Home*
- *Oral Health Education*
