Late Payments

- At this time, the school does not enforce a late fee. However, the school does have policies for failure to fulfill financial obligations. These policies include but are not limited to withholding grade reports, prohibiting the student from sitting for semester exams, participating in extracurricular activities such as student council, athletics, graduation activities and/or suspension from school until financial obligations are met. While it is the expectation of the school that all tuition be paid on time, we understand that unexpected circumstances arise. The school is asking families to be proactive in contacting us in these situations. If the school has timely notice, it may be possible to make alternative payment arrangements and avoid tuition arrears action.
