

## **CECFC Recognized For Excellence**

CECFC has been recognized as one of the top performing schools in Colorado. Sandi, Brown, head of school, CECFC and network executive administrator, CEC, explains, “We are honored to be recognized as one of the top performing schools in the state. Our students have shown a deep level of perseverance and commitment to their future because we treat them as individuals and allow them choice in their education.”

Keith King, administrator of the Colorado Early Colleges Network of Schools, concurs saying, “The recognition by Newsweek about the outstanding opportunities offered at our Fort Collins campus demonstrates that we are getting these young adults ready for college and life.”

Here are a few of the awards CEC schools have received:

[The Academic and Career Advising Team](#)

brings a distinct advantage to CECFC High School. Each student partners with a specific career cluster advisor that works with them to achieve their educational and career goals. The foundation of this partnership is the Individualized Career and Academic

Plan (ICAP) that is created for each student. The ICAP serves as a roadmap for a student’s academic journey at CECFC and is reviewed twice a year during a student’s advising meeting. Our advisors are dedicated, extremely knowledgeable and strive to foster success in each and every student.
