California Department of Education School Accountability Report Card Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

Valley Teen Ranch, an 85 acre property, is licensed by the California Department of Social Services as a Residential Treatment Group Home. Students are assigned to Valley Teen Ranch by the juvenile justice system. The average stay for each student is a year.

School Vision

Educational Options Schools will provide a safe and inclusive setting where students can improve their academic achievement in order to graduate, explore future educational, career and technical interests, and meet behavioral expectations. Valley Teen Ranch Continuation School is determined to teach and model the value of being lifelong global citizens who respect diversity, take personal responsibility, contribute to the community, and believe that they can make a difference.

Mission Statement

The mission of Educational Options Schools is to provide high standards of instructional services utilizing multiple means of delivery to meet the academic, social, and behavioral needs of at-risk students. Educational Options Schools strives to support students to stay in school, progress toward the completion of high school, integrate back to comprehensive school sites, and have the technological knowledge and skills to become responsible, college and career ready, global citizens.

Beliefs

- All students can learn and achieve academically.
- All students can demonstrate positive character traits and become contributing members of society.
- Staff development and training ensure that Educational Options teachers recognize the essential components of an effective educational program.
- Education is a partnership between students, teachers, staff members, parents, and community members.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

School Safety Plan (School Year 2016-17)

Valley Teen Ranch Community Day school & Educational Options has a Safe School Plan that is reviewed and updated annually. Plans are reviewed with staff annually often at the beginning of each School Year. Our School Site Council (SSC) approves our Safe School Plan. Emergency drills are conducted to prepare students and staff in the event of an emergency. We strive to maintain a safe, clean, respectful and orderly school campus that encourages positive attitudes in students and staff. A joint effort between students and staff help keep the campus clean and litter free. Site maintenance staff surveys their campus as the first order of business each day. They insure the campus is clean, any vandalism is corrected, and that the campus is presentable and representative of the priority Golden Valley Unified School Board sets on safety and appearance. Educational Options' comprehensive safety plan was reviewed and updated in September of 2016 by the school's faculty. These changes were approved by the Golden Valley Unified School District Board of Trustees on October 25, 2016.

Professional Development

Professional development at Valley Teen Ranch Community Day is focused on implementing the Common Core State Standards in ELA and Mathematics in line with the district. Explicit Direct Instruction and vertical as well as horizontal alignment with comprehensive school are a big focus of staff development. A large component of Professional development is also grounded in serving students that are challenging and unmotivated. Teachers and staff are also trained in State and Federal compliance laws and WASC accreditation components.
