Academic Probationary Slip/ Academic-Sport Suspension Slip

All athletes must maintain a 2.0 grade point average in order to participate in athletics. Weekly progress reports have been collected from your child's teacher. Unfortunately, your child's GPA is lower than a 2.0 at this time. The probationary slip states that your child must work to bring up their GPA. However, if your child's GPA has not increased to a 2.0 by this Friday's report, the athlete will need to focus on academics and is not allowed to practice or play beginning on that following Monday until his/her GPA is a 2.0 or higher.
