

# Airport Robotics Open House

May 21<sup>st</sup>, 6:30-8:00 pm

Did you know Airport Community Schools is 1 of only 41 districts in Michigan to run a 1st-12th grade robotics program? Are you interested in more information about the robotics programs in our district or how you or your child can get involved?

Join us for our first Robotics Open House on May 21st, from 6:30-8:00 pm in the Wagar Middle School gymnasium. Students will be presenting on all four levels of FIRST robotics programs. See what they have learned this season and hear what they love about robotics. If your child is interested in attending our 3rd-6th grade Airport FLL Robotics Summer Camp or joining an FLL (4th-6th grade), FTC (7th-8th grade) or FRC (high school) team, applications will also be available at this time.

The teams are always looking for coaches, mentors and sponsors to help. If you can help in any way please stop by!

Everyone is welcome!
