Q. BOARD & PUBLIC FORUM

+This portion of the meeting is reserved specifically for the presentation of the Annual Violence & Vandalism Report:

We are pleased to report that, for the sixth consecutive year, our district numbers for violence and vandalism are down. The incident listing sheet shows that, by far, the general area of “fights” is the most represented.

Our district continues to be vigilant in accurately reporting our data. We continue to have serious concerns about the reporting mechanism developed by the state. It is too vague and leads to, we believe, inaccurate reporting.

Out of (30) categories measured, our district reported zero offenses in almost 81% of the areas and only one (1) in two other categories. We believe our work in this area has resulted in positive gains. This work includes:

1. Mentoring

2. Peer mediation
3. Communications with law enforcement
4. Consistently enforced policies
5. Community support
6. Natural helpers
7. Clear policy of consequences as a result of actions

During the week of October 16th, all four of our schools will have activities that are related to Violence Prevention Awareness. These activities include assembly programs, student projects, student and staff meetings and meetings with law enforcement.

We will continue to be vigilant in our goal to combat violence.
