

FAQ's (Frequently Asked Questions)

1. When can the District's pool be rented?

School District swim programs take precedence, however you may submit your application for use and if there are no conflicts with school swim programs your use will be approved. Due to staffing, we can not approve use earlier than 5:30am or later than 10pm nor can we approve use on a District or National holiday.

2. Do I need insurance?

Yes. All applications must accompany a proof of liability insurance and an additional endorsement with Beaumont USD listed as the additional insured. Your organization's home office should be able to request that for you.

3. What if my organization doesn't have insurance?

You may purchase special event insurance through the District's third party administrator. Please call for details.

4. How much do I have to put down as a deposit?

Once the application has been through the approval process and is confirmed a 50% deposit will be required. Purchase orders are accepted.

5. When is the final payment required?

The balance is due within 30 days of final use.

6. What if I have to cancel?

Cancellations received at least 72 hours in writing will receive a refund, **minus** a \$25 administrative fee. Cancellations that incur personnel charges due to insignificant notice will be refunded **minus** the personnel charges and any actual miscellaneous costs.

7. Who can rent the District's pool?

Approval for the use of the District pool will only be granted to adult applicants that submit the proper paperwork. There are two group fee categories.

Group I fees are charged to other school districts, education entities & local community groups

Group II fees are charged to non-school district entities, adult only groups, churches, etc

8. How much does it cost to rent the pool?

Your organization will be charged depending on your organization's make up, as qualified in question number 7. Please reference the fee schedule on the following page.

9. How does school personnel know that I am approved to be on site for my use?

The "in charge" facility user is to keep a copy of the approved aquatic facility use on his/her person as evidence of authorization and should provide to any district personnel that questions why their organization is there. Failure to provide evidence is grounds for dismissal from aquatic facility.
