

Valley Charter Elementary

California Department of Education School Accountability Report Card Reported Using Data from the 2014-15 School Year

Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Leslie Lainer, Principal

Principal, Valley Charter Elementary

About Our School

We are a free, public charter school serving Los Angeles' San Fernando Valley. Launched in September 2010, we continue to grow and commit ourselves to ensuring that every student achieves success in his or her learning. We value community, diversity, responsibility and academic excellence. Our classrooms are small, our environment warm, and our instruction dynamic.

School Description and Mission Statement - Most Recent Year

Our Mission Statement

The mission of Valley Charter Elementary School is to provide a holistic and exceptional education to a diverse student body, cultivating in students intellectual curiosity, collaboration, respect for others, and a passion for excellence. We fulfill this mission by:

Providing a constructivist, inquiry-based learning environment in which teachers guide students through active learning processes that develop conceptual understanding as well as self-knowledge.

Implementing a project-based curriculum that develops academic, interpersonal, intrapersonal and artistic skills.

Creating a program that develops students to be creative and critical thinkers, who are unafraid to question, challenge and express themselves; and that prepares students to lead and to serve the greater good as members of a democratic society and as citizens of our growing global community.

Setting the highest individualized standards for all students, so our students realize their potential and can compete with the best students in the country. ?

Creating a school culture that values character and citizenship as well as achievement, and process as well as product. ?

Giving faculty time, resources, autonomy and a collaborative atmosphere to continually develop their skills, research, create, evaluate and refine project-based curricula, and reflect on the learning of their students. ?

Communicating regularly with students' families, seeking family involvement in the life of the school, and continually reaching out to all families in the neighborhood to ensure a diverse and inclusive learning community.

Our Vision

The purpose of Valley Charter Schools is to enable students to become thinking, fulfilled, caring individuals with sensitivity to, and understanding of, the diverse environment and society in which we live. We believe all children deserve a meaningful education that realizes their potential and by which students discover their own unique talents and gifts. We believe learning happens best when students work across disciplines, solve new problems, work in teams, take initiative, and responsible risks. At VCES, teachers, not textbooks, know students best; therefore, our collaborative teachers drive instruction. We strive to develop and

communicate best practices, and mentor others as we have been mentored. We believe communities can come together to build great schools where academic excellence is available to all children.

Our Educational Philosophy

At the foundation of our educational philosophy is a belief that learning should be an active experience that involves a community of educators, students and families. We believe that effective schools create a culture of caring and respect that supports all members in achieving their potential academically, socially, emotionally, artistically, and physically. To enable all to work together toward these ends, we believe in explicitly expressing our learning goals – derived from CCSS and school-defined behavioral and attitudinal objectives. VCES expects all involved with the school to support these convictions and to endorse a constructivist learning environment that nurtures, challenges, and values every member of the community. VCES also adheres to the belief that students should be given opportunities to direct their own learning. VCES students are asked to explore their interests through the process of formulating essential questions that drive their learning experiences. Similarly, teachers develop their own questions about student learning and examine their practices.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials

Teachers	School			District
	2013-14	2014-15	2015-16	2015-16
With Full Credential	12	12	12	12
Without Full Credential	0	0	0	0
Teachers Teaching Outside Subject Area of Competence (with full credential)	0	0	0	0

Last updated: 1/6/2016

Teacher Misassignments and Vacant Teacher Positions

Indicator	2013-14	2014-15	2015-16
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English learners.

School Facility Conditions and Planned Improvements - Most Recent Year

The school takes great efforts to ensure that the campus is clean, safe, and functional.

The school has twelve full-size classrooms, several extra rooms, and an office. The outdoor space includes a kindergarten playground, a large field, basketball and sports court, and a large sand playground. The school is clean and well-maintained. The school passed all health inspections in 2014-15.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

California Assessment of Student Performance and Progress Results for All Students (School Year 2014-15)

Subject	Percent of Students Meeting or Exceeding the State Standards		
	School	District	State
English Language Arts / Literacy (grades 3-8 and 11)	61%	33%	44%
Mathematics (grades 3-8 and 11)	64%	25%	33%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Double dashes (--) appear in the table when the number of students tested is ten or less.

Last updated: 1/6/2016

CAASPP Assessment Results - English Language Arts (ELA)**Disaggregated by Student Groups, Grades Three through Eight and Eleven (School Year 2014-15)****ELA - Grade 3**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Achievement Level 1*	Percent Achievement Level 2*	Percent Achievement Level 3*	Percent Achievement Level 4*

School Safety Plan - Most Recent Year

The school has a comprehensive safety plan which includes plans for earthquake, fire, and lockdowns. The plan is reviewed every August with a Safety Committee and the entire faculty. The school safety bin is stocked with food, water, and first aid supplies for an emergency. The school has a full loudspeaker and communication system. Fire extinguishers are in every room and are serviced yearly. The school has a functioning fire alarm system.

Professional Development – Most Recent Three Years

The faculty participates in extensive professional development. The faculty participates in Project Based Learning trainings and planning days throughout the year. Several training days are spent on Singapore Math practice and instruction, and an expert is on campus several days per year to support instruction and student learning. Extensive time was spent in out-of-classroom training and in-class support for improving the Readers' Workshop program. Time is also spent analyzing data and developing plans for closing the achievement gap and supporting English language learners. Other professional development focus includes progress monitoring students, Writer's/Reader's Workshop, student behavior, Constructivist teaching, year-long planning, and meeting the needs of special education students.
