

GARDEN CITY ISD SCHOOLS
STUDENT HANDBOOK
2018-2019

REVIEWED BY THE GLASSCOCK COUNTY ISD
BOARD OF TRUSTEES August 2018

PREFACE

To Students and Parents:

Welcome to school year 2018–2019! Education is a team effort, and we know that students, parents, teachers, and other staff members all working together can make this a wonderfully successful year for our students.

The Glasscock County ISD Student Handbook is designed to provide a resource for some of the basic information that you and your child will need during the school year. In an effort to make it easier to use, the handbook is divided into two sections:

Section I—PARENTAL RIGHTS AND RESPONSIBILITIES—with information to assist you in responding to school-related issues. We encourage you to take some time to closely review this section of the handbook.

Section II—OTHER IMPORTANT INFORMATION FOR STUDENTS AND PARENTS—organized alphabetically by topic for quick access when searching for information on a specific issue.

Please be aware that the term “parent,” unless otherwise noted, is used to refer to the parent, legal guardian, or any other person who has agreed to assume school-related responsibility for a student.

Both students and parents should become familiar with the Glasscock County ISD Student Code of Conduct, which is a document adopted by the board and intended to promote school safety and an atmosphere for learning. That document may be found on the district’s Web site at www.gckats.net.

The Student Handbook is a general reference guide only and is designed to be in harmony with board policy and the Student Code of Conduct. Please be aware that it is not a complete statement of all policies, procedures, or rules that may be applicable in a given circumstance.

In case of conflict between board policy (including the Student Code of Conduct) and any provisions of the Student Handbook, the current provisions of board policy and the Student Code of Conduct are to be followed.

Also, please be aware that the handbook is updated yearly, while policy adoption and revision may occur throughout the year. Changes in policy or other rules that affect Student Handbook provisions will be made available to students and parents through newsletters or other communications. The district reserves the right to modify provisions of the Student Handbook at any time, whenever it is deemed necessary. Notice of any revision or modification will be given as is reasonably practical under the circumstances.

Although the Student Handbook may refer to rights established through law or district policy, the Student Handbook does not create any additional rights for students and parents. It does not, nor is it intended to, create contractual or legal rights between any student or parent and the district.

If you or your child has questions about any of the material in this handbook, please contact principal.

Also, please complete and return to your child's campus the following forms provided in the forms packet accompanying this handbook:

1. Electronic Distribution of Student Handbook form;
2. Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information form;
3. Parent's Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education form, if you choose to restrict the release of information to these entities.

SECTION I: PARENTAL RIGHTS AND RESPONSIBILITIES

This section of the Glasscock County ISD Student Handbook includes information on topics of particular interest to you as a parent.

PARENTAL INVOLVEMENT

Working Together

Both experience and research tell us that a child's education succeeds best when there is good communication and a strong partnership between home and school. Your involvement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all of your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements of the graduation programs with your child once your child begins enrolling in courses that earn high school credit.
- Monitoring your child's academic progress and contacting teachers as needed.
- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, school counselor, or principal, please call the school office at 432-354-2244 for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school.
- Becoming a school volunteer.
- Participating in campus parent organizations. Parent organizations include: PTO, and Booster Clubs.
- Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement. For further information, see policies at BQA and BQB, and contact Wayland Pierce or Brian Hastings.
- Serving on the School Health Advisory Council (SHAC), assisting the district in ensuring local community values are reflected in health education instruction and other wellness issues.
- Being aware of the school's ongoing bullying and harassment prevention efforts.
- Contacting school officials if you are concerned with your child's emotional or mental well-being.

- Attending board meetings to learn more about district operations.

Parent Involvement Coordinator

The Parent Involvement Coordinator, who works with parents of students participating in Title I programs is Brian Hastings and may be contacted at 432-354-2230.

PARENTAL RIGHTS

Obtaining Information and Protecting Student Rights

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student’s parent.
- Mental or psychological problems of the student or the student’s family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student’s eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation.

“Opting Out” of Surveys and Activities

As a parent, you have a right to receive notice of and deny permission for your child’s participation in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing, selling, or otherwise disclosing that information.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law.

Inspecting Surveys

As a parent, you may inspect a survey created by a third party before the survey is administered or distributed to your child.

Requesting Professional Qualifications of Teachers and Staff

You may request information regarding the professional qualifications of your child's teachers, including whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and undergraduate and graduate degree majors, graduate certifications, and the field of study of the certification or degree. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.

Reviewing Instructional Materials

As a parent, you have a right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.

Displaying a Student's Artwork, Projects, Photos, and Other Original Work

Teachers may display students' work in classrooms or elsewhere on campus as recognition of student achievement. However, the district will seek parental consent before displaying students' artwork, special projects, photographs taken by students, and other original works on the district's Web site, on any campus or classroom Web site, in printed material, by video, or by any other method of mass communication. The district will also seek consent before displaying or publishing an original video or voice recording in this manner.

Accessing Student Records

You may review your child's student records. These records include:

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,
- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,
- Teacher and school counselor evaluations,

- Reports of behavioral patterns,
- State assessment instruments that have been administered to your child, and
- Teaching materials and tests used in your child's classroom.

Granting Permission to Video or Audio Record a Student

As a parent, you may grant or deny any written request from the district to make a video or voice recording of your child. State law, however, permits the school to make a video or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety;
- When it relates to classroom instruction or a co-curricular or extracurricular activity; or
- When it relates to media coverage of the school.

Removing a Student Temporarily from the Classroom

You may remove your child temporarily from the classroom if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by the Texas Education Agency.

Excusing a Student from Reciting the Pledges to the U.S. and Texas Flags

As a parent, you may request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. The request must be in writing. State law does not allow your child to be excused from participation in the required minute of silence or silent activity that follows.

Requesting Limited or No Contact with a Student through Electronic Media

Teachers and other approved employees are permitted by the district to communicate with students through the use of electronic media within the scope of the individual's professional responsibilities. For example, a teacher may set up a social networking page for his or her class that has information related to class work, homework, and tests. As a parent, you are welcome to join or become a member of such a page.

An employee described above may also contact a student individually through electronic media to communicate about items such as homework or upcoming tests.

If you prefer that your child not receive any one-to-one electronic communications from a district employee or if you have questions related to the use of electronic media by district employees, please contact the campus principal.

Requesting Notices of Certain Student Misconduct

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child's

misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion.

Prohibiting the Use of Corporal Punishment

Corporal punishment—spanking or paddling the student—may be used as a discipline management technique in accordance with the Student Code of Conduct and policy FO(LOCAL) in the district’s policy manual.

If you do not want corporal punishment to be administered to your child as a method of student discipline, please return the form included in the forms packet. A signed statement must be provided each year.

You may choose to revoke this request at any time during the year by providing a signed statement to the campus principal. However, district personnel may choose to use discipline methods other than corporal punishment even if the parent requests that this method be used on the student.

School Safety Transfers

As a parent, you may:

- Request the transfer of your child to another classroom or campus if your child has been determined by the district to have been a victim of bullying as the term is defined by Education Code 37.0832. Transportation is not provided for a transfer to another campus. See the principal for information.
- Consult with district administrators if your child has been determined by the district to have engaged in bullying and the board decides to transfer your child to another classroom or campus. Transportation is not provided in this circumstance.
- Request the transfer of your child to attend a safe public school in the district if your child attends school at a campus identified by TEA as persistently dangerous or if your child has been a victim of a violent criminal offense while at school or on school grounds.
- Request the transfer of your child to a neighboring district if your child has been the victim of a sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for that assault. If the victim does not wish to transfer, the district will transfer the assailant in accordance with policy FDE.

Parents of Students with Disabilities with Other School-Aged Children in the Home

If a student is receiving special education services at a campus outside his or her attendance zone, the parent or guardian may request that any other student residing in the household be transferred to the same campus, if the appropriate grade level for the transferring student is offered on that campus.

Request for the Use of a Service Animal

A parent of a student who uses a service animal because of the student's disability must submit a request in writing to the principal at least ten district business days before bringing the service animal on campus.

Providing Assistance to Students Who Have Learning Difficulties or Who Need Special Education Services

If a child is experiencing learning difficulties, the parent may contact the person listed below to learn about the district's overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other academic or behavior support services that are available to all students including a process based on Response to Intervention (RTI). The implementation of RTI has the potential to have a positive impact on the ability of districts to meet the needs of all struggling students.

At any time, a parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the district must decide if the evaluation is needed. If the evaluation is needed, the parent will be notified and asked to provide informed written consent for the evaluation. The district must complete the evaluation and the report within 60 calendar days of the date the district receives the written consent. The district must give a copy of the evaluation report to the parent.

If the district determines that the evaluation is not needed, the district will provide the parent with prior written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parents of their rights, if they disagree with the district. The district is required to give parents the *Notice of Procedural Safeguards—Rights of Parents of Students with Disabilities*. Additional information regarding the Individuals with Disabilities Education Act (IDEA) is available from the school district in a companion document, *A Guide to the Admission, Review, and Dismissal Process*.

The following Web sites provide information to those who are seeking information and resources specific to students with disabilities and their families:

- Texas Project First, at <http://www.texasprojectfirst.org>
- Partners Resource Network, at <http://www.partnerstx.org>

The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special education services is Sharon McDonald at 432-354-2244.

Parents of Students Who Speak a Primary Language Other than English

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English. If the student qualifies for these extra services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

Accommodations for Children of Military Families

Children of military families will be provided flexibility regarding certain district requirements, including:

- Immunization requirements.
- Grade level, course, or educational program placement.
- Eligibility requirements for participation in extracurricular activities.
- Graduation requirements.

In addition, absences related to a student visiting with his or her parent, including a stepparent or legal guardian, who has been called to active duty for, is on leave from, or is returning from a deployment of at least four months will be excused by the district. The district will permit no more than five excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent's return from deployment.

Additional information may be found at <http://www.tea.state.tx.us/index2.aspx?id=7995>.

Student Records

Both federal and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy. Before disclosing any personally identifiable information from a student's records, the district must verify the identity of the person, including a parent or the student, requesting the information. For purposes of student records, an "eligible" student is one who is 18 or older or who is attending an institution of postsecondary education.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records. Release is restricted to:

- The parents—whether married, separated, or divorced—unless the school is given a copy of a court order terminating parental rights or the right to access a student's education records.

Federal law requires that, as soon as a student becomes 18, is emancipated by a court, or enrolls in a postsecondary institution, control of the records goes to the student. The parents may continue to have access to the records, however, if the student is a dependent for tax purposes and under limited circumstances when there is a threat to the health and safety of the student or other individuals.

- District school officials who have what federal law refers to as a "legitimate educational interest" in a student's records. School officials would include trustees and employees, such as the superintendent, administrators, and principals; teachers, school counselors, diagnosticians, and support staff; a person or company with whom the district has contracted or allowed to provide a particular service or function (such as an attorney, consultant, auditor, medical consultant, therapist, or volunteer); a parent or student serving on a school committee; or a parent or student assisting a school official in the performance of his or her duties. "Legitimate educational interest" in a student's records includes working with the student; considering disciplinary or academic actions, the

student's case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official's professional responsibility; or investigating or evaluating programs.

- Various governmental agencies, including juvenile service providers and Child Protective Services (CPS) caseworkers or other child welfare representatives, in certain cases.
- Individuals or entities granted access in response to a subpoena or court order.
- A school or institution of postsecondary education to which a student seeks or intends to enroll or in which he or she is already enrolled.

Release to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The principal is the custodian of all records for students who have withdrawn or graduated.

Records may be inspected by a parent or eligible student during regular school hours. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records.

A parent or eligible student who provides a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records. The address of the superintendent's office is 240 West Bearkat.

The address of the principals' offices is: 240 West Bearkat.

A parent (or eligible student) may inspect the student's records and request a correction if the records are considered inaccurate, misleading, or otherwise in violation of the student's privacy rights. A request to correct a student's record should be submitted to the principal. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information in the record is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If the records are not amended as a result of the hearing, the parent or eligible student has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, contesting a student's grade in a course is handled through the general complaint process found in policy FNG(LOCAL). A grade issued by a classroom teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district's grading policy.

The district's policy regarding student records found at FL(LEGAL) and (LOCAL) is available from the principal's or superintendent's office or on the district's Web site at www.gckats.net.

The parent's or eligible student's right of access to and copies of student records do not extend to all records. Materials that are not considered educational records—such as a teacher's personal notes about a student that are shared only with a substitute teacher—do not have to be made available to the parents or student.

Please note:

Parents or eligible students have the right to file a complaint with the U.S. Department of Education if they believe the district is not in compliance with federal law regarding student records. The complaint may be mailed to:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

Directory Information

The law permits the district to designate certain personal information about students as “directory information.” This “directory information” will be released to anyone who follows procedures for requesting it.

However, release of a student’s directory information may be prevented by the parent or an eligible student. This objection must be made in writing to the principal within ten school days of your child’s first day of instruction for this school year.

Release of Student Information to Military Recruiters and Institutions of Higher Education

The district is required by federal law to comply with a request by a military recruiter or an institution of higher education for students’ names, addresses, and telephone listings, unless parents have advised the district not to release their child’s information without prior written consent. A form included in the forms packet is available if you do not want the district to provide this information to military recruiters or institutions of higher education.

SECTION II: OTHER IMPORTANT INFORMATION FOR STUDENTS AND PARENTS

Topics in this section of the handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is organized in alphabetical order to serve as a quick-reference when you or your child has a question about a specific school-related issue. Should you be unable to find the information on a particular topic, please contact Wayland Pierce or Brian Hastings at 432-354-2244.

ABSENCES/ATTENDANCE

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day’s learning on the previous day’s, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws—one dealing with compulsory attendance, the other with attendance for a student’s final grade or course credit—are of special interest to students and parents. They are discussed below.

Compulsory Attendance

State law requires that a student between the ages of six and 19 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day until the end of the school year. If a student 19 or older has more than five unexcused absences in a semester the district may revoke the student’s enrollment. The student’s presence on school property thereafter would be unauthorized and may be considered trespassing.

Students enrolled in prekindergarten or kindergarten are required to attend school.

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of a diagnostic reading instrument.

A student will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and/or applicable subject area.

Exemptions to Compulsory Attendance

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days;
- Required court appearances;

- Activities related to obtaining United States citizenship;
- Service as an election clerk;
- Documented health-care appointments for the student or a child of the student, including absences for recognized services for students diagnosed with autism spectrum disorders. A note from the health-care provider must be submitted upon the student’s arrival or return to campus; and
- For students in the conservatorship (custody) of the state,
 - Mental health or therapy appointments; or
 - Court-ordered family visitations or any other court-ordered activity, provided it is not practicable to schedule the student’s participation in the activity outside of school hours.

In addition, a junior or senior student’s absence of up to two days related to visiting a college or university will be considered an exemption, provided the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

Absences of up to two days in a school year will also be considered an exemption for a student serving as an early voting clerk, provided the student notifies his or her teachers and receives approval from the principal prior to the absences.

As listed in Section I at **Accommodations for Children of Military Families**, absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments.

Failure to Comply with Compulsory Attendance

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction, termed “accelerated instruction” by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

A court of law may also impose penalties against both the student and his or her parents if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student:

- Is absent from school on ten or more days or parts of days within a six-month period in the same school year, or
- Is absent on three or more days or parts of days within a four-week period.

For a student younger than 12 years of age, the student’s parent could be charged with an offense based on the student’s failure to attend school.

If a student age 12 through age 17 violates the compulsory attendance law, both the parent and student could be charged with an offense.

Absences:

There are four types of absences:

1. Excused Absence: When the student misses because of:
 - a. Illness (Principal may require a note from the doctor)
 - b. Serious illness or death in the family
 - c. Serious family emergency
 - d. Scheduled religious activities
 - e. Unavoidable medical or dental appointments
 - f. Impassable roads

Documentation of absence:

Upon return to school, a student absent (3) three or more consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student's extended absence from school. Otherwise, the student's absence may be considered unexcused and if so, would be considered to be in violation of compulsory attendance laws.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the student's absence from school in order to determine whether the absence will be excused or unexcused.

Tardiness- Students are tardy when the bell rings at 8:00 a.m. for 1st period class and when the bell rings to begin each class period after first period.

A little late is too late! If you arrive to class late, your teacher will require you to get a late slip from the office. Excessive tardiness will result in a conference between parents and the principal. **Three tardies equal one "Barkat Day" same as an unexcused absence.**

A tardy to class is unexcused unless a teacher detains the student, and that teacher writes a note excusing the student for being late to class.

Students must be on time to class. Every tardy after the third tardy in each semester will result in detention. Students will be sent to the office if tardy. A tardy slip will admit that student back to class. Professional judgment can be used in the office to determine if the tardy is excused.

Being tardy because you were using the telephone will not be an excused tardy unless approved by the office or principal.

Repeated instances of tardiness will result in more severe disciplinary action, in accordance with the student code of conduct.

Makeup work due to an “excused” absence:

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student mastering the essential knowledge and skills or in meeting subject or course requirements.

Each student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time line specified by policy. A student who does not make up assigned work within the time allotted will receive a grade of zero for the assignment and will be required to attend class on assigned “Bemarkat” days.

Each student will be permitted to make up tests and turn in projects due in any class due to an absence. Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to the student.

When a student is absent, it is his/her responsibility to get information concerning the particular assignment, on the next day of attendance. If a student arrives at school late, it is his/her responsibility to get the information on class/classes missed earlier in the day, and have the assignments ready the next time the class meets.

A student will be responsible for obtaining and completing makeup work in a satisfactory manner. Any student that is absent for any reason (excused/unexcused) will have the same number of days to turn in their assignments as the number of days the student was absent (except for parent requested days). For example: if a student is absent three (3) days, they will be allowed three (3) days to complete any missed work or assignments. A student that does not make up the assigned work within the time allotted by policy will receive a grade of zero for the assignment and the student will be required to attend class on assigned “Bemarkat” days because the student is still responsible for making up the work so they do not fall behind.

2. Extra-curricular/ Co-curricular absence: these types of absences are due to a student participating in (U.I.L. Academic competition, Athletic competition, Band competition, Ag. Mechanics/ FFA competition, 4-H competition/stock shows where an “adjunct faculty member is present) or any other competition approved by administration.

A student gone on an Extra-curricular/ Co-curricular activity/event or a field trip is not considered an absence (TAC 19..129.21 (K) (1))

It is the student and parents responsibility to obtain any assignments missed during an upcoming extra-curricular/co-curricular event/ activity. It is also the student and parent's responsibility for the student to learn the material missed from these type days missed by means of private tutorials, before/afterschool tutorials, you tube, or any other resources deemed necessary. **The assignments are due when the student returns to class for the first time after such time missed per state statute.** The student is responsible for any and all work missed during any and all types of absences or time missed from the classroom.

Documentation of absence/missed time:

The principal will approve all list of documented absences and the appropriate teachers will be given a copy of those students who will miss and the days/ time they will be missing class.

Makeup work due to this type absence/missed time:

Each student must speak with his or her teacher if the student knows of an absence ahead of time, including absences for extra-curricular/ co-curricular activities, parent requested absence days, etc. so that the **teacher and student may plan any work that can be completed before they leave or immediately upon their return to class.**

3. Parent Requested Absence: A parent requested absence must be planned ahead. The parent must contact the principal at least three (3) days prior to the absence. If the parent chooses not to make the request for the absence in advance, the absence will not be excused. The maximum number of parent requested absences will be (2) two days per school year (at the discretion of administration based on the prior number of absences, grades, time of year, etc.)

Documentation of absence:

A written request signed by the parent/parents of the student/ students letting the principal know when and for what reason the request has been made.

Make up work due to parent requested absence:

Each student must speak with his or her teacher if the student knows of an absence ahead of time, including absences for extra-curricular/ co-curricular activities, parent requested absence days, etc. so that the **teacher and student may plan any work that can be completed before they leave or immediately upon their return to class.**

4. Unexcused Absences: An unexcused absence is one that is not excused or parent requested. A grade of zero will be recorded for each class missed if work is not turned in by the allotted time and students will be assigned “Barkat days” so that assignments missed will be completed in order for the student to keep up with class work.

Documentation of an unexcused absence:

When a student is absent from school, it is the parent’s responsibility to contact the office by note or telephone prior to the absence or on the day of the absence. If circumstances do not allow for one of these options, a note is required when the student returns from the absence stating the reason for the absence. Note... an absence will always require a note when the student returns from an absence and the note should state the reason for the absence. Determination of whether the absence is excused, unexcused, or parent requested, will be made by the principal and or attendance clerk based on the stated criteria.

If contact by note or telephone is not made by the parents or guardian of the student under the above stated guidelines, the absence may be unexcused regardless of the reason for the absence, and it will become a permanent part of the attendance record.

Makeup work due to an “unexcused” absence:

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student mastering the essential knowledge and skills or in meeting subject or course requirements.

Each student will be permitted to make up test and turn in projects due in any class due to an absence. Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to the student.

When a student is absent, it is his/her responsibility to get information concerning the particular assignment, on the next day of attendance. If a student arrives at school late, it is his/her responsibility to get the information on class/classes missed earlier in the day, and have the assignments ready the next time the class meets.

A student will be responsible for obtaining and completing makeup work in a satisfactory manner. Any student that is absent for any reason (excused/unexcused) will have the same number of days to turn in their assignments as the number of days the student was absent (except for parent requested days). For example: if a student is absent three (3) days, they will be allowed three (3) days to complete any missed work or assignments. A student that does the makeup work will receive a grade of 70 maximum on a comparison scale of 100. A student that does not make up the assigned work within the time allotted by policy will receive a grade of zero for the assignment and the student will be required to attend class on assigned “Bearthat” days because the student is still responsible for making up the work so they do not fall behind.

What is a Bearkat Day?

A Bearkat day is a day to reward students who have had good attendance, have kept up their grades (good academic standing), and have passed their most recent STAAR test. For those students who have not maintained the same standards and expectations, it is a day for those students to receive remediation, catch up on missed work, and make up days to prevent truancy from occurring.

Students will be required to attend school on “Bearthat” days for any of the following reasons...

- 1). Unexcused absence
- 2). Excessive absences (discretion of administration)
- 3). Teacher requested remediation
- 4). Recent failure of any and all STAAR test

Note: Students attending “Bearthat” day will need to provide their own transportation and failure to attend the required “Bearthat” day(s) can be subject to retention at grade level and or loss of credit.

Attendance for Credit or Final Grade

To receive credit or a final grade in a class, a student in kindergarten–grade 12 must attend at least 90 percent of the days the class is offered. A student who attends at least 75 percent but fewer than 90 percent of the days the class is offered may receive credit or a final grade for the class if he or she completes a plan, approved by the principal, that allows the student to fulfill the instructional requirements for the class. If a student is involved in a criminal or juvenile court proceeding, the approval of the judge presiding over the case will also be required before the student receives credit or a final grade for the class.

If a student attends less than 75 percent of the days a class is offered or has not completed the plan approved by the principal, then the student will be referred to the attendance review

committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade lost because of absences.

In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- All absences, whether excused or unexcused, must be considered in determining whether a student has attended the required percentage of days. If makeup work is completed, absences for the reasons listed above at **Exemptions to Compulsory Attendance** will be considered days of attendance for this purpose.
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district.
- In reaching a decision about a student's absences, the committee will attempt to ensure that it is in the best interest of the student.
- The committee will consider the acceptability and authenticity of documented reasons for the student's absences.
- The committee will consider whether the absences were for reasons over which the student or the student's parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit or a final grade.

The student or parent may appeal the committee's decision to the board of trustees by filing a written request with the superintendent in accordance with policy.

The actual number of days a student must be in attendance in order to receive credit or a final grade will depend on whether the class is for a full semester or for a full year.

Official Attendance-Taking Time

The district must submit attendance of its students to Texas Education Agency (TEA) reflecting attendance at a specific time each day.

Official attendance is taken every day during second period.

A student absent for any portion of the day, including at the official attendance-taking time, should follow the procedures below.

***Attendance/ School Participation**

School participation in after school activities must attend school at least half of the day in order to participate. Participation may be approved at the discretion of the administration in some cases. Those students who participate in 4-H sponsored activities are considered present at school if they have been placed on a list and approved by the adjunct faculty member of 4-H. One half-day attendance means four class periods of attendance in a regular scheduled day.

ACADEMIC PROGRAMS

The school counselor provides students and parents information regarding academic programs to prepare for higher education and career choices.

BULLYING

Bullying occurs when a student or group of students engages in written or verbal expression, expression through electronic methods, or physical conduct against another student on school property, at a school-sponsored or -related activity, or in a district operated vehicle, and the behavior:

- Results in harm to the student or the student's property,
- Places a student in reasonable fear of physical harm or of damage to the student's property, or
- Is so severe, persistent, and pervasive that it creates an intimidating, threatening, or abusive educational environment.

This conduct is considered bullying if it exploits an imbalance of power between the student perpetrator(s) and the student victim and if it interferes with a student's education or substantially disrupts the operation of the school.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism. In some cases, bullying can occur through electronic methods, called "cyber-bullying."

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, school counselor, principal, or another district employee as soon as possible to obtain assistance and intervention. The administration will investigate any allegations of bullying or other related misconduct.

If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. The district will also contact the parents of the victim and of the student who was found to have engaged in the bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon the recommendation of the administration, the board may, in response to an identified case of bullying, decide to transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student's parent, the student may also be transferred to another campus in the district. The parent of a student who has been determined by the district to be a victim of bullying may request that his or her child be transferred to another classroom or campus within the district.

A copy of the district's policy is available in the principal's office, superintendent's office, and on the district's Web site, and is included at the end of this Handbook in the form of an

appendix. Procedures related to reporting allegations of bullying may also be found on the district's Web site.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy.

CHILD SEXUAL ABUSE AND OTHER MALTREATMENT OF CHILDREN

The district has established a plan for addressing child sexual abuse and other maltreatment of children, which may be accessed at www.gckats.net. As a parent, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

Possible physical warning signs of sexual abuse could be difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches. Behavioral indicators may include verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior. Emotional warning signs to be aware of include withdrawal, depression, sleeping and eating disorders, and problems in school.

A child who has experienced sexual abuse or any other type of abuse or neglect should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures of sexual abuse may be more indirect than disclosures of physical abuse and neglect, and it is important to be calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing by telling you.

As a parent, if your child is a victim of sexual abuse or other maltreatment, the school counselor or principal will provide information regarding counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (TDFPS) also manages early intervention counseling programs. To find out what services may be available in your county, see http://www.dfps.state.tx.us/Prevention_and_Early_Intervention/Programs_Available_In_Your_County/default.asp.

The following Web sites might help you become more aware of child abuse and neglect:

<http://www.childwelfare.gov/pubs/factsheets/signs.cfm>

<http://sapn.nonprofitoffice.com>

<http://www.taasa.org/member/materials2.php>

http://www.oag.state.tx.us/AG_Publications/txts/childabuse1.shtml

http://www.oag.state.tx.us/AG_Publications/txts/childabuse2.shtml

Reports of abuse or neglect may be made to:

The Child Protective Services (CPS) division of the Texas Department of Family and Protective Services (1-800-252-5400 or on the Web at <http://www.txabusehotline.org>).

CLASS RANK / HIGHEST RANKING STUDENT

Class rankings are calculated for the first time at the end of the freshman year. Final rank in class for purpose of determining the highest-ranking graduate, valedictorian, salutatorian, and honor graduates is calculated once dual credit grades are received in May.

Rank in class for purposes of determining which student are in the top 10% of their graduating class will be calculated at the end of the 11th grade, middle of the 12th grade, and at high school graduation. Students will use the latest ranking in relation to their college application deadlines. The number of students in the top 10% for automatic admission to a Texas college will not exceed the mathematical calculation of 10% of the number of student in the graduating class.

We use a weighted grade point/grade average system that is designed to recognize the relative difficulty and effort required for the course. The additional grade point/points on the grade are used solely for ranking purposes and will not be reflected in the grades recorded on your child's official transcript or Academic Achievement Record.

Grade Point Examples

<i><u>Numeric</u></i>	<i><u>College</u></i>	<i><u>Garden City</u></i>
<i>100</i>	<i>4.0</i>	<i>5.0</i>
<i>95</i>	<i>4.0</i>	<i>4.5</i>
<i>90</i>	<i>4.0</i>	<i>4.0</i>
<i>85</i>	<i>3.0</i>	<i>3.5</i>
<i>80</i>	<i>3.0</i>	<i>3.0</i>
<i>75</i>	<i>2.0</i>	<i>2.5</i>
<i>74</i>	<i>2.0</i>	<i>2.4</i>
<i>70</i>	<i>2.0</i>	<i>2.0</i>
<i>69-65</i>	<i>1.0</i>	<i>0</i>

The following Core Academic courses receive weight toward a student's grade point average:

1. Dual Credit Courses – Math, History, Government, Economics, English, Spanish III, and Advanced Placement Classes if offered

Grades earned in Fine Art Classes, Band, Theater Arts, Music, Art, and Athletics/Physical Education are not used in calculating GPA for class rank

The valedictorian and salutatorian will be the highest and next highest-ranking eligible student in the graduating class. A student must attend Garden City High School the four semesters immediately preceding graduation to be eligible for valedictorian and salutatorian honors. The highest ranking graduate, who will be eligible to receive a scholarship for exemption from the

first year of tuition at a state college or university, will be the person who has the highest rank in class, regardless of eligibility for the honor of valedictorian under our policies.

CLASS SCHEDULES

All students are expected to attend school for the entire school day and maintain a class/course schedule to fulfill each period of the day. Exceptions may be made occasionally by the campus principal for students in grades 9–12 who meet specific criteria and receive parental consent to enroll in less than a full-day's schedule.

***SEMESTER AND MID-TERM EXAMS**

All students in grades 6-12 will take final exams in the core classes (science, math, ELA (6-8 reading and English are separate), and Social Studies).

The semester exam will count for 10% of the semester grade.

COLLEGE AND UNIVERSITY ADMISSIONS

For two school years following his or her graduation, a district student who graduates in the top ten percent and, in some cases, the top 25 percent, of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the Recommended or Advanced/Distinguished Achievement Program; or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

In addition, the student must submit a completed application for admission in accordance with the deadline established by the college or university.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University's enrollment capacity for incoming resident freshmen. For students who are eligible to enroll in the University of Texas at Austin during the summer or fall 2014 term, the University will be admitting the top seven percent of the high school's graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

Should a college or university adopt an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

Students and parents should contact the school counselor or for further information about automatic admissions, the application process, and deadlines.

COLLEGE CREDIT COURSES

Students in grades 9–12 have opportunities to earn college credit through the following methods:

- Certain courses taught at the high school campus, which may include courses termed dual credit, Advanced Placement (AP), or International Baccalaureate (IB);
- Enrollment in an AP or dual credit course through the Texas Virtual School Network;

- Enrollment in courses taught in conjunction and in partnership with Howard College which may be offered on or off campus;
- Enrollment in courses taught at the following institutions in the district: Howard College; and
- Certain CTE courses.

Note that if a student wishes to enroll in a community college course at a college that does not include the high school within its service area, the student is limited by state law to enroll in no more than three courses of this type.

All of these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the school counselor for more information. Depending on the student's grade level and the course, an end-of-course assessment may be required for graduation.

It is important to keep in mind that not all colleges and universities accept credit earned in all dual credit or AP courses taken in high school for college credit. **Students and parents should check with the prospective college or university to determine if a particular course will count toward the student's desired degree plan.**

Students may take concurrent enrollment and college coursework. The principal must approve these classes before students may enroll on the college campus. Concurrent classes on the campus are college level courses and will be graded accordingly. Students who do not meet requirements will be removed from that class. Concurrent classes on the high school campus are open enrollment as long as students follow these guidelines:

- Students must meet the TEKS and the college requirements.
- Students must complete outside assigned projects.
- Students must maintain a B average.
- Students do not hand in late work.
- To be in classes, students must previously have had passing grades.
- District will pay for tuition and books for Dual Credit classes.

Student will reimburse the district for tuition and books if they do not receive credit for the college class or classes they are taking.

COMPLAINTS AND CONCERNS

Usually student or parent complaints or concerns can be addressed by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the district has adopted a standard complaint policy at FNG(LOCAL) in the district's policy manual. A copy of this policy may be obtained in the principal's, superintendent's office or on the district's web site at www.gckats.net.

In general, the student or parent should submit a written complaint and request a conference with the campus principal. If the concern is not resolved, a request for a conference should be sent to the superintendent. If still unresolved, the district provides for the complaint to be presented to the board of trustees.

Computer Use Policy:

Elementary:

PK: Students will have I-Pads furnished by the district and used at teacher discretion on campus.

Kindergarten: will use Apple Computers furnished by the district and used at teacher discretion on campus.

Grade (1-4): will use Apple Computers furnished by the district and used at teacher discretion on campus. They may be checked out to a student for home use by the home room teacher only.

Grade (5-8): will use Apple Computers furnished and assigned by the district and used at teacher discretion. Computers will be assigned to each student individually but remain on carts and may be checked out by the teacher for student use at home.

Grade (9-12): will use Apple Computers furnished by the district and assigned to each individual student. Computer use will be at individual teacher discretion. Students will be allowed to take computers home and will be responsible for any and all damages.

CONDUCT

Applicability of School Rules

As required by law, the board has adopted a Student Code of Conduct that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus as well as on district vehicles—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. During any periods of instruction during the summer months, the Student Handbook and Student Code of Conduct in place for the year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

Disruptions of School Operations

Disruptions of school operations are not tolerated and may constitute a misdemeanor offense. As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.

- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.
- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.
- Interference with the transportation of students in vehicles owned or operated by the district.

Social Events

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.

COUNSELING

Academic Counseling

Students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each spring, students in grades 8–11 will be provided information on anticipated course offerings for the next school year and other information that will help them make the most of academic and CTE opportunities.

To plan for the future, each student should work closely with the school counselor in order to enroll in the high school courses that best prepare him or her for attendance at a college, university, or training school, or for pursuit of some other type of advanced education. The school counselor can also provide information about entrance exams and application deadlines, as well as information about automatic admission to state colleges and universities, financial aid, housing, and scholarships.

Personal Counseling

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional or mental health issues, or substance abuse. As a parent, if you are concerned about your child's mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance.

Psychological Exams, Tests, or Treatment

The school will not conduct a psychological examination, test, or treatment without first obtaining the parent's written consent. Parental consent is not necessary when a psychological examination, test, or treatment is required by state or federal law for special education purposes or by the Texas Education Agency for child abuse investigations and reports.

COURSE CREDIT

A student in grades 9–12 will earn credit for a course only if the final grade is 70 or above. For a two-semester (1 credit) course, the student's grades from both semesters will be averaged and credit will be awarded if the combined average is 70 or above. Should the student's combined average be less than 70, the student will be required to retake the semester in which he or she failed.

CREDIT BY EXAM—If a Student Has Taken the Course

A student who has previously taken a course or subject—but did not receive credit for it—may, in circumstances determined by the principal or attendance committee, be permitted to earn credit by passing an exam on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a non-accredited school.

The school counselor or principal would determine if the student could take an exam for this purpose. If approval is granted, the student must score at least 70 on the exam to receive credit for the course or subject.

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an exam.

CREDIT BY EXAM—If a Student Has Not Taken the Course

A student will be permitted to take an exam to earn credit for an academic course or subject area for which the student has had no prior instruction or to accelerate to the next grade level. The exams offered by the district are approved by the district's board of trustees. The dates on which exams are scheduled during the 2017–2018 school year will be published in appropriate district publications and on the district's Web site

A student in grade 6 or above will earn course credit with a passing score of at least 80 on the exam or a score designated by the state for an exam that has alternate scoring standards. A student may take an exam to earn course credit no more than twice. If a student fails to achieve the designated score on the applicable exam before the beginning of the school year in which the student would need to enroll in the course according to the school's course sequence, the student must complete the course.

A student in elementary school will be eligible to accelerate to the next grade level if the student scores at least 80 on each exam in the subject areas of language arts, mathematics, science, and social studies, a district administrator recommends that the student be accelerated, and the student's parent gives written approval of the grade advancement.

If a student plans to take an exam, the student (or parent) must register with the principal no later than 30 days prior to the scheduled testing date. The district will not honor a request by a parent to administer a test on a date other than the published dates.

DATING VIOLENCE, DISCRIMINATION, HARASSMENT, AND RETALIATION

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect, to avoid behaviors known to be offensive, and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person's race, color, religion, gender, national origin, disability, or any other basis prohibited by law. A copy of the district's policy is available in the principal's office and in the superintendent's office.

Dating Violence

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense. This type of conduct is considered harassment if the conduct is so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults; name-calling; put-downs; threats to hurt the student, the student's family members, or members of the student's household; destroying property belonging to the student; threats to commit suicide or homicide if the student ends the relationship; threats to harm a student's current dating partner; attempts to isolate the student from friends and family; stalking; or encouraging others to engage in these behaviors.

Discrimination

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law, that negatively affects the student.

Harassment

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening, intimidating, or humiliating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

In addition to dating violence as described above, two other types of prohibited harassment are described below.

Sexual Harassment and Gender-Based Harassment

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature, such as comforting a child with a hug or taking the child's hand. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Gender-based harassment includes harassment based on a student's gender, expression by the student of stereotypical characteristics associated with the student's gender, or the student's failure to conform to stereotypical behavior related to gender.

Examples of gender-based harassment directed against a student, regardless of the student's or the harasser's actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

Retaliation

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

Reporting Procedures

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school counselor, principal, or other district employee. The report may be made by the student's parent.

Investigation of Report

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated.

The district will promptly notify the parents of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy.

During the course of an investigation, the district may take interim action to address the alleged prohibited conduct.

When an investigation is initiated for alleged prohibited conduct, the district will determine whether the allegations, if proven, would constitute bullying, as defined by law. If so, an investigation of bullying will also be conducted.

If the district's investigation indicates that prohibited conduct occurred, appropriate disciplinary action, and, in some cases, corrective action, will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct that is the subject of the complaint was not unlawful.

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

DISTRIBUTION OF PUBLISHED MATERIALS OR DOCUMENTS

School Materials

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

All school publications are under the supervision of a teacher, sponsor, and the principal.

Non-school Materials...from students

Students must obtain prior approval from the principal before posting, circulating, or distributing copies of written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any non-school material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.

A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who posts non-school material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

Non-school Materials...from others

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policy GKDA. To be considered for distribution, any non-school material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the principal for prior review. The principal will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a non-curriculum related student group meeting held in accordance with FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All non-school materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

DRESS AND GROOMING

The district's dress code is established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Students and parents may determine a student's personal dress and grooming standards, provided that they comply with the following:

We expect students to come to school in clothes that are clean and neat, and we expect student to exhibit basic cleanliness and grooming that will not be a health or safety threat to themselves or to other students or staff. While we understand students' desire to express themselves in their clothing and grooming styles, we do not permit student to wear clothing with pictures, emblems, or writing that is lewd, offensive, vulgar, or obscene or that advertise or depicts tobacco products, alcoholic beverages, drugs, or any other substance that students are prohibited from having or using at school. The principal makes decisions about dress and grooming violations.

The following hairstyles or colorings are inappropriate grooming for any student at school or a school-related or – sanctioned activity.

Spikes or other sculptured hairstyles.

Neon or other hair coloring or bleaching, whether permanent or temporary, in a shade or tone the principal determines to be unnatural, such as neon orange, neon pink, magenta, any shade of blue, any shade of green, violet, purple, white.

Hair coloring or bleaching for the purpose of creating extreme differences in color, shade, or tone between section of individual strands of hair or areas of hair on the head, e.g. "tips."

Hair coloring or bleaching for the purpose of creating extreme differences in color, shade, or tone between the student's natural and original hair color and the colored or bleached color, shade or tone.

Patterns or designs shaved or cut into the hair, e.g. "Mohawks," partially shaved heads, etc.

Students may not wear on the outside of their clothing any jewelry or similar artifacts that are obscene or distracting or that is likely to cause disruption to the educational environment.

Students may not wear facial jewelry of any kind. Male students may not wear earrings at all.

Any body piercings or tattoos, including temporary tattoos, must be covered at all times while students are under the school's jurisdiction. The only exception is a temporary tattoo sold by the cheerleaders for school-spirit purposes.

Male Students

Will Observe the Following Practices for General Dress and Grooming Procedures:

Hair should be trimmed and neatly combed and will not extend below the top of the dress shirt collar. Hair that is styled cannot extend below the top of the ears on the sides. Hair must always be kept out of the eyes. No tucking behind the ear. Sideburns will extend no further than the bottom of the ear. Male students must be clean-shaven. Beards and mustaches will not be worn. There will be no pigtails or pony tails of any length. Collar hairline will be even or straight. Hair shall not be cut in Mohawks, logos, symbols, manes, tails, words, etc. and no unnatural colors. Unnatural colors will be determined by the school administration. The hair length shall not exceed the top of the dress collar in the back, nor below the top of the ear on the sides when hair is combed in a natural state.

1. Sleeveless shirts, tank tops and other garments of similar nature are not acceptable.
2. Shirrtails are to be worn in at all times, with the exception of sports shirts that are designed to be worn outside the trousers. Shirts are to be buttoned at all times.
3. Pants should be correct size for student fitting correctly at waist, seat, and tapered neatly to the legs. The waistband of the pants will be worn at the waist of the student. There should be no excess bagginess in the seat of the pant. The length of the pant leg will rest on top of the shoe, but cannot be bunched up over the top of the shoe. No holes that reveal skin above the knee.
4. If a large shirt is worn over a T-shirt for the tailored look, then the shirt needs to be buttoned at the student's wrist with collar turned correctly, while the inner shirt is tucked in at the waist. The large over shirt needs to be a shirt that is designed to be worn on the outside with a straight tail.
5. Shorts are permitted if they are the long casual dress type shorts (khaki or denim). (No short shorts or mid-thigh.) Shorts will not be more than 8" from the floor when kneeling. No athletic or nylon wind shorts will be worn.
6. Shoes, including leather sandals, are acceptable. Shoes must be worn.

7. All clothing will be worn as it is designed to be worn, by the gender it was designed for.
8. No earrings.
9. Headbands or bandanas will not be worn except in Athletics.
10. Clothing that has any sort of suggestive, inappropriate, or crude innuendos will not be allowed.
11. Remove all caps before entering the building (Game gym is an exception). Caps will be worn correctly with the bill in front at all school functions.

Female Students

1. Hair neat and well groomed. Bangs should be cut above the eyes.
2. Skirt length will be no more than 7" above floor when kneeling. This will exclude ruffles, trim, or fringe, and students will not be allowed to adjust clothing. It should be measured the same way it is being worn.
3. Pants should be correct size for student fitting correctly at waist, seat, and tapered neatly to the legs. The waistband of the pants will be worn at the waist of the student. There should be no excess bagginess in the seat of the pant. The length of the pant leg will rest on top of the shoe, but cannot be bunched up over the tip of the shoe. No holes that reveal skin above the knee.
4. If a large shirt is worn over a T-shirt for the tailored look then the shirt needs to be buttoned at the student's wrist with collar turned correctly, while the inner shirt is tucked in at the waist. The outer shirt needs to be a shirt that is designed to be worn on the outside.
5. Tank tops, off the shoulder, halter or bareback, bare shoulder or bare midriff tops are not acceptable. Shirts should not cut in at the arms and not show undergarment. No midriff skin will show in any position.
6. At no time should undergarments show.
7. Shorts are permitted if they are the long casual dress type shorts (khaki or denim). (No short shorts or mid-thigh). Shorts will not be more than 8" from the floor when kneeling. No athletic sort or nylon wind shorts will be worn.
8. All clothing will be worn as it is designed to be worn.
9. Uniforms that meet the dress code may be worn during class time or as approved by the Administration.
10. Ladies must remove visors and baseball caps with entering the building. Bandanas may only be worn at Homecoming.

Penalties for Dress Code Violations: when the first violation occurs, a student will be given sweats or a t-shirt (designated by the office) to wear, allowed to shave, or the article removed. On the occurrence of the second violation, student will receive one day of detention. For each violation afterwards it will result in 2 days of detention. The 1st period teacher will check for any dress code violations. All dress and grooming will be monitored throughout the day. Any teacher or administrator may check for dress code violations.

NO GANG RELATED PARAPHANALEA, SIGNS, OR ACTIVITIES WILL BE PERMITTED AT ANY TIME ON SCHOOL PROPERTY.

If your child comes to school wearing clothes that violate the dress code or in any other way violates our dress and grooming standards, she or he will be placed in in-school suspension until she or he is in compliance. We will make efforts to notify you as soon as possible, and if the student changes clothes or otherwise come into compliance with the dress and grooming standards, she or he will return to regular classes immediately.

ELECTRONIC DEVICES AND TECHNOLOGY RESOURCES

****Cell Phone/iWatch Devices Use**

If a student brings a cell phone or any other electronic device (ex. iwatch Devices, I-pad, I-pod etc.) to school, it must be turned off (not in operational mode) and stored in your vehicle or turned in to the office between the hours of 8:00 a.m. and campus dismissal. Violation of this rule will result in the phone/device being confiscated immediately. The phone/device will be released only to the student's parent or legal guardian on the second offense. In the event of an emergency where a student needs to contact a parent/guardian, school officials will make certain the student has access to a phone.

Consequences for violation of cell phone/ device policy:

1st offense: confiscation of the phone/device and turned in to the office; parent will be contacted before the phone can be picked up or released to the student at the end of the day; \$15.00 fine

2nd offense: confiscation of the phone/device and turned in to the office; parent will be contacted and parent (only) can pick up the phone at the end of the day; \$15.00 fine

3rd offense and any after offense: Discretion of the principal.

Improper use of social media will be addressed according to student code of conduct and/or "consequences for violation of cell phone/device policy" as mentioned above. Students are prohibited from sending or posting electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition applies to conduct on or off school property if it results in a substantial disruption to the educational environment. Any person taking, disseminating, transferring, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or photographs will be disciplined according to the Student Code of Conduct and may, in certain circumstances, be reported to law enforcement.

Possession and Use of Other Personal Electronic Devices

Except as described below, students are not permitted to possess or use personal electronic devices such as I-Watch, MP3 players, video or audio recorders, DVD players, cameras, games, e-readers, or other electronic devices at school, unless prior permission has been obtained. Without such permission, teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

In limited circumstances and in accordance with law, a student's personal electronic device may be searched by authorized personnel.

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for any damaged, lost, or stolen electronic device.

Instructional Use of Personal Telecommunications and Other Electronic Devices

In some cases, students may find it beneficial or might be encouraged to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must obtain prior approval before using personal telecommunications or other personal electronic devices for instructional use. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook). When students are not using the devices for approved instructional purposes, all devices must be turned off during the instructional day. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Acceptable Use of District Technology Resources

To prepare students for an increasingly technological society, the district has made an investment in the use of district-owned technology resources for instructional purposes; specific resources may be issued individually to students. Use of these technological resources, which include the district's network systems and use of district equipment, is restricted to approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Unacceptable and Inappropriate Use of Technology Resources

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as "sexting," will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we

encourage you to review with your child <http://beforeyoutext.com>, a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

In addition, any student who engages in conduct that results in a breach of the district's computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequence may rise to the level of expulsion.

EXTRACURRICULAR ACTIVITIES, CLUBS, AND ORGANIZATIONS

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Participation in some of these activities may result in events that occur off-campus. When the district arranges transportation for these events, students are required to use the transportation provided by the district to and from the events. Exceptions to this may only be made with the approval of the activity's coach or sponsor.

Eligibility for initial and continuing participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. [See <http://www.uilTEXAS.org> for additional information.]

The following requirements apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70 in any academic class—other than an Advanced Placement or International Baccalaureate course; or an honors or dual credit course in English language arts, mathematics, science, social studies, economics, or language other than English—may not participate in extracurricular activities for at least three school weeks.
- A student with disabilities who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse.
- Students are allowed 17 absences for extracurricular purposes in a school year. More extracurricular absences may be allowed at principal discretion. No distinction will be made between absences for UIL events or other extracurricular activities approved by the Board.
- An absence for participation in an activity that has not been approved will receive an unexcused absence.

Standards of Behavior

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization's standards of behavior.

Offices and Elections

Certain clubs, organizations, and performing groups will hold elections for student officers.

FEES

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student accident insurance.
- Musical instrument rental and uniform maintenance, when uniforms are provided by the district.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses, if offered.
- Fees for optional courses offered for credit that require use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A fee not to exceed \$50 for costs of providing an educational program outside of regular school hours for a student who has lost credit because of absences and whose parent chooses the program in order for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a district-provided request form.
- In some cases, a fee for a course taken through the Texas Virtual School Network (TxVSN).

FUND-RAISING

All class and organization funds must operate through a central accounting office in the principal's office. If classes or other organizations withdraw funds, the principal must cosign the request.

The principal must approve money-raising plans for any school organization.

Any school group may have only 1 fund-raisers each year. These fund-raisers need to render a service.

Except as approved by the principal, fund-raising is not permitted on school property.

GANG-FREE ZONES

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

GRADE LEVEL CLASSIFICATION

After the ninth grade, students are classified according to the number of credits earned toward graduation.

Credits Earned	Classification
5	Grade 10 (Sophomore)
10	Grade 11 (Junior)
15	Grade 12 (Senior)

GRADING GUIDELINES

****Grading Guidelines: (ALL Grade Levels):**

Grading guidelines for each grade level or course will be communicated and distributed to students and their parents by the classroom teacher. These guidelines have been reviewed by each applicable curriculum department and have been approved by the campus principal. These guidelines establish the minimum number of assignments, projects, and examinations required for each grading period. In addition, these guidelines establish how the student's mastery of concepts and achievement will be communicated (i.e., letter grade, numerical averages, checklist of required skills, etc). Grading guidelines also outline in what circumstances a student originally made a failing grade. Procedures for a student to follow after an absence will also be addressed.

Elementary:

Six Week Grading Period:

The six week grade for each course will be determined by teacher discretion. Students will be notified at the beginning of each year. There will be a minimum of two (2) grades per week for each grading period.

Secondary:

Six Weeks Grading Period:

The six week grade for each course will be determined by teacher discretion. Students will be notified at the beginning of each year. There will be a minimum of two (2) grades per week and two (2) assessments per six weeks (grading period).

Note: All students (6-12) will be required to take mid-term and final exams- no exemptions.

GRADUATION

Requirements for a Diploma

To receive a high school diploma from the district, a student must successfully:

- Complete the required number of credits;
- Complete any locally required courses in addition to the courses mandated by the state; and

If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation to the student in the content area for which the performance standard was not met. This may require participation of the student before or after normal school hours or at times of the year outside normal school operations.

Graduation Programs

Graduation Program for students entering freshman year 2014-2015 and after:

Courses	Foundation Plan	Distinguished Plan
English Language Arts	4	4
Mathematics	3	4
Social Studies	3	3
Science	3	4
Foreign Languages	2	2 or 3
Fine Arts	1	1
Physical Education	1	1

Electives	5 (Speech will be considered one of elective courses and required for graduation)	7 (Speech will be considered one of elective courses and required for graduation)
Miscellaneous		Graduation will depend on which endorsement you choose
Total	22 Credits	26 credits

Any questions or concerns about Graduation plans please visit with Ms. Tiffany Parker. She may be contacted by email: tparker@gckats.net or phone 432-354-2244

Certificates of Coursework Completion

A certificate of coursework completion will be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated tests required for graduation.

Students with Disabilities

Upon the recommendation of the admission, review, and dismissal (ARD) committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her IEP.

A student who receives special education services and has completed four years of high school, but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

Please also be aware that if an ARD committee places a student with a disability on a modified curriculum in a subject area, the student will be automatically placed in the Minimum Program, in accordance with state rules.

If a student receiving special education services is scheduled to graduate under the Minimum Program or in accordance with the provisions of his or her IEP, the student's ARD committee will determine whether the general EOC assessment is an accurate measure of the student's achievement and progress and, if so, whether successful performance is required for graduation, or whether an alternative assessment is more appropriate. STAAR Alternate is the alternative assessments currently allowed by the state.

Graduation Activities

Graduation exercises are held at the end of the school year. All students who have completed all graduation requirements, whether in three years or four years, are eligible to participate in graduation exercises.

State law requires that we permit a student with disabilities who has completed four years of high school but has not completed all requirements for graduation under the student's individualized program to participate in graduation exercises if he or she wishes to. Students may participate in only on graduation exercise.

Participation in graduation exercises is a privilege, not a right, and students who do not comply with dress, grooming, and conduct standards for the rehearsal and ceremony will be removed from the ceremony. Graduating students who are assigned to the district's Disciplinary Alternative Education Program through the end of school year and successfully complete their term of assignment in the DAEP without further disciplinary action may be allowed to take part in graduation ceremonies. That decision rests with the principal and cannot be appealed. See the Student Code of Conduct for additional information.

The graduation ceremony is a solemn event commemorating a milestone achievement in the lives of our graduates. The planning and execution of the ceremony is under the joint control of the graduating class and the administration.

Graduation Speakers

Certain graduating students will be given an opportunity to have speaking roles at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking roles will be notified by the principal and given an opportunity to volunteer.

Graduation Expenses

Because students and parents will incur expenses in order to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both the student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year.

Scholarships and Grants

- Students who have a financial need according to federal criteria and who complete the Foundation Program or Distinguished Program may be eligible under the T.E.X.A.S. Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions.
- Contact the school counselor for information about other scholarships and grants available to students.

HAZING

Hazing is defined as any intentional, knowing, or reckless act occurring on or off campus directed against a student that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any organization whose members are or include other students.

Hazing will not be tolerated by the district. If an incident of hazing occurs, disciplinary consequences will be handled in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

HEALTH-RELATED MATTERS

Student Illness

When your child is ill, please contact the school to let us know he or she won't be attending that day. It is important to remember that schools are required to exclude students with certain illnesses from school for periods of time as identified in state rules. For example, if your child has a fever over 100 degrees, he or she must stay out of school until fever free for 24 hours without fever-reducing medications. In addition, students with diarrheal illnesses must stay home until they are diarrhea free without diarrhea-suppressing medications for at least 24 hours. A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the school nurse. If the nurse determines that the child should go home, the nurse will contact the parent.

The district is also required to report certain contagious (communicable) diseases or illnesses to the Texas Department of State Health Services (TDSHS) or our local/regional health authority. The school nurse can provide information from TDSHS on these notifiable conditions.

Contact the school nurse if you have questions or if you are concerned about whether or not your child should stay home.

Bacterial Meningitis

State law requires the district to provide information about bacterial meningitis:

- What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is common and most people recover fully. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life support management.

- What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 2 years old) and adults with bacterial meningitis commonly have a severe headache, high fever, and neck stiffness. Other symptoms might include nausea, vomiting, discomfort looking into bright lights, confusion, and sleepiness. In both

children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

- How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

- How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. They are spread when people exchange respiratory or throat secretions (such as by kissing, coughing, or sneezing).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

- How can bacterial meningitis be prevented?

Maintaining healthy habits, like getting plenty of rest, can help prevent infection. Using good health practices such as covering your mouth and nose when coughing and sneezing and washing your hands frequently with soap and water can also help stop the spread of the bacteria. It's a good idea not to share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

There are vaccines available to offer protection from some of the bacteria that can cause bacterial meningitis.* The vaccines are safe and effective (85–90 percent). They can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

- What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

- Where can you get more information?

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the Web sites for the Centers for Disease Control and Prevention, <http://www.cdc.gov>, and the Department of State Health Services, <http://www.dshs.state.tx.us>.

* Please note that the TDSHS requires at least one meningococcal vaccination between grades 7 and 10, and state guidelines recommend this vaccination be administered between age 11 and 12, with a booster dose at 16 years of age. Also note that entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year

period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.

Food Allergies

The district requests to be notified when a student has been diagnosed with a food allergy, especially those allergies that could result in dangerous or possibly life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic, as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, which addresses employee training, dealing with common food allergens, and specific strategies for dealing with students diagnosed with severe food allergies. When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed to assist the student in safely accessing the school environment. The district's food allergy management plan can be accessed at www.gckats.net.

Head Lice

Head lice, although not an illness or a disease, is very common among children and is spread very easily through head-to-head contact during play, sports, or nap time and when children share things like brushes, combs, hats, and headphones. If careful observation indicates that a student has head lice, the school nurse will contact the student's parent to determine whether the child will need to be picked up from school and to discuss a plan for treatment with an FDA-approved medicated shampoo or cream rinse that may be purchased from any drug or grocery store. After the student has undergone one treatment, the parent should check in with the school nurse to discuss the treatment used. The nurse can also offer additional recommendations, including subsequent treatments and how best to get rid of lice and prevent their return.

More information on head lice can be obtained from the TDSHS Web site at <http://www.dshs.state.tx.us/schoolhealth/lice.shtm>.

Physical Activity for Students in Elementary and Middle School

The district will ensure that students in full-day prekindergarten through grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week.

Students in middle or junior high school will engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters.

For additional information on the district's requirements and programs regarding elementary, middle, and junior high school student physical activity requirements, please see the principal.

School Health Advisory Council (SHAC)

During the preceding school year, the district's School Health Advisory Council held 2 meetings. Additional information regarding the district's School Health Advisory Council is available from the school nurse.

The duties of the SHAC range from recommending curriculum to developing strategies for integrating curriculum into a coordinated school health program encompassing issues such as school health services, counseling services, a safe and healthy school environment, recess recommendations, improving student fitness, mental health concerns, and employee wellness. See policies at BDF and EHAA.

Physical Fitness Assessment

Annually, the district will conduct a physical fitness assessment of students in grades 3–12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to the principal to obtain the results of his or her child’s physical fitness assessment conducted during the school year.

Tobacco Prohibited

Students are prohibited from possessing or using any type of tobacco product, including electronic cigarettes, while on school property at any time or while attending an off campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, including electronic cigarettes, by students and others on school property and at school-sponsored and school-related activities.

Asbestos Management Plan

Glasscock County ISD is working diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district’s Asbestos Management Plan can be found in the main office at each campus. If you have any questions or would like to examine the district’s plan in more detail, please contact Tony Gomez, the district’s designated asbestos coordinator, at 432-466-1837.

Pest Management Plan

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the United States Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area. Parents who have further questions or who want to be notified prior to pesticide application inside their child’s school assignment area may contact Tony Gomez, the district’s IPM coordinator, at 432-466-1837.

HOMELESS STUDENTS

For more information on services for homeless students, contact the district’s Liaison for Homeless Children and Youths, Tiffany Parker, at 432-354-2244.

IMMUNIZATION

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (TDSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the TDSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at <https://webds.dshs.state.tx.us/immco/default.aspx>. The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, tetanus, and pertussis; measles, mumps, and rubella; polio; hepatitis A; hepatitis B; varicella (chicken pox); and meningococcal. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the TDSHS. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. licensed physician stating that, in the doctor's opinion, the immunization required poses a significant risk to the health and well-being of the student or a member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition.

As noted at **Bacterial Meningitis**, entering college students must also, with limited exception, furnish evidence of having received a bacterial meningitis vaccination within the five years prior to enrolling in and attending classes at an institution of higher education. A student wanting to enroll in a dual credit course taken off campus may be subject to this requirement.

[For further information, see policy FFAB(LEGAL) and the TDSHS Web site: <http://www.dshs.state.tx.us/immunize/school/default.shtm>.]

LAW ENFORCEMENT AGENCIES

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

Students Taken Into Custody

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- By an authorized representative of Child Protective Services, Texas Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.
- To comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

Notification of Law Violations

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who is thought to have committed certain offenses or who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.
- All appropriate district personnel in regards to a student who is required to register as a sex offender.

LEAVING CAMPUS

Please remember that student attendance is crucial to learning. We ask that appointments be scheduled outside of school hours as much as reasonably possible. Also note that picking up a child early on a regular basis results in missed opportunities for learning. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the school day.

State rules require that parental consent be obtained before any student is allowed to leave campus for any part of the school day. The district has put the following procedures in place in order to document parental consent:

- For students in elementary and middle school, a parent or otherwise authorized adult must come to the office and sign the student out. Please be prepared to show identification. Once an identity is verified, a campus representative will then call for the student or collect the student and bring him or her to the office. For safety purposes and stability of the learning environment, we cannot allow you to go to the classroom or other area unescorted to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student's return. Documentation regarding the reason for the absence will also be required.
- For students in high school, the same process will be followed. If the student's parent will authorize the student to leave campus unaccompanied, a note provided by the parent must be submitted to the main office in advance of the absence, no later than two hours prior to the student's need to leave campus. A phone call received from the parent may be accepted, but the school may ultimately require a note to be submitted for documentation purposes. Once the office has received information that the student's parent consents to the student leaving campus, a pass will be issued to the student to hand to his or her teacher with the necessary information. The student must sign out through the main office and sign in upon his or her return, if the student returns the same day. If a student is 18 years of age or is an emancipated minor, the student may produce a note on his or her own behalf. Documentation regarding the reason for the absence will be required.
- If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student's parent and document the parent's wishes regarding release from school. Unless directed by the parent to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures as listed above. If a student is allowed to leave campus by himself or herself, as permitted by the student's parent, or if the student is age 18 or is an emancipated minor, the nurse will document the time of day the student was released. Under no circumstances will a child in elementary or middle school be released unaccompanied by a parent or adult authorized by the parent.

During Lunch

Students in grades 11 & 12 may leave campus at lunch. Students in grades 6-10 may not leave campus, unless they can walk to their own residence.

At Any Other Time During the School Day

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the principal.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

LIMITED ENGLISH PROFICIENT STUDENTS

A student with limited English proficiency (LEP), sometimes referred to as an English language learner (ELL) in certain state statutes and state rules, is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and at least one parent representative. The student's parent must consent to any services recommended by the LPAC for a LEP student.

In order to determine a student's level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional special programs the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student's continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR-L may be administered to a LEP student, or, for a student up to grade 5, a Spanish version of STAAR. In limited circumstances, a student's LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I and II end-of-course (EOC) assessments. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to LEP students who qualify for services.

If a student is considered LEP and receives special education services because of a qualifying disability, the student's ARD committee will make these decisions in conjunction with the LPAC.

LOST AND FOUND

A "lost and found" collection box is located in the campus office. If your child has lost an item, please encourage him or her to check the lost and found box. The district discourages students from bringing to school personal items of high monetary value, as the district cannot be responsible for lost or stolen items. The campus will dispose of lost and found items at the end of each semester.

DAEP Makeup Work

A student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district.

In-school Suspension (ISS) Makeup Work

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year

each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district.

MEDICINE AT SCHOOL

The district will not purchase medication to give to a student. District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

- Only authorized employees, in accordance with policy FFAC, may administer:
 - Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.
 - Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
 - Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request.
 - Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information.

Psychotropic Drugs

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate.

NONDISCRIMINATION STATEMENT

In its efforts to promote nondiscrimination, Glasscock County ISD does not discriminate on the basis of race, religion, color, national origin, gender, or disability in providing education services, activities, and programs, including CTE programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Title II of the Americans with Disabilities Act of 1990 (ADA), as amended, which incorporates and expands upon the requirements of Section 504 of the Rehabilitation Act of 1973, as amended.

The following district representatives have been designated to coordinate compliance with these legal requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of gender: Scott Bicknell, 240 West Bearkat, 432-354-2244.
- ADA/Section 504 Coordinator, for concerns regarding discrimination on the basis of disability: Wayland Pierce, 240 West Bearkat, 432-354-2244.
- All other concerns regarding discrimination: See the superintendent, Scott Bicknell, 432-354-2244.

PARKING ON SCHOOL PROPERTY

Any student parking on school grounds during normal school hours must have a parking permit issued in the principal's office. No parking permit will be issued without proof of a current valid driver's license.

PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE

Each school day, students will recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge.

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that each campus provide for the observance of one minute of silence at the beginning of the first class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001.

PRAYER

Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

PROMOTION AND RETENTION

Please refer to our Promotion Standards located on the school website at www.gckats.net.

REPORT CARDS / PROGRESS REPORTS AND CONFERENCES

Report cards with each student's grades or performance and absences in each class or subject are issued to parents at least once every six weeks.

At the end of the first three weeks of a grading period parents will be given a written progress report if their child's performance in any course OR is near or below 70, or is below the expected level of performance. If the student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be requested to schedule a conference with the teacher of that class or subject.

Teachers follow grading guidelines that have been approved by the principal pursuant to the board-adopted policy and are designed to reflect each student's relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy.

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

Report cards and unsatisfactory progress reports must be signed by the parent and returned to the school within five days.

SAFETY

Student safety on campus, at school-related events, and on district vehicles is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies

From time to time, students, teachers, and other district employees will participate in preparedness drills of emergency procedures. When the command is given or alarm is sounded, students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Emergency Medical Treatment and Information

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school may have to rely on previously provided written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

Emergency School-Closing Information

Each year, parents are asked to complete an emergency release form to provide contact information in the event that school is dismissed early because of severe weather or another emergency, or if the campus must restrict access due to a security threat.

If the campus must close or restrict access to the building because of an emergency, the district will alert the community in the following ways: TV Channels 2,7,and 9. Radio Stations KBST 95.7 and KNFM 92.3.

SCHOOL FACILITIES

Use by Students Before and After School

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, unless a student is involved in an activity under the supervision of a teacher or other authorized employee or adult, or unless students are granted permission to remain on campus in accordance with policy FNAB, students must leave campus immediately.

Conduct Before and After School

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

Use of Hallways During Class Time

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

Cafeteria Services

The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily. Free and reduced-price meals are available based on financial need. Information about a student's participation is confidential. See Lisa Gonzales to apply.

The district follows the federal and state guidelines regarding foods of minimal nutritional value being served or sold on school premises during the school day.

Meetings of Noncurriculum-Related Groups

Student-organized, student-led noncurriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

A list of these groups is available in the principal's office.

SEARCHES

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

Students' Desks and Lockers

Students' desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are fully responsible for the security and contents of their assigned desks and lockers. Students must be certain that their lockers are locked, and that the combinations are not available to others.

Searches of desks or lockers may be conducted at any time there is reasonable cause to believe that they contain articles or materials prohibited by policy, whether or not a student is present.

The parent will be notified if any prohibited items are found in the student's desk or locker.

Telecommunications and Other Electronic Devices

Use of district-owned equipment and its network systems is not private and will be monitored by the district.

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated in order to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

Vehicles on Campus

A student has full responsibility for the security and content of his or her vehicle parked on district property and must make certain that it is locked and that the keys are not given to others. [See also the Student Code of Conduct.]

Vehicles parked on district property are under the jurisdiction of the district. School officials may search any vehicle any time there is reasonable cause to do so, with or without the permission of the student. If a vehicle subject to search is locked, the student will be asked to unlock the vehicle. If the student refuses, the student's parent will be contacted. If a search is also refused by the student's parent, the district will turn the matter over to law enforcement. The district may, in certain circumstances, contact law enforcement even if permission to search is granted.

Trained Dogs

The district will use trained dogs to alert school officials to the presence of prohibited or illegal items, including drugs and alcohol. At any time, trained dogs may be used around lockers and the areas around vehicles parked on school property. Searches of classrooms, common areas, or student belongings may also be conducted by trained dogs when students are not present. An item in a classroom, a locker, or a vehicle to which a trained dog alerts may be searched by school officials.

Drug-Testing

The district requires random drug testing of any student in grades 7-12 who chooses to participate in school-sponsored extracurricular/co-curricular activities, students who park a vehicle on school property and/or a student who volunteers to take the drug test.

The district shall provide each parent and student a copy of the drug testing policy and consent form prior to the beginning of each school year. The policy will also be addressed in a meeting with all students during the first week of the school year.

SPECIAL PROGRAMS

The district provides special programs for gifted and talented students, homeless students, bilingual students, migrant students, students with limited English proficiency, dyslexic students, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact Wayland Pierce.

GIFTED AND TALENTED PROGRAM

Some children demonstrate or show a potential for demonstrating a remarkably high level of accomplishment when compared to other children of similar age, experience, or environment. These children may perform at a very high level in an intellectual, creative, or artistic area, show an unusually high capacity for leadership, or excel in a particular academic field. Students may be nominated for the GT program in through out the entire school year through the campus principal; testing takes place in the year long, with placement in the program occurring upon identification or the following fall depending upon scheduling.

STANDARDIZED TESTING

SAT/ACT (Scholastic Aptitude Test and American College Test)

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the school counselor early during their junior year to determine the appropriate exam to take; these exams are usually taken at the end of the junior year.

STAAR (State of Texas Assessments of Academic Readiness)

Grades 3–8

In addition to routine tests and other measures of achievement, students at certain grade levels will take state-mandated assessments, such as the STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
- Reading, annually in grades 3–8
- Writing, including spelling and grammar, in grades 4 and 7
- Science in grades 5 and 8
- Social Studies in grade 8

Successful performance on the reading and math assessments in grades 5 and 8 is required by law, unless the student is enrolled in a reading or math course intended for students above the student's current grade level, in order for the student to be promoted to the next grade level. STAAR Alternate, for students receiving special education services, will be available for eligible students, as determined by the student's ARD committee.

STAAR-L is a linguistically accommodated assessment that is available for certain limited English proficient (LEP) students, as determined by the student's Language Proficiency Assessment Committee (LPAC). A Spanish version of STAAR is also available to students through grade 5 who need this accommodation.

End-of-Course (EOC) Assessments for Students in Grades 9–12

Beginning with ninth graders in the 2011–2012 school year and, as modified by House Bill 5, end-of-course (EOC) assessments are administered for the following courses:

- Algebra I
- English I and English II,
- Biology
- United States History

Satisfactory performance on the applicable assessments will be required for graduation.

There are three testing windows during the year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment.

STAAR Alternate, for students receiving special education services, will be available for eligible students, as determined by the student's ARD committee. These particular EOC assessments may have different testing windows than the general assessments, and the ARD committee will determine whether successful performance on the assessments will be required for graduation.

STAAR-L, which is a linguistically accommodated assessment, will be available for students who have been determined to be limited English proficient (LEP) and who require this type of testing accommodation.

TSI (Texas Success Initiative) Assessment

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative (TSI) assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This assessment may be required before a student enrolls in a dual-credit course offered through the district as well. Beginning in fall 2013, all Texas public colleges and universities will begin administering a new TSI assessment, which will assist as one of several factors in determining whether the student is considered ready to enroll in college-level courses or whether the student needs to enroll in what is termed developmental education courses prior to enrollment in college level courses.

STEROIDS

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

Students participating in UIL athletic competition may be subject to random steroid testing. More information on the UIL testing program may be found on the UIL Web site at <http://www.uiltexas.org/health/steroid-information>.

STUDENTS IN PROTECTIVE CUSTODY OF THE STATE

In an effort to provide educational stability, the district strives to assist any student who is currently placed or newly placed in either temporary or permanent conservatorship (custody) of the state of Texas with the enrollment and registration process, as well as other educational services throughout the student's enrollment in the district.

A student who is placed in the custody of the state and who is moved outside of the district's attendance boundaries is entitled to continue in enrollment at the school he or she was attending prior to the placement until the student reaches the highest grade level at the particular school. In addition, if a student in grade 11 or 12 is transferred to another district and does not meet the graduation requirements of the transferring district, the student can request to receive a diploma from the previous district if he or she meets the criteria to graduate from the previous district.

Please contact Tracye Spencer, who has been designated as the district's liaison for children in the conservatorship of the state, at 432-354-2244 with any questions.

SUBSTANCE ABUSE PREVENTION AND INTERVENTION

If you are worried that your child may be using or is in danger of experimenting, using, or abusing illegal drugs or other prohibited substances, please contact the school counselor. The school counselor can provide you with a list of community resources that may be of assistance to you. The TDSHS maintains information regarding children's mental health and substance abuse intervention services on its Web site: <http://www.dshs.state.tx.us/mhsa-child-adolescent-services/>.

SUICIDE AWARENESS

The district is committed to partnering with parents to support the healthy mental, emotional, and behavioral development of its students. If you are concerned about your child, please access <http://www.texassuicideprevention.org> or contact the school counselor for more information related to suicide prevention services available in your area.

TEXTBOOKS, ELECTRONIC TEXTBOOKS, TECHNOLOGICAL EQUIPMENT, AND OTHER INSTRUCTIONAL MATERIALS

Textbooks and other district-approved instructional materials are provided to students free of charge for each subject or class. Any books must be covered by the student, as directed by the teacher, and treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives. A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks and technological equipment until the item is returned or the damage paid for by the parent; however, the student will be provided the necessary instructional resources and equipment for use at school during the school day.

TRANSPORTATION

School-Sponsored Trips

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. As approved by the principal, a coach or sponsor of an extracurricular activity may establish procedures related to making an exception to this requirement when a parent requests that the student be released to the parent or to another adult designated by the parent.

Buses and Other School Vehicles

The district makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students.

Bus routes and stops will be designated annually, and any subsequent changes will be posted at the school and on the district's Web site. For the safety of the operator of the vehicle and all

passengers, students must board buses or other vehicles only at authorized stops, and drivers must unload passengers only at authorized stops.

A parent may also designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, you may contact Tony Gomez at 432-354-2244.

See the Student Code of Conduct for provisions regarding transportation to the DAEP.

Students are expected to assist district staff in ensuring that buses and other district vehicles remain in good condition and that transportation is provided safely. When riding in district vehicles, including buses, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver's directions at all times.
- Enter and leave the vehicle in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the vehicle or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the vehicle.
- Not possess or use any form of tobacco on any district vehicle.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver's signal upon leaving the vehicle and before crossing in front of the vehicle.
- Follow any other rules established by the operator of the vehicle.

Misconduct will be punished in accordance with the Student Code of Conduct; the privilege to ride in a district vehicle, including a school bus, may be suspended or revoked.

VANDALISM

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

VIDEO CAMERAS

For safety purposes, video and audio recording equipment is used to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

VISITORS TO THE SCHOOL

General Visitors

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the main office and must comply with all applicable district policies and procedures. When arriving on campus, all parents and other visitors should be prepared to show identification.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment. Even if the visit is approved prior to the visitor's arrival, the individual must check in at the main office first.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

VOLUNTEERS

We appreciate so much the efforts of parent and grandparent volunteers that are willing to serve our district and students. If you are interested in volunteering, please contact Scott Bicknell at 432-354-2244 for more information and to complete an application.

WITHDRAWING FROM SCHOOL

A student under 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. The parent may obtain a withdrawal form from the principal's office.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book and equipment clearance; to the librarian to ensure a clear library record; to the clinic for health records; to the school counselor for the last report card and course clearance; and finally, to the principal. A copy of the withdrawal form will be given to the student, and a copy will be placed in the student's permanent record.

A student who is 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.

JR. TRIP GUIDELINES TO WASHINGTON DC – STUDENT/PARENT/SCHOOL AGREEMENT

This opportunity for Junior class members to visit Washington DC is possible with the financial support of the concessions that are worked by the junior class members and their parents as well as district personnel. Without this effort of all three parties the trip would not be possible.

The working of the concessions has a two-fold purpose, one being the financial support for the trip, the other is teaching work ethic to students along side parents. This is one of the few times in our society today that the work has to be done before the reward is in hand. With that being said, the following are a few **REQUIRMENTS** for students and parents for their child to attend the Washington DC trip.

1. Student must be enrolled at the beginning of the Jr. year
2. Student with parent permission, may opt out of the trip
3. No-Pass/No-Play UIL rules apply – no pass = no go

Student Working Assignment Expectations:

1. No-show for assigned event will result in forfeiture of attending trip
2. If you can't work your assigned event – you must find replacement and notify Mrs. McKennon of change and reason
3. Your manors are expected with staff and patrons at all times
4. School rules and dress code apply when working concessions
5. Being late is unacceptable, other people are depending on you, if a teacher or coach is the reason, then a written note must be presented from that teacher or coach

Parent Workers when assigned:

1. Schedule will be posted on web site in advance; student will be given a written notice for you
2. Expect to work up to 3 games during each season (football and basketball), not including playoffs. Parents will be scheduled opposite their child's activities. Example – child is on a Varsity team, you will work JV or JH event so you can watch your child play
3. If you as a parent can't work when you are scheduled, you will need to find a replacement Jr. parent to take your place and please notify Mrs. McKennon.

2018-2019 STUDENT HANDBOOK has been received:
