Our family is interested in hosting 2 Chinese Boys / Girls. (Please circle preference)

Upon application approval, homestay families will be assigned 2 Chinese students and be given detailed information about the student and have their information sent to the Chinese families. Host Families will receive a \_\_\_\_\_ stipend at the end of the camp.

Host families should be loving and caring. It is the obligation of the host family to provide a good living environment (clean and a single bed) and language environment (native English speakers). Such family will provide breakfast, lunch (weekend only) and dinner and have loving family environment. The host family also takes care of the transportation to school and back to the host family's home. ESLAA reserves the right to remove a child from a homestay situation with prorated compensation if necessary.

The actual requirements are as follows:

- a. Host family will be healthy and loving and should love to communicate with students. Host family should also provide enough time to communicate with and to have joint activities with the hosted students.
- b. The host family should have a clean and healthy home. A single bed with beddings would be furnished to each student or teacher.
- c. Host family will take care of breakfast and dinners (weekdays) for students.
- d. On weekends, the host family will accompany student and arrange for appropriate activities.
