## I DATA AND ACCESS

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2017-18)

Caroline Davis Intermediate School is one of nineteen schools in the Oak Grove School District, a district that is committed to developing an inclusive, caring educational community in which each individual experiences high levels of academic success. The faculty of Caroline Davis School acknowledges that a successful school community depends on a close partnership among the parents, teachers, and students. We look at meeting the needs of each individual student through a team teaching approach, which allows us to provide high levels of teaching and learning for all. All students have access to a challenging core curriculum and assessments that are directly aligned to the standards. Instruction incorporates collaboration, creativity, critical thinking, communication, and technology. Teachers, leaders and staff continuously use data to reflect on student learning and engage in meaningful collaboration through the Professional Learning Community process to improve and target best instructional practices.

At Davis, all students are members of a shared roster team which allows teachers and support staff to know them well and to create pathways to interventions, advanced coursework, and family support in a timely manner. Learning occurs in a safe environment that supports their socio-emotional needs. When students' emotional, social and academic needs are met, they are free to focus on creating a pathway to college and career readiness.

## School Facility Conditions and Planned Improvements

As per the Williams' settlement, all Oak Grove schools are maintained in a manner that assures a clean, safe, and functional site as determined by periodic evaluation.

Measure P: On November 4, 2014 the voters in Oak Grove School District approved the issuance of Measure P. Measure P authorized the issuance of \$89.8 million in bonds to benefit the Oak Grove School District. The funds are meant to be used to renovate, repair, acquire, construct and modernize classrooms and facilities, and increase student access to computers and technology.

During the summer of 2015, 2016 and 2017, ten school sites (Anderson, Bernal, Davis, Del Roble, Edenvale, Oakridge, Parkview, Herman, Hayes and Sakamoto), had over approximately 38 million dollars of HVAC and Roofing renovations completed.

After the successful completion of the Measure Q Bond program, the Oak Grove community approved Measure S in November 2008 that authorized an additional \$125 million General Obligation Bond to continue needed school modernization projects, construct two new intermediate school gymnasiums, and consider solar technology systems throughout the district. Combined with local Routine Repair funds and State Deferred Maintenance funds, future facility improvements will insure that critical services continue to be provided for our students for years to come.

## B. PUPIL OUTCOMES

### STATE PRIORITY: PUPIL ACHIEVEMENT

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17

Mathematics (grades 3-8 and 11)	27%	30%	42%	42%	36%	37%

NOTE: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016–17)

Foster Youth	--	--	--	--

NOTE: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

NOTE: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

NOTE: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Parents are encouraged to support their children by attending school activities and extracurricular events such as after-school sporting events which include cross country, basketball, volleyball, soccer, track/field, and band competitions and music festivals. Davis provides parent training through the various parent information meetings such as the Parent Involvement Workshop Series, District English Language Advisory Committee, Hispanic Parent Meetings, and African American Koffee Klatch meetings. Parents may also become involved in supporting the school program by monitoring homework, attending parent informational events and workshops, and regularly communicating with the teachers and counselors through SchoolLoop, email and campus visits and conferences.

We believe that parents are our partners participating in the process of ensuring educational success for all students.

## STATE PRIORITY: SCHOOL CLIMATE

### School Safety Plan – Most Recent Year

School safety is the number one priority in Oak Grove School District. Each year goals relating to school safety and for preventing the use of tobacco, drugs, alcohol, and school violence are established by the Student Services Advisory Committee and submitted to the State of California. The Safe School Action Plan was developed through the work of the Safe School Committee and is based on the surveys administered to students, staff, and community. Last year our goals also included improving our disaster preparedness, as well as balancing the school discipline plans with positive incentives as we continue to implement Positive Behavior Interventions and Supports (PBIS).

The Davis Staff continues to work to improve preparation for disasters by conducting Code Red and Simulated Emergency Disaster Drills. Davis has lockdown barriers for all classroom entry doors to provide an added layer of security against intruders. Students also learn the dangers of tobacco, drugs, and alcohol in physical education and Science classes. In addition, positive discipline is a school-wide focus with students participating in School-wide Discipline Assemblies as well as positive incentive programs such as Student Awards Assemblies and Honor Roll Awards. PBIS Rallies occur every trimester and celebrate excellent behavior, academic success and help to create a positive and inclusive school culture.

The School Site Council of Davis Intermediate School approved the Safe School Action Plan. The Davis Staff will continue to monitor overall school safety and to re-evaluate our disaster preparedness.

The staff participates in professional development/training throughout the year via AB1579 Professional Development Days, minimum days, after-school workshops, conferences, summer institutes, and peer coaching sessions. Staff development and curriculum improvement are viewed as a continuous and interrelated process. Staff development activities included building Professional Learning Communities, Cycle of Inquiry, English Language Development strategies, analyzing state assessment results, Curriculum/Standards Mapping, Instructional Strategies, increasing classroom rigor and student engagement, Content Standards, and Technology. Staff has three days of professional development in August, January, and May. We also adjust Wednesdays for weekly collaborative department meetings to work on the cycle on inquiry, professional development, and individual teacher planning.
