

MOTHER MARY- KAILEE TOMAS

I choose to draw a picture of the Blessed Mother, because she is such an important person in my life. Mary does so much for her children and I feel that my piece shows this. She is one of my role models, because of how brave and loving she is. I choose to draw her since we were told to relate our piece to our faith. The Virgin Mary plays a giant role in my faith and she sets a huge example for all of us.
