I DATA AND ACCESS

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Frost School and the Indigo Program provide distinctly different educational settings where quality, standards-based instruction is provided daily to all students, in a variety of ways. Frost School and the Indigo Program are part of the Oak Grove School District, a district that is committed to developing an inclusive, caring, educational community in which each individual has many opportunities to achieve his or her potential. We respect the individuality and diversity of students, staff, and community and have high expectations for all individuals. Our mission is the development of responsible, lifelong learners who will be productive and global members of society. Extended day care is provided before and after school for students attending Frost and Indigo. Oak Grove School District also houses a preschool on the Frost campus.

Frost School is a traditional, standards based school where we strive to provide rigorous, engaging, culturally responsive instruction in order to achieve the goal of Closing the Achievement Gap for all students. The Frost campus provides integrated studies through the SEAL program, after school programs, and various GATE classes throughout the year.

The Indigo Program school is housed on the Frost campus and is a unique, parent-supported, elementary and middle school option. We are proud to be in our thirteenth year of providing a nurturing and stimulating learning environment for our students, teachers and parents in grades K-8. Parent participation, hands-on learning, positive discipline, multi-age interaction, wonderful enrichment programs, dedicated teachers, a strong PTA, and fun community events have made Indigo a place where students and families learn and thrive. Specialized instruction is provided during the regular school day in Art, Choral Music, Instrumental Music, P.E, Project Based Learning, and Community Service. Students at Indigo demonstrate proficiency and progression in core subjects and the 4Cs through portfolios.

A. CONDITIONS OF LEARNING

STATE PRIORITY: BASIC

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

As per the Williams’ settlement, all Oak Grove schools are maintained in a manner that assures a clean, safe, and functional site as determined by periodic evaluation.

Measure P: On November 4, 2014 the voters in Oak Grove School District approved the issuance of Measure P. Measure P authorized the issuance of \$89.8 million in bonds to benefit the Oak Grove School District. The funds are meant to be used to renovate, repair, acquire, construct and modernize classrooms and facilities, and increase student access to computers and technology.

During the summer of 2015, 2016 and 2017, ten school sites (Anderson, Bernal, Davis, Del Roble, Edenvale, Oakridge, Parkview, Herman, Hayes and Sakamoto), had over approximately 38 million dollars of HVAC and Roofing renovations completed.

After the successful completion of the Measure Q Bond program, the Oak Grove community approved Measure S in November 2008 that authorized an additional \$125 million General Obligation Bond to continue needed school modernization projects, construct two new intermediate school gymnasiums, and consider solar technology systems throughout the district. Combined with local Routine Repair funds and State Deferred Maintenance funds, future facility improvements will insure that critical services continue to be provided for our students for years to come.

School Facility Good Repair Status

B. PUPIL OUTCOMES

STATE PRIORITY: PUPIL ACHIEVEMENT

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards

Foster Youth	--	--	--	--

NOTE: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

NOTE: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

NOTE: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. ENGAGEMENT

STATE PRIORITY: PARENTAL INVOLVEMENT

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement - (School Year 2017-18)

Parents are an integral part of decision-making through participation in a leadership role on the School Site Council and the Home and School Connection. Parents are also involved at Frost and Indigo in the following areas: • Classroom volunteers • Copy center volunteers • Noon supervisors • District/ Parent Advisory Council • Support for annual activities such as Fun Run, Harvest Festival and various fundraisers • Annual Back-to-School Night in the fall • Annual Open House in the spring • Annual Science Night • Family Literacy and Math Nights • Monthly meetings of the Home and School Club or PTA • Monthly meetings of the School Site Council • Parent-teacher conferences held twice annually • Koffee Klatch meetings • Latino parent meetings • Monthly ELAC Meetings • Family Movie Nights • Emergency Preparedness Preparation and Participation • Community Events (Plant Sale, School Beautification, etc.)

STATE PRIORITY: SCHOOL CLIMATE

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan – Most Recent Year

Providing a safe environment is a high priority for Frost School and the Indigo Program. To this end, there are continuous improvement processes and collaborative efforts that provide comprehensive health education and a strong academic foundation. Our community is committed to providing a safe and secure setting for students to focus on learning within an environment that is free of violence and fear. The essential tenet is that a safe environment with an absence of threat creates the most positive atmosphere for learning and healthy development to take place.

Prevention education at Frost/Indigo includes supplemental programs and policies including Positive Behavior Intervention Support (PBIS), conflict resolution, Positive Discipline, prevention education, developmental assets, and the Wellness Policy including physical education and nutritional education. Project Cornerstone is in its eighth year of implementation.

Attendance is closely monitored and students with unexcused absences of 10% or more receive law/school district/partnership intervention. Truancy abatement is a common goal of the school/district and other agency collaborative partnerships.

In order to reduce the number of incidents of bullying and harassment among students and to ensure that students feel neither intimidated nor threatened by bullying or harassment, Frost/Indigo has an ongoing program that specifically addresses issues of race, ethnicity, gender, sexual orientation, perceived sexual orientation, and perceptions which commonly surface in bullying/harassment incidences. We also have ongoing classroom instruction and use PBIS and Positive Discipline inside and outside the classroom to focus on positive conflict resolution and alternatives to aggressive behavior. We utilize the Project Cornerstone Expect Respect program in our 6th grade classes every year. Indigo students also participate in bi-monthly communication lab lessons.

Each year staff is educated, trained, and practices the concepts of the National Emergency Management System which includes fire drills, earthquake evacuation, first aid procedures, communicable disease action plan, and emergency evacuation maps.

We balance the school discipline plan with positive incentives, as well as appropriate alternative consequence plans. At Frost, positive incentives are offered for positive behavior/attitude, good attendance, academics. Alternatives reviewed as options for positive discipline include campus clean-up, campus projects, incentives, community services, behavior plans/contracts, site or off-site group or individual counseling, and/or alternative placements.

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Our school provides extensive training for teachers in the implementation of standards, development of effective assessment, and understanding how to close the achievement gap of our English Language Learners. There are numerous opportunities for participation in district in-services, as well as well-planned local professional development. Currently much emphasis at the site level has been dedicated to implementation of the Common Core State Standards, analyzing student work through Professional Learning Communities, and supporting our English Language Learners access the core curriculum. Additional workshops have focused on culturally responsive teaching and improving Guided Reading practice at all grade levels. We have a leadership team/equity/continuous improvement team that develops site staff development around analyzing student work, developing effective strategies for the classroom, and using grade level time to improve instruction. We have three AB 1579 professional development days and eleven adjusted Tuesdays for additional professional development. Teachers working in the Indigo Program improve and develop their teaching skills in designing constructivist lessons, implementing positive discipline in the classroom and educating the whole child through school visits, instructional rounds, professional development and workshops. Frost K-3 teachers are participating in the SEAL professional development where they attend up to 12 days of professional development and a summer institute building skills in integrated language development.
