

Clever Instructions for Teachers

This year our district is moving to Clever which allows for a single sign-on into the various educational programs that the district purchases.

- Each teacher in the district has an account.
- How to Login: Go to the district webpage, www.cpsbla.us Click on Students and then click Clever Portal

Your **username** is: Your JCampus username

Your **password** is: Your four digit CPSB ID# (which is found on your name badge)

Some teachers will have different applications in their Clever Portal. For instance, a high school/jr high teacher won't see the Zearn app in their portal because Zearn is for grades K-5. The portal is customized to your grade level and/or school.

Clever syncs nightly with JCampus. So any new students that enroll will be added to Clever the following day.

If you have any questions, please email Sarah Caviness
