

From the Community Pharmacy

On February 23rd, the wonderful young Vincentians from **St. Francis Xavier** stopped by the Pharmacy to learn more about formation, how the Pharmacy helps the community and the importance of volunteering and giving back!

Over the years, The groups from SFX have shown impressive and commendable commitments to service by fundraising and volunteering efforts, with the help of school service advisor, Rob Adoue.

The kids ended the visit with chance to display their young pharmacists skills!

Special thanks to Mr. Adoue, Sr. Teresa and Director of Pharmacy Services, Jackee Hall
