Dear Members of the Little Flower Catholic High School for Girls Community:

After an intensive search led by a collaborative committee involving Little Flower's Board of Directors along with administrators from the Office of Catholic Education and Faith in the Future, it is our great joy to announce that Mrs. Jeane M. McNamara has been selected as the new president of Little Flower High School effective July 2, 2018.

Mrs. McNamara will succeed Sister Donna Shallo, IHM, who previously announced her intention to retire at the end of the current academic year and has served Little Flower with grace and distinction for nearly three decades. Please join us in extending prayerful best wishes to both Sr. Donna and Mrs. McNamara during this time of transition.

For the last ten years, Mrs. McNamara has served as Director of Curriculum and Instruction at Villa Maria Academy High School (VMAHS) in Malvern. She brings a wealth of knowledge and experience relative to secondary education in a Catholic, single-sex setting.

At VMAHS, she directed all aspects of the academic program as well as curricular development and fulfillment, methods of instruction, assessments, placement, and grading policies. Mrs. McNamara also executed the professional development program and guided technology integration, including adaptation to 1:1 iPad implementation. For more than two decades she has dedicated her professional career to secondary education as a classroom instructor as well as a highly respected administrator.

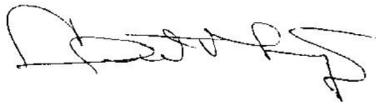

In coming to the Little Flower community, Mrs. McNamara brings with her a deep gratitude and respect for the charism of the Sisters, Servants of the Immaculate Heart of Mary. The mission based approach that the IHMs bring to professional and personal life has impacted her profoundly. As an educator, she adheres to the philosophy that teachers are called to develop students and staff who do not exist in a world of one, but who recognize that they are one in the world.

Mrs. McNamara holds a Bachelor of Science Degree in Economics as well as a Master of Arts Degree in Educational Administration from Widener University. She also earned a Graduate Certificate in Not-for-Profit Leadership from Arcadia University and is currently completing Post Graduate Coursework in Social Emotional Learning Theory at Neumann University.

We extend our sincere gratitude to the interview committee and all who helped to bring this process to a successful conclusion. Collaboration is a core value in our organization. Moments such as these clearly reflect how important the joint work of the local board, the Office of Catholic Education, and Faith in the Future has become in creating successful schools.

May the Lord bless you and your families as we continue to celebrate the joy of the Easter Season!

Peace and all good things,
