

Online Safety

Click on Underlined Words to Access Online Resources to Support Conversations with Your Child

Digital Citizenship is an organized approach to support safe and responsible online behavior & skills.

Created by [Common Sense Media](#) and based on research by Harvard, this is help for parents, teachers and students to navigate issues like cyberbullying, internet safety, and other digital dilemmas.

Our goal is to create a positive school culture that supports safe and responsible technology use.

In school, UA has access to 65 grade-differentiated lesson plans, grades K-12.

At home, the Connecting Families program offers media rich resources to help you connect with your child's digital life.

Parent Concerns is a great place to begin! Search “what is...” videos & advice

Get answers to top parenting questions.

Investigate topics like cyberbullying, screen time, privacy & Internet safety, cell phone parenting, social media, sex/gender/body image, media violence, +...

Play together to share experiences and build a conversation.

Use the family guides to find apps, games, and websites to support your child in each grade.

Tap into the family toolbox, soon to be offered at UA, filled with advice, games, activities, and projects.
