

# ***Richland School District Gold Card Membership***

The Gold Card is one way that Richland School District recognizes and honors senior citizen members of the school community. It provides an opportunity for senior citizens to take advantage of the programs and events provided by the school district. All residents of the Richland School District who are at least 62 years or over and all retired employees of the school district are eligible for membership in the Richland School District Gold Card program.

## **The membership benefits would include the following:**

- Free admission to all Richland School District events such as plays, musicals and concerts in all district schools with the exception of fund-raising events and events sponsored by school-connected organizations such as Boosters organizations where admission is charged. Booster organizations may make their own provisions for accepting Richland Gold Cards.
- Free admission to regular season Richland School District athletic events. Post-season events sponsored by the Pennsylvania Interscholastic Athletic Association (PIAA) or Laurel Highlands Athletic Conference (LHAC) are not included in the Richland Gold Card program.
- The Richland Gold Card becomes effective on the date of issue and provides lifetime membership. The card is only valid when the member is present and is not transferable.
