

Empowering Critically Conscious Warrior Intellectuals

Through the presentation and defense of a portfolio of work before a panel of peers, teachers, and community members, every ARISE graduate will demonstrate they are equipped with the knowledge, skills, and critical consciousness to lead a successful life and serve as an Agent of change in their community.

The MISSION of ARISE High School is to empower ourselves with the skills, knowledge, and agency to become highly educated, humanizing, critically conscious, intellectual, and reflective leaders in our community.

At ARISE we nurture, train, and discipline our school community to engage in a continuous practice of developing mind, heart, and body towards a VISION where we actively rise up. Agency and self-determination drive our struggle to improve our own material and social conditions towards a more healthy, equitable, and just society.

ARISE is committed to building and maintaining healthy communities by providing families, many of which are first generation college bound, access to college and career pathways in Community and Public Health.
