

FOR PARENTS: WHAT IS COURSE PLANNER?

Course Planner enables students to build a personalized course plan, designed to help them meet graduation requirements, and put them on the right path for post-secondary and career readiness.

With Course Planner, students and parents can view critical information online, including student's individual course history, the school's course information, including pre-requisites, as well as graduation tracking and recommended courses.

Career Cruising believes that family engagement is critical to promote student success. With Course Planner, families can easily become involved in the student's course planning.

Course Planner OFFERS:

Online Course Information

An organized, intuitive way to learn about different courses that are available at your school.

Online Course Planning

Students can plan courses for their future based on post-secondary institutions and careers researched in Career Cruising. Course Planner also presents courses completed in the past and grade marks.

Graduation Requirements

Course Planner will track student progress towards meeting graduation requirements.

Cluster Tracking

Students can plan courses based on Career Cruising Clusters (e.g. Information Technology, Hospitality and Tourism, Business Management). This helps students ensure they are on the right track to meet their future goals.

Course Recommendations

Students can view course recommendations made by counselors or teachers.

To find out more about Career Cruising, we encourage you to login with your student, access their Course Plan and review their information. For more information, contact Mrs. Burgess, Career Development Coordinator or Mrs. Mullis, School Counselor.
