Principal's Message

Dear Falcons,

Welcome back to the 2017-18 school year!! Like the class of 2021, I am joining the Foothill family and I couldn't be more excited about the opportunity that awaits. I want to welcome the class of 2021 to Foothill High School. We will do our best to ensure that any of the new students to Foothill will be welcome on campus and provided everything they need to be successful. My goal is to make this campus a welcome place for any student, staff member, or community member since we can't be engaged in the educational process, have productive conversations, and support the growth and success for all of our students if we don't feel safe on campus.

This coming school year we will go through the process for obtaining the accreditation required for our school. The accreditation is from WASC (Western Association of Schools and Colleges) and is completed as we conduct our self-study to determine what we are doing well as a school and what areas are needed for growth. As we go through this process, we will call on all students, staff, and community members to help in reflecting on what makes Foothill High School an amazing school and how can we make it even better for all of our students and staff.

Together we will take this school to new heights and find ways to support the success of every student. Success is a personal measurement and is not one size fits all. Struggles will be inevitable as everyone reaches for success and Booker T. Washington said it well when he said, "I have learned that success is to be measured not so much by the position that one has reached in life as by the obstacles which he has to overcome while trying to succeed." I look forward to working with every staff member, student group (clubs, teams, and student leadership), and parent groups to determine what we need to do as a school community to make more opportunities available for all students. We will need to identify what every student needs to find their own success and make sure that when each student leaves Foothill they are ready for college and career.

I hope the 2017-18 school year is as amazing for all of you as it will be for me. Please be patient with me as I learn all of your names and please let me know if you have any questions or ideas for me.

Make the most out of this school year and find your success, Falcons!!

Sincerely,

Sebastian Bull
Principal, Foothill High School

Mission Statement

Foothill High School's mission is to educate, empower, and inspire all students to become caring, contributing citizens able to succeed in an ever-changing world. We are committed to focusing on instructional rigor, cultivating individual academic success, and creating a community of respect and responsibility.

School Profile

Foothill High School is located in the northwestern region of Pleasanton and serves students in grades nine through twelve following a traditional calendar. At the beginning of the 2017-18 school year, 2,178 students were enrolled, including 7.6% in special education, 2.4% qualifying for English Language Learner support, and 4.6% qualifying for free or reduced price lunch.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Instructional Materials

All textbooks used in the core curriculum at Foothill High School are currently being aligned to the Common Core State Standards. Standards-based instructional materials are approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On Tuesday, September 26, 2017, the Pleasanton Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution 2017-2018.06 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12 inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2017-18 school year, Pleasanton Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements (Most Recent Year)

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Foothill High School's original facilities were built in 1973; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests.

Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

- Wireless AP's installed campus wide

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. Two day custodians and five evening custodians are assigned to Foothill High School. The day custodians are responsible for:

- Classroom cleaning
- Cafeteria setup/cleanup
- Groundskeeping
- Office area cleaning
- Restroom cleaning
- Event setup/cleanup
- Hall maintenance
- Lunch cleanup
- Gym and parking lot cleaning
- General facility calls

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning
- Event setup/cleanup
- Cafeteria cleaning

The principal and vice principal communicate with custodial staff daily concerning maintenance and school safety issues.

Deferred Maintenance

Foothill High School participates in the State School Deferred Maintenance Program, which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2014-15 school year, Foothill High School did not qualify to receive deferred maintenance funds for campus repairs and/or improvements.

Facilities Inspection

The district's maintenance department inspects Foothill High School on an annual basis in accordance with Education Code §17592.72(c)(1). Foothill High School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Thursday, October 6, 2016. No emergency repairs were needed and no unsafe conditions were found. During fiscal year 2016-17, all restrooms were fully functional and available for student use.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in Science for All Students

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through flyers, the school marquee, the school website, eConnection, Talon Talk, an electronic bi-weekly newsletter, monthly meetings with the principal, administrative team (Friday Forum), and the electronic marquee. Contact the school office at (925)461-6600 for more information on how to become involved in your child's learning environment.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Foothill High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and was discussed with school staff in September 2017. The School Site Council has reviewed the plan and is approved every year following discussion of the yearly goals for school safety.

Professional Development provided for Teachers

Staff Development

All training and curriculum development activities at Foothill High School revolve around the Common Core State Standards. During the 2016-17 school year, Foothill High School held staff development devoted to:

- Data Analysis
- Instructional Strategies
- WASC Activities
- Common Assessments
- Data on Student Achievement
- WASC Preparation
- Goal Setting (SMART)
- Homework & Grading
- Bullying/Cyberbullying
- Drug Identification & Awareness
- Depression/Suicide Awareness
- OARS/Illuminate Training
- Serving underserved Students/EQUITY
- Planning & Assessment
- Common Core State Standards
- Mandated Reporting
- Curriculum Committees
- WICOR Strategies
- Blended Learning Strategies

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input, district benchmark results, and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Foothill High School supports ongoing professional growth throughout the year on weekly late start collaboration days. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2016-17 school year, Foothill High School's teachers attended the following events hosted by the Pleasanton Unified School District:

- 504 Implementation
- English Learner State Standards
- Common Core State Standards
- Google Classroom
- Google Apps for Education
- Computer Using Educators (CUE)
- Implementing iCommunication in the Classroom Special Education Job Alike
- Collaborative Teaching Training
- Nelson Graf
- Technical Writing for Science Class
- Greater Good Summer Institute for Educators
- Learning Circles Seminar Series
- CHSSP (California History/Social Studies Project)
- Google in Education California Summit
- Report Card Training
- Making Math Visual
- Universal Design for Learning (UDL) and the Common Core Standards

- IntegratED Conference - Improving Education with Technology
- Global Classroom

Foothill High School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Career Technical Education Programs

Workforce Preparation

Students in grades nine through twelve receive counseling from school personnel regarding career paths and courses of study. All career and technical education (CTE) courses comply with state-adopted content standards and are integrated into the student's four-year academic plan as elective courses. Foothill High School offers the following programs that promote leadership, develop job-related skills, provide on-the-job experience, and increase interest in school:

- Regional Occupational Programs
- Workability
- Work Co-Op
- Career Pathways
- Vocational Education Courses
- Career Academies
- Project Lead the Way

Individual student assessment of work readiness skills takes place through: End of course exams; completion of course-required projects; on-the-job observation; and classroom observation.

Work experience students are partnered with local employers that provide on-the-job training and mentoring for students 16 years of age or older. Work experience students receive guidance and supervision designed to ensure maximum educational benefit from part-time job placement. For more information, students should contact the counselor.

Regional Occupational Programs (ROP) are offered in partnership with the the Tri-Valley Regional Occupational Center. A variety of career technical education courses are available to help prepare high school students (16 years and older) for entry-level employment, upgrading current job skills, or obtaining more advanced levels of education. Courses include: Alternative/Renew Energy, Animation & Motion Graphics I and II, AP Environmental Science, Auto Collision Rep I and II, Automotive Repair & Engine Rebuild, Career/Prep, Cosmetology, Crime Scene Investigation, Criminal Justice/CSI, Developmental Psychology I and II, Economics & Business, Manicurist, Marketing, Medical Occupations, Multimedia I and II, Nursing Careers, Small Engines/Motorcycles, Sports & Entertainment, Sports Medicine, Television Production, Video Game Design, Visual Communications I and II, and Water Pollution Control.

Workability provides work experience opportunities outside the school day that meet the students' interests and aptitudes while providing real-world job experience prior to graduation. The program is available to all students with disabilities who have an Individualized Education Plan. During the 2016-17 school year, Foothill High School offered the following career technical education programs as elective courses: Business Pathway, Health and Bio Science Pathway, Arts Pathway, Media & Entertainment Pathway, Public & Human Services Pathway, Culinary Arts Pathway, Catering, Child Growth/Development, Health and Society I, and Intro Health Science.

Foothill High School receives funds from the Carl D. Perkins Vocational and Technical Education Act (Perkins). This grant enables Foothill High School to provide its students with the academic and technical skills needed to succeed in a knowledge- and skills-based economy and helps provide programs that prepare students for both post secondary education and the careers of their choice. CTE table in this report shows the total number of students participating in the district's CTE courses and regional occupational programs and program completion rates. For more information on career technical programs, ROP, workability, partnership academies, and work experience, visit the state's career technical website at <http://www.cde.ca.gov/ci/ct/>.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
