

Did you know that you have finger tip access to your students' assessment data?

You Do!

- Log into Educator Access, click on My Students, and choose the student you'd like to review.

On the left hand side of the screen, under Student Info, choose Test Scores.

- You can click on Test Date to arrange scores Descending (the most recent test at the top) or Ascending.

When you highlight a particular test, the scores for each strand of that test show in the box below.

Above the listing of tests, there is a pull-down box with the student name. Here you can choose any of your students and the screen will refresh to display that student's test scores.

All of the MAP scores have been entered into Skyward, as well as last year's WASL scores. Check back for even more WASL data soon!
