

College App Camp 2018

College App Camp guides rising seniors through much of the college application process and paperwork, and gives them the creative motivation needed to write compelling college essays.

Over three weeks, students will be guided to:

- **Complete the Common Application**
- **Create a comprehensive resume for scholarship applications**
- **Write and edit multiple college essays**
- **Prepare materials to help teachers writing recommendations**

College App Camp is especially beneficial for students playing fall sports, or those who have a rigorous academic or extracurricular schedule and want to start their senior year stress-free. Students should expect to complete about three hours of writing per week.

Students will be asked to fill out the Student Brag Sheet available on the HVCHS Counseling website and provide it to the teacher in advance so she may get to know each student in his/her own words before camp starts. Students will be guided to identify meaningful topics for their essays and coached in effective narrative techniques in order to craft essays that reflect their personal voice and unique strengths.

In order to ensure personal attention, class is limited to the first twelve students to register.

**College App Camp will run Tuesdays and Thursdays, 9-11 a.m.
June 28, July 5, 10, 12, 17, 19, 23, 26**

Students may register with Mrs. Molly Lytle in the High School Counseling Services Office by Friday, June 1. Payment of \$260 (check made payable to HVCHS) is due at registration.

Availability for summer courses may be limited. As a result, registration will be on a first come, first serve basis.
