STUDENTS

SUBJECT: STUDENT GRADUATE OUTCOMES

The Massena Board of Education supports the Student Graduate Outcomes, and encourages all stakeholders (parents/legal guardians, students, educators, community/business/industry, and Board Trustees) to work cooperatively to help Massena students achieve them. The District's mission is to educate, inspire and empower all students to fulfill their potential as learners and citizens, prepared to meet today's goals and tomorrow's opportunities.

Student Graduate Outcomes for the Massena Central School District, are to:

- a) Learn, use, and apply traditionally defined academics and be self-directed learners;
 - Able to identify, locate, organize, analyze and present factual information
 - Complete all requirements to be a high school graduate
- b) Communicate effectively;
 - Read, write and speak in a clear manner, considering different points of view
 - Competent in reading and writing skills
- c) Use technology to enhance daily activities;
- d) Appreciate that learning is a life-long process;
 - Understand their roles and responsibilities in a global society
 - Able to make decisions regarding educational and career options
 - Have strong work ethic and perform high-quality work
- e) Have the skills to effectively interact with others;
 - Able to work (collaboratively and critically) with others to solve problems
- f) Be responsible stewards of our social, political, economic, and environmental system;
- g) Recognize the arts and humanities as (creative) expressions of the human experience; and
- h) Practice the skills necessary to develop and maintain a healthy lifestyle.
