

## **MISSION STATEMENT**

### **PURPOSE**

The purpose of this policy is to establish a mission statement for the North Kingstown School District so that all actions taken by administrators, principals, teachers and support staff in each school are consistent with the mission of the entire district.

### **PHILOSOPHY**

The North Kingstown School Committee believes that education plays a vital role in the present and future success of all students. Each school must provide the tools for every student to reach his/her full potential in achieving their personal best. We must foster and strengthen an educational environment based on trust, decency, courtesy, and mutual respect through work with families, students, school personnel and elected officials. We must support all employees in their efforts to improve teaching and learning. We must instill in students a strong work ethics so that they learn the value of preparation, timeliness, and the importance of being involved in their community. We must adhere to sound fiscal management, responsible planning and an equitable use of all resources.

### **STATEMENT**

Our mission is to educate our students to become intellectually active adults, to inspire them to reach individual excellence, and to challenge them to become responsible members of society.
